Program Overview

Precertification Services

Beginning January 21, 2021, eviCore healthcare (eviCore) will accept precertification requests for sleep diagnostic services for dates of service on or after February 1, 2021 for Cigna commercial customers.

Precertification applies to sleep diagnostic services that are:

- Outpatient or Home Based
- Medically Necessary
- Elective / Non-emergent

Precertification does **NOT** apply to sleep diagnostic services performed in:

- Emergency Room
- Observation Service
- Acute Inpatient Setting

Providers should verify customer eligibility and benefits on the secured provider log in section at CignaforHCP.com. Eligibility may also be verified at www.evicore.com/ep360

Precertification Required

- G0398/G0399/G0400 – Home Sleep Testing
- 95800/95801/95806 – Sleep study, unattended
- 95782/95783 – Attended Polysomnography; younger than 6 years
- 95805 – Multiple Sleep Latency Test (MSLT)
- 95807/95808/95810 – Attended, Polysomnography (PSG)
- 95811 – Attended Polysomnography with PAP titration

CPT Code Lists

- To find a list of Sleep Current Procedural Terminology (CPT) codes that require Precertification through eviCore, please visit:

- National and Local Coverage Determination Guidelines

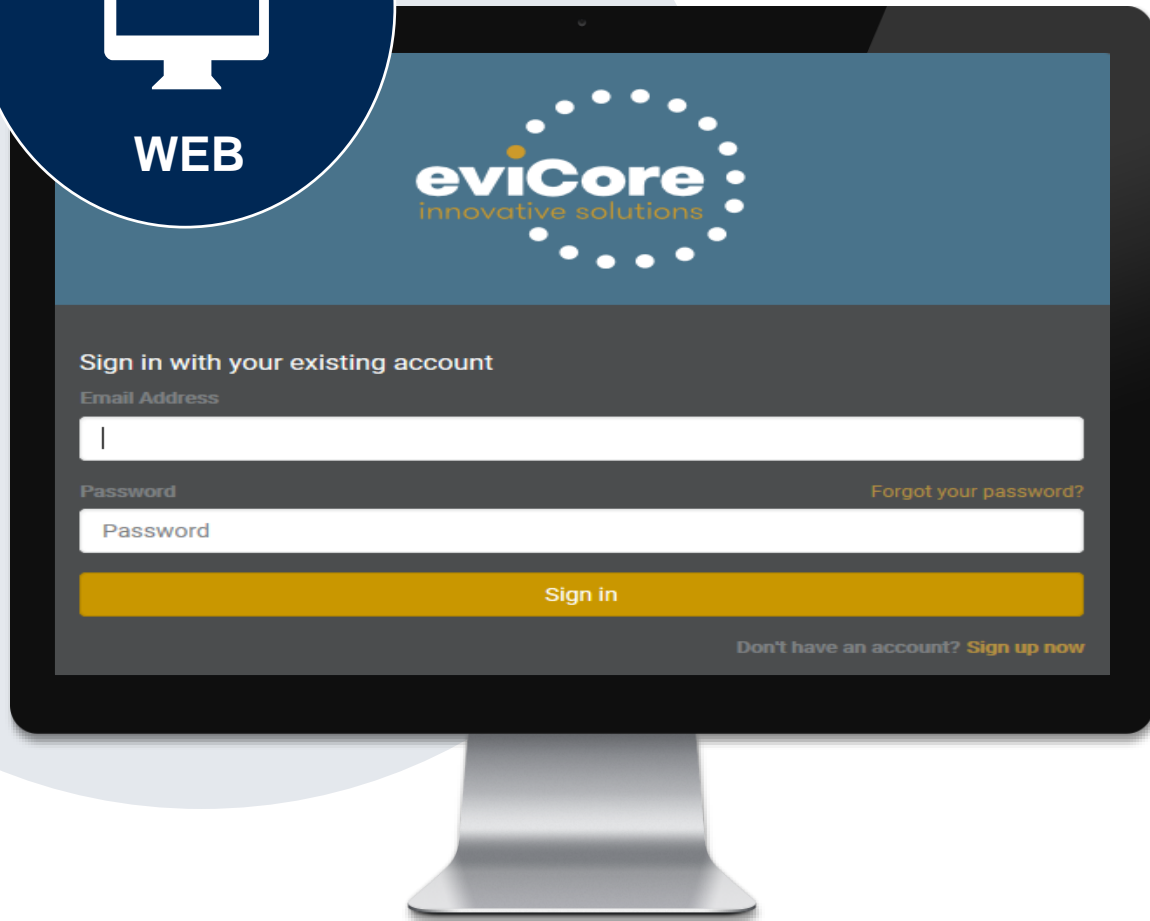

Additional Information

- Beginning on February 1, 2021, detailed information will be available on the Cigna Sleep Management Program website (CignaforHCP.com > Get questions answered: Resource > Precertification > Sleep)

Submitting Requests

Sleep Management Program

Methods to Submit Precertification Requests

eviCore Provider Portal

The eviCore online portal, www.evicore.com/ep360, is the quickest and most efficient way to request precertification and check authorization status.

Precertification Call Center:

- 800-298-4806 options 1, 1, 1
- Monday – Friday: 8 am – 7 pm local time
- Afterhours coverage available for immediate needs

Benefits of eviCore Provider Portal

The provider portal allows you to go from request to approval faster. Following are some benefits & features:

- Saves time: Quicker process than phone authorization requests
- Receive real time authorizations for cases that meet medical necessity on initial portal submission
- Available 24/7: You can access the portal any time and any day
- Upload additional clinical information: No need to fax in supporting clinical documentation. It can be uploaded on the portal to support a new request or when additional information is requested.
- Check case status in real-time
- View and print determination information
- Dashboard: View all recently submitted cases

Keys to Successful Precertification

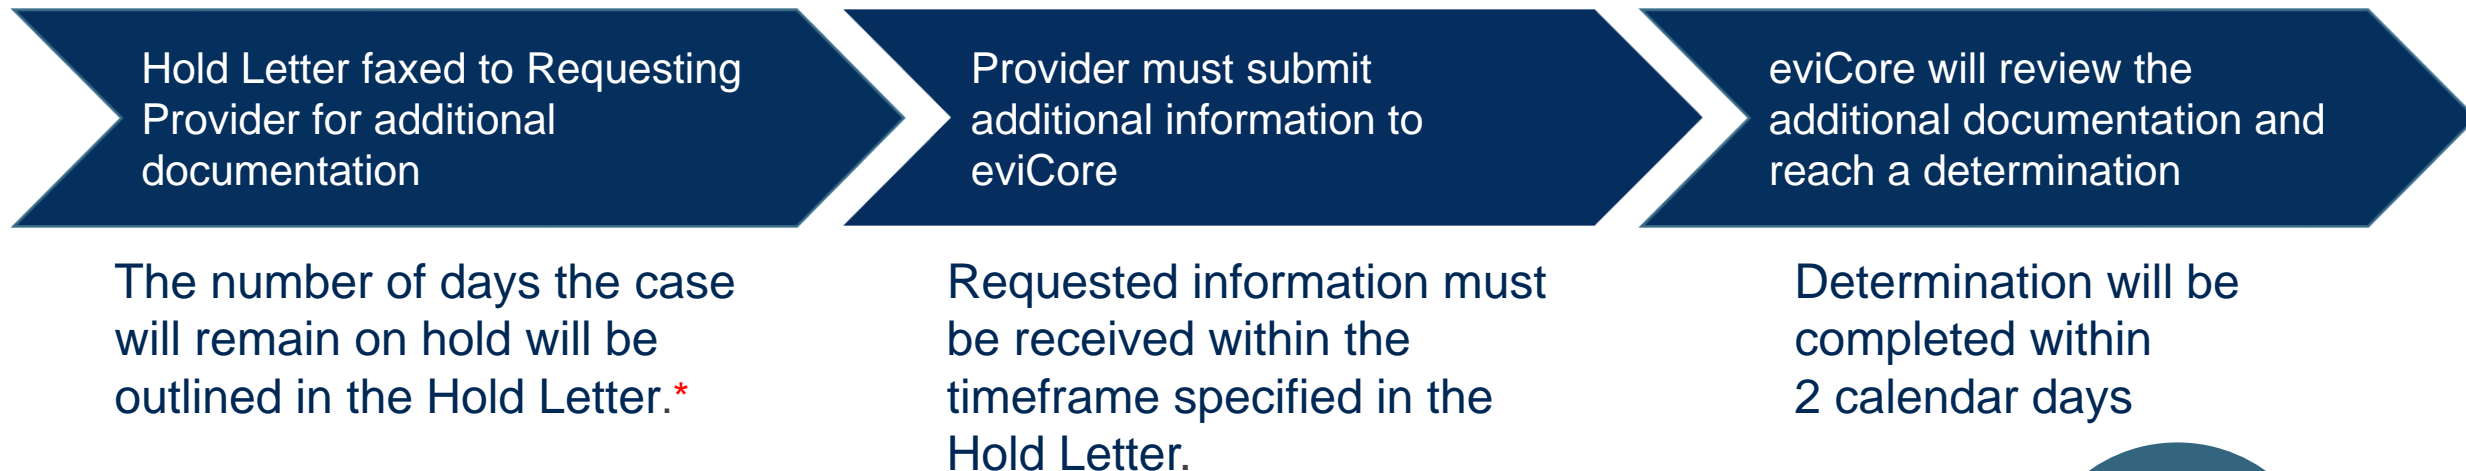

To obtain precertification on the very first submission, the provider submitting the request will need to gather four (4) categories of information:

Insufficient Clinical – Additional Documentation Needed

Additional Documentation to Support Medical Necessity

If all required pieces of documentation are not received or are insufficient for eviCore to reach a determination, the following will occur:

**Hold timeframe will vary by the plan and/or state.*

Precertification Outcomes & Special Considerations

Precertification Approval

Approved Requests

- Standard requests are processed within two (2) business days **after** receipt of all necessary clinical information*
- When initiating a case on the web, you will receive real time authorizations for cases that meet medical necessity on initial portal submission
- Authorization letters will be faxed to the referring physician & rendering provider and can be printed on demand from the eviCore portal at www.evicore.com/ep360
- Customers will receive an authorization letter by mail
- Authorizations are valid for 90 - 180 days from the date of the final submission/determination*

**Timeframe will vary by plan and/or state regulations*

Precertification Outcomes - Adverse Determination

- When a request does not meet medical necessity based on evidence-based guidelines, an adverse determination is made and the request is denied
- In those cases, a denial letter with the rationale for the decision, reconsideration options and appeal rights will be issued by eviCore to the ordering physician, rendering facility and customer
- Adverse determination letters can be printed on demand from the eviCore portal at www.evicore.com/ep360

Special Circumstances

Retrospective (Retro) Authorization Requests

- Any requests submitted after date of service will be considered retrospective
- Retrospective requests will be accepted and reviewed
- Timeframe to submit may vary by plan and/or state regulations

Urgent Precertification Requests

- eviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the customer
- Can be initiated on provider portal or by phone **800-298-4806**
- Urgent requests will be reviewed within 72 hours

Special Circumstances: Post-Decision Options

My case has been denied. What's next?

- Once a request has been reviewed and denied, it is important to know what reconsideration options are available.
- The determination letter is the best immediate source of information to assess what options exist on a case that has been denied. You can also call us at **800-298-4806** to speak to an agent who can provide available option(s) and instruction on how to proceed.

Special Circumstances: Post-Decision Options cont.

My case has been denied. What's next?

Reconsiderations

- A Reconsideration is a post-denial, **pre-appeal** opportunity to provide additional clinical information
- A reconsideration can be requested anytime, up until an appeal is received.
- Reconsiderations can be requested by phone at **800-298-4806** or via a Peer to Peer consultation with an eviCore physician

Appeal Process

- Cigna will process first-level appeals. Delegation of second level appeals will vary by plan and/or state regulations
- The timeframe to submit an appeal request will be outlined on the determination letter and is typically within 180 days of the adverse decision*

Appeal Process (cont.)

- Appeal requests can be submitted to Cigna in writing via US Mail or by fax. The Cigna appeal address and fax number will be provided on the determination letter.
- Customers or Providers with appeal questions may call the number indicated on the customer's ID card
- The appeal determination will be communicated to the ordering provider and customer by Cigna.
- Appeal turnaround times:*

 - Expedited 72 hours
 - Standard customer 30 days
 - Standard Provider 60 days

**May vary by plan and/or state regulations*

Peer to Peer Request

- If a request is not approved and requires further clinical discussion for approval, we offer Peer to Peer Consultations with referring physicians and an eviCore Medical Director
- Peer to Peer Consultations may result in either a reversal of decision to deny or an uphold of the original decision
- A peer-to-peer consultation may be requested by visiting: www.evicore.com/provider/request-a-clinical-consultation or by calling eviCore at **800-298-4806**

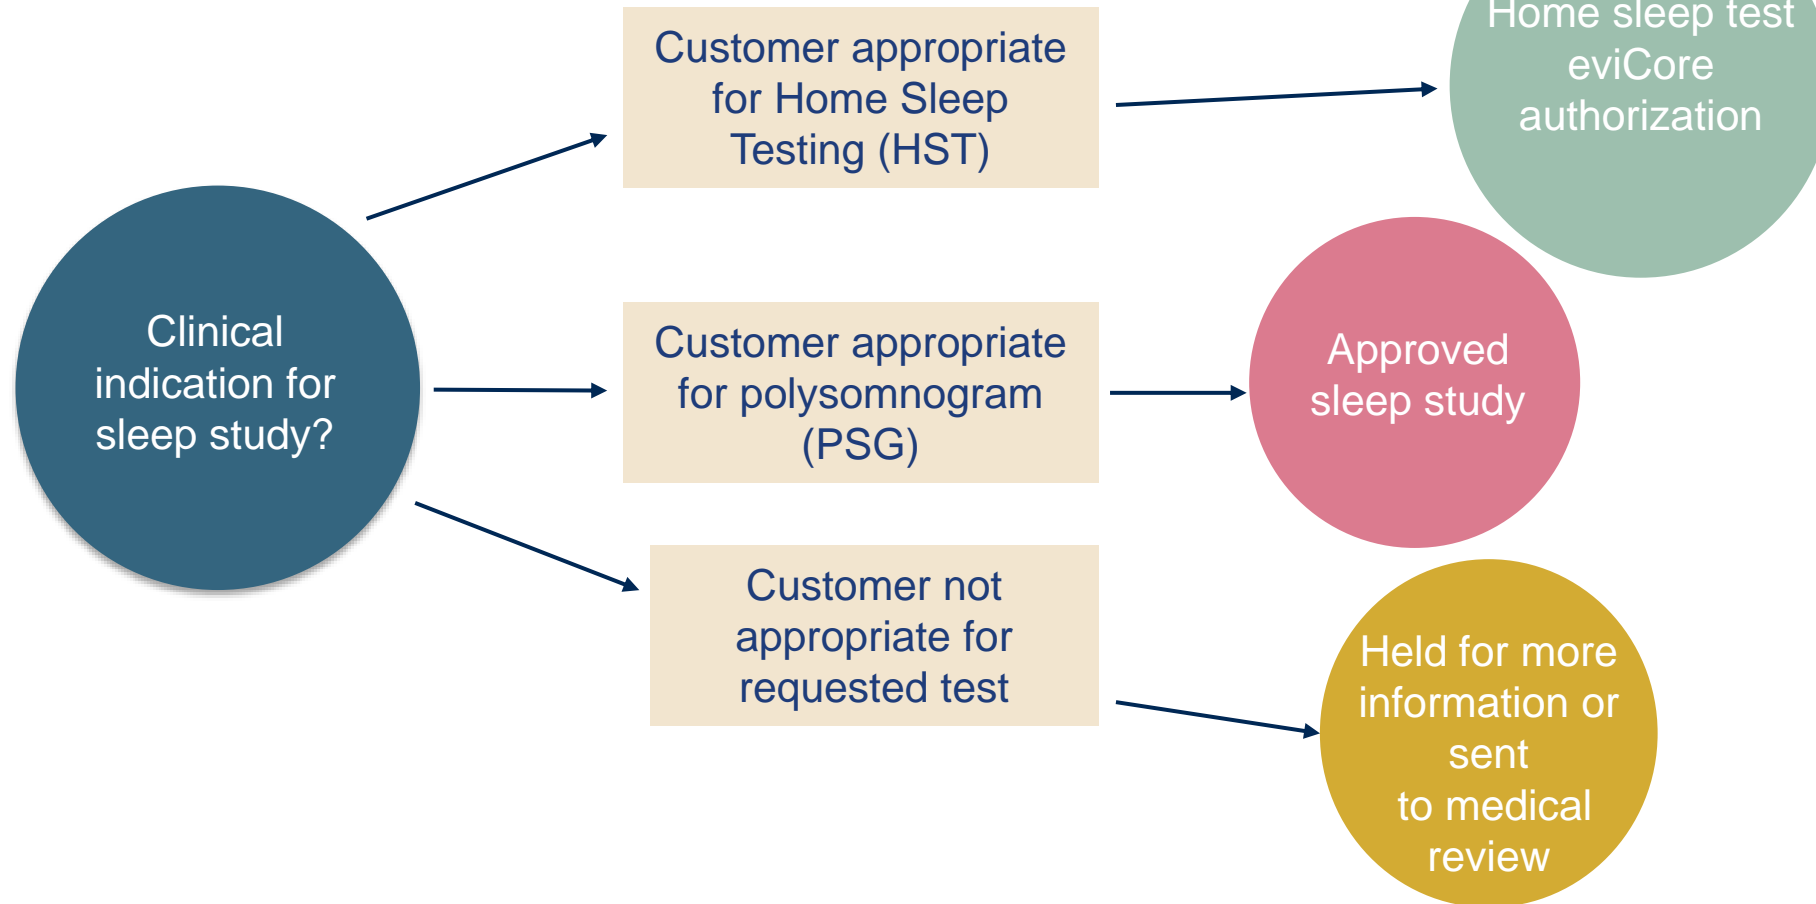

Sleep Study

Site of Service Precertification

Sleep Study Referral Workflow

Cigna's and eviCore's evidence-based guidelines & clinical pathways direct to the appropriate site of service based on the information gathered from the referring provider.

Sleep Study – Clinical Guidelines Summary

Home Sleep Apnea Test Home Sleep Apnea Testing (HSAT) is the **preferred study**.

Attended Sleep Study Indications Attended sleep studies are the most appropriate test when a patient has one or more comorbid diagnoses that make an HST an inappropriate choice for sleep apnea testing. In addition, an attended study would be appropriate if the patient DOES NOT have the mobility, dexterity or cognitive ability to use an HSAT safely at home or HSAT has been attempted and is inconclusive.

Multiple Sleep Latency Testing. Multiple sleep latency testing (MSLT) is a tool to help diagnose and treat patients with severe daytime sleepiness. Standard protocol for this procedure is that a PSG MUST be completed the night before the MSLT. Therefore, MSLT requests should be accompanied by a request for an attended sleep study.

Repeat Sleep Testing The patient MUST be compliant with the current treatment. Repeat testing is generally not necessary to supply new PAP equipment.

Complete Clinical Survey

- The next screen will be a series of clinical questions relative to the request which will be reviewed to determine medical necessity. You will have the ability to make changes to your responses prior to submission by clicking on the answer. Once you have completed all questions, click on Submit.
- You will then get an auto response of either; approval, alternate recommendation (such as Home Sleep Study (HST)) or pending status. If a HST is recommended, you would be able to accept that recommendation here.

Review History

- ☐ ? You have successfully reached the medical necessity gateway for eviCore platform
- ☐ ? Are you ready to submit clinical information?
 - ✔ Yes
- ☐ ? Please select the reason for the this sleep study.
 - ✔ Initial Study for Suspected Obstructive Sleep Apnea (OSA)
- ☐ ? Why does the individual need an attended study?
 - ✔ Congestive Heart Failure (CHF)

Attach Clinical

- If your request is pending for clinical documentation, you will be prompted to upload the supporting documents.

The screenshot displays a healthcare portal interface. At the top left, a request ID 'JP5G8T0Y9H' is circled in red, with a status indicator 'Waiting On Clinical Info'. Below this, a yellow banner with a red arrow pointing left contains the message: 'Clinical information is required in order to review this Request. Submit Clinical Info now'. The main content area is divided into two columns. The left column, under the 'DME' header, shows 'Information' and a 'Dates of Care' section with a 'START' date of 'Nov 20' and a 'LAST' date field. Below this is a 'PATIENT CAME FROM' section with the text 'PREFERRED OPEN MRI Tom Pitt - 9876543210'. At the bottom of the left column are two buttons: 'Requests & Reviews' and 'Attachments & Notes'. The right column, under the 'Test member' header, features a 'Withdraw Request' button, 'Additional Member Info' (including 'Test member' and 'Primary Care Physician'), and 'Member Insurance Information' (including 'Member ID:', 'Insurance Category: Commercial', 'Member Plan Type:', and 'Group ID:').

Attach Clinical and Submit

- You will see a pop up window to upload clinical documents
- You will navigate to your system to locate the documents and attach to the case
- You are done!! All information will now be transmitted to eviCore to begin the precertification review process

Thank You!
