- **View and print determination information:** Check case status in real-time
- **Dashboard:** View all recently submitted cases
- **E-notification:** Opt-in to receive email notifications when there is a change to case status

Monday through Friday:  
7 am – 7 pm local time

**Fax Number:**  
Genetic Testing | 844-545-9213

# Necessary Information for Prior Authorization

---

To obtain prior authorization on the very first submission, the provider submitting the request will need to gather four categories of information:

## 1. Member

- Health Plan ID
- Member name
- Date of birth (DOB)

## 3. Rendering Facility

- Facility name
- Address
- National provider identifier (NPI)
- Tax identification number (TIN)
- Phone & fax number

## 2. Referring (Ordering) Physician

- Physician name
- National provider identifier (NPI)
- Phone & fax number

## 4. Supporting Clinical

- Pertinent clinical information to substantiate medical necessity for the requested service
- CPT/HCPCS Code(s)
- Diagnosis Code(s)
- Previous test results

# Insufficient Clinical – Additional Documentation Needed

---

## Additional Documentation to Support Medical Necessity

If during case build all required pieces of documentation are not received, or are insufficient for eviCore to reach a determination, the following will occur:

The Hold notification will inform the provider about what clinical information is needed as well as the date by which it is needed.

Requested information must be received within the timeframe as specified in the Hold Letter, or eviCore will render a determination based on the original submission.

Determination notifications will be sent

# Providing Additional Information

---

I've received a request for additional clinical information. What's next? There are three ways to supply the requested information to eviCore for review:

- Additional clinical information must be submitted to eviCore in advance of the due date referenced
  - Additional clinical information should be submitted to eviCore for consideration per the instructions received, clinical can be **faxed** to **844-545-9213** or **uploaded** directly into the case via the provider portal at [www.eviCore.com](http://www.eviCore.com) (**preferred**)
- Alternatively, providers can choose to request a **Pre-Decision Clinical Consultation** instead of submitting additional clinical information. This consultation can be requested via the eviCore website (see the end of this presentation for instructions).
  - The Pre-Decision Clinical Consultation must occur prior to the due date referenced
- If the additional clinical documentation is shared with eviCore via fax or uploaded on the portal, that clinical will be sent on to be reviewed for medical necessity determination. Once the documentation is shared, the case advances to review and the case is **not** held further for a Pre-Decision Clinical Consultation, even if the due date has not yet lapsed
- Once the determination is made, notifications will go out to the ordering provider, rendering lab and member, and status will be available on [www.eviCore.com](http://www.eviCore.com)

---

# **Prior Authorization Outcomes, Special Considerations, and Post Decision Options**

---

# Prior Authorization Outcomes

## Determination Outcomes:

- **Approved Requests:** Authorizations are valid for 90 days from the date of approval
- **Denied Requests:** Based on evidence-based guidelines, if a request is determined as inappropriate, a notification with the rationale for the decision and post decision/appeal rights will be issued
- **Partially Approved Requests:** In instances where multiple CPT codes are requested, some may be approved and some denied. In these instances, the determination letter will specify what has been approved as well as post decision options for denied codes, including denied Site of Care (if applicable).

## Notifications:

- Authorization letters will be faxed to the ordering physician
- Web initiated cases will receive e-notifications when a user opts in to receive
- Members will receive a letter by mail
- Approval information can be printed on demand from the eviCore portal:

[www.eviCore.com](http://www.eviCore.com)

# Special Circumstances

---

## Retrospective (Retro) Authorization Requests

- Must be submitted within 180 calendar days from the date of services (*NH requires submission within 120 calendar days, and Louisiana requires submission within 12 months*)
- Retro requests submitted beyond this timeframe will be administratively denied
- Reviewed for **clinical urgency** and medical necessity
- Retro requests are processed within 30 calendar days (*DC within 14 days & PA within 15 days*)
- When authorized, the start date will be the submitted date of service

## Urgent Prior Authorization Requests

- eviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the member
- Can be initiated on provider portal or by phone
- Urgent cases are typically reviewed within 24 to 72 hours

# Special Circumstances cont.

---

## Alternative Recommendation

- An alternative recommendation may be offered, based on eviCore's evidence-based clinical guidelines
- The ordering provider can either accept the alternative recommendation or request a reconsideration for the original request
- Providers have up to 14 calendar days to contact eviCore to accept the alternative recommendation

## Authorization Update

- If updates are needed on an existing authorization, you can contact eviCore by phone at 1-877-506-5193.
- While eviCore needs to know if changes are made to the approved request, any change could result in the need for a separate clinical review and require a new request (and the original approved request would need to be withdrawn).
- If the authorization is not updated, it may result in a claim denial.

# Post-Decision Options: Medicaid Members

---

## My case has been denied. What's next?

Your determination letter is the best immediate source of information to assess what options exist on a case that has been denied. You may also call eviCore at 1-877-506-5193 to speak to an agent who can provide available option(s) and instruction on how to proceed. Alternatively, select 'All Post Decisions' on [www.eviCore.com](http://www.eviCore.com), under the authorization lookup function, to see available options.

### Reconsiderations

- Reconsiderations must be requested within 14 calendar days after the determination date
- Reconsiderations can be requested in writing or verbally via a Clinical Consultation with an eviCore physician

### Appeals

- eviCore **will not** process first-level appeals
- Please refer to the denial notice for instructions, and requirements, to submit an appeal

# Post-Decision Options: Medicare Members

---

## My case has been denied. What's next?

### Clinical Consultation

- Providers can request a Clinical Consultation with an eviCore physician to better understand the reason for denial
- Once a denial decision has been made, however, the decision cannot be overturned via Clinical Consultation

### Reconsideration

- Medicare cases do not include a Reconsideration option

### Appeals

- eviCore **will not** process first-level appeals
- Please refer to the denial notice for instructions, and requirements, to submit an appeal
