

Genetic Testing for Non-Medical Purposes

EviCore
By EVERNORTH

- This benefit/harm statement only applies to those jurisdictions that do not have Medicare guidance.
- Based upon the clinical policy, following EviCore's criteria for genetic testing for non-medical purposes will ensure that members will not receive testing that does not contribute to medical management decisions. However, it is possible that there will be a delay in care while providers search for an appropriate test with sufficient evidence (analytical validity, clinical validity, and clinical utility).
