# Platform Migration – Effective January 1, 2024

- eviCore currently accepts radiology prior authorization requests for Jefferson Health Plan members through the MedSolutions portal. Beginning January 1, 2024, these requests should be entered through the CareCore National portal at eviCore.com.
- If a provider has an existing login, the same credentials are used for both portals and a new account does not need to be created.
- Any authorizations requested prior to 1/1/2024 can still be viewed on the MedSolutions portal, but as of 1/1/2024 all new requests must be created on the CareCore National portal, as shown below.

# Welcome Screen | MedSolutions

The screenshot shows the MedSolutions Welcome Screen. At the top left is the eviCore healthcare logo. On the right, there are icons for MCNET, Online Chat, settings, and Logout. The navigation bar contains buttons for Announcements, Home, Search/Start Case, Claim Search, Payment Status, **CareCore National Portal** (circled in red with an arrow), and Post Acute Care. Below the navigation bar is an Announcements section with a message titled 'Migration to CareCore Portal and New Pain Program - Posted on: 23 Feb 2023'. The message states: 'Effective March 1, 2023 all Radiology and Cardiology requests for [redacted] members must be initiated through eviCore on the CareCore National portal. After logging into your eviCore web account, if you are in the MedSolutions portal, you can select the CareCore National portal at the top of your screen and then initiate your request. Users can continue to use the MedSolutions portal through February 28, 2023. As of March 1, 2023 users will still have access to view case history on the MedSolutions portal, but all new [redacted] Radiology and Cardiology cases plus retrospective requests will need to be initiated via the CareCore National Portal. Additionally, eviCore will begin reviewing Pain Management requests for BCBS-KC members for dates of service March 1, 2023 and beyond. All [redacted] Pain Management requests must be initiated through the CareCore National portal. eviCore will start accepting Pain Management requests for [redacted] members through the CareCore National portal on February 24, 2023 for dates of service March 1, 2023 or later.'

If your login takes you to the MedSolutions Portal, you can click the CareCore National Portal button (as seen above) to seamlessly toggle back and forth between the two portals.

As you can see from the Announcements on this screen, many health plan programs are migrating from the MedSolutions Portal to the CareCore National portal.
