

October 29, 2021

Dear Provider:

Network Health is expanding the Part D medical oncology prior authorization program with eviCore healthcare. Beginning January 1, 2022, eviCore, rather than Express Scripts, will be completing the prior authorization request for Medicare Part D medications related only to oncology indications. Please note that all non-oncology drug requests will continue to be submitted through Express Scripts.

**Important notes:**

- Services performed without prior authorization will not be reimbursed and you may not seek reimbursement from members.
- Services performed in conjunction with an inpatient stay, observation or emergency room visit are not subject to authorization requirements.

eviCore’s Clinical Guidelines and request forms are available at [www.eviCore.com](http://www.eviCore.com) or [www.evicore.com/resources/healthplan/network-health-wisconsin](http://www.evicore.com/resources/healthplan/network-health-wisconsin).

Beginning November 15, eviCore client and provider services department will be available to answer questions. They can be reached at 800-646-0418 (option 4), Monday–Friday from 7 a.m. to 4 p.m. Central Time.

**You are highly encouraged to attend one of the online orientation sessions below.** During these sessions, we will have a detailed discussion about the prior authorization requirements for Medicare Part D oncology, and how to navigate the eviCore website ([www.evicore.com](http://www.evicore.com)). Time and participation permitting, these training sessions will be followed by a question-and-answer session. We encourage you to attend one of these informative sessions to ensure you understand the prior authorization process.

**Registration**

All online orientation sessions require advance registration. Each online orientation session is at no cost to you and will last approximately one hour. All sessions are scheduled in Central Time.
