Standard Case Clinical Information Required

To help ensure quick case turn-around, we recommend that the physician's office submit:

- Recent clinical information including prior tests, lab work, and/or imaging performed
- Working or differential diagnosis and notes
- Type and duration of treatment performed

Contact Information

Contact the **Intake** team at **888-693-3211** to:

- Change a facility/CPT code on a case
- Request a Peer-to-Peer discussion

Contact the **Client Services** team at ClientServices@evicore.com to discuss:

- Issues experienced during case creation and requests for authorizations to be resent to the health plan
- Eligibility issues (member, rendering facility, and/or ordering physician)
- Facility participation questions

Authorizations

eviCore healthcare will fax a copy of an approved authorization to the ordering physician and requested facility. It is the responsibility of the performing facility to confirm that the referring physician completed the prior authorization process. Verification may be obtained via the eviCore website or by calling 888.693.3211. Denial notifications will also be issued in writing and include the denial rationale, appeals options per current state policy, and peer-to-peer consultation options. Authorization from eviCore does not guarantee claim payment. Services must be covered by the health plan, and the member must be eligible at the time studies are rendered.
