

Radiation Therapy Breast Cancer Request

For NON-URGENT requests, please complete this document for authorization along with any relevant clinical documentation requested within this document (i.e. radiation therapy consultation, comparison plan, etc.) before submitting the case by web, phone, or fax. Failure to provide all relevant information may delay the determination. Phone and fax numbers can be found on eviCore.com under the Guidelines and Fax Forms section. You may also log into the provider portal located on the site to submit an authorization request. URGENT (same day) requests must be submitted by phone.

nt/ er	First	Name:	I	Middle Initial:		Last Name:								
Patient/ Member	DOB (mm/dd/yyyy):				Ge	Gender: Male Female								
	Health Plan:				Me	Member ID:								
Clinical Information	ICD-	D-10 Code(s):												
	Wha	hat is the radiation therapy treatment start date (mm/dd/yyyy)?												
		For best results, the answers to these questions should be submitted online.												
	1.	Which breast will be trea	ted?				Bilateral	Left	Right	□ N/A				
	2.	If Bilateral, will treatment	be deli	ivered concurr	ently to	bot	th breasts?	☐ Yes	□No	□ N/A				
	3.	What is the T stage? If bilateral, T stage will be needed for both breasts.												
		☐ TX ☐ Tis (D	CIS)	☐ T0	☐ T1		☐ T2	☐ T3	☐ T4					
	4.	What is the N stage? If bilateral, N stage will be needed for both breasts.												
		□ NX □ N0		□ N1	□ N2	2	□ N3							
	5.	Does the patient have a lung, liver, bone)?	orain,	☐ Yes	□No									
	6.	What is the treatment plan?												
		 ☐ Whole breast radiation <u>without</u> regional nodal radiation [Continue to question 9] ☐ Whole breast radiation <u>with</u> regional nodal radiation (i.e., axillary, supraclavicular, and/or internal 												
		mammary nodes) [Continue to question 7]												
		Partial breast irradiation (PBI) [Continue to question 9]												
		 ☐ Accelerated partial breast irradiation (APBI) [Continue to question 9] ☐ Intraoperative radiation therapy (IORT) [Continue to question 9] 												
		☐ Post-mastectomy radiation therapy (PMRT) [Continue to question 7] ☐ Metastatic breast cancer to treat with locoregional radiation therapy [Continue to question 9]												
		Palliative [Continue to question 9] Other: [Continue to question 9]												
	7.	Will treatment include the		Yes	☐ No	□ N/A								
	8.	Will treatment include the internal mammary nodes?						☐ Yes	☐ No	□ N/A				

9.	How many fractions will be used for each phase?											
	Phase 1	Phase 2	Phase 3 Treatment Technique									
		Conventional isodose planning, complex										
	Electron Beam Therapy											
			3D conformal									
				Intensity Modulated Radiation The
