Solution Overview

Medical Mutual of Ohio Prior Authorization Services

EviCore will begin accepting prior authorization requests for radiation oncology services for fully insured and self-funded group members including Commercial and Medicare Advantage Plans starting January 17, 2022 for dates of service February 1, 2022 and after.

Applicable Membership	Prior authorization applies to the following services	Prior authorization does NOT apply to services performed in
• Commercial • Medicare Advantage	• Outpatient • Elective/Non-emergent	• Emergency Rooms • Observation Services • Inpatient Stays

Providers should verify member eligibility and benefits on the secured provider log-in section at:
https://www.EviCore.com/resources/healthplan/medical-mutual-of-ohio

How to Request Prior Authorization

The EviCore Provider Portal is the easiest, most efficient way to request clinical reviews and check statuses.

- **Save time**: Quicker process than requests by phone or fax.

- **Available 24/7.**

- **Save your progress**: If you need to step away, you can save your progress and resume later.

- **Upload additional clinical information**: No need to fax supporting clinical documentation; it can be uploaded on the portal.

- **View and print determination information**: Check case status in real time.

- **Dashboard**: View all recently submitted cases.

- **E-notification**: Opt to receive email notifications when there is a change to case status.

- **Duplication feature**: If you are submitting more than one request, you can duplicate information to expedite submissions.

Holistic Treatment Plan Review

EviCore relies on information about the patient's unique presentation and physician's intended treatment plan to authorize all services.

- Providers specify the cancer type or body part being treated rather than requesting individual CPT and HCPCS codes.

- The intended treatment plan for cancer type is compared to the evidence-based guidelines developed by our Medical Advisory Board.

- For Medicare Cases, LCD and NCDs are followed if there is one applicable to the treatment.

- If a request is authorized or partially authorized, then the requested treatment technique and number of fractions will be provided, and the provider and member will be notified.

- If Image Guidance (IGRT) is requested, it may or may not be approved, separate from the primary treatment technique.

For questions about specific CPT codes that are generally included with each episode of care, please reference the **EviCore Radiation Therapy Coding Guidelines**.

Necessary Information for Prior Authorization

To obtain prior authorization on the very first submission, the provider submitting the request will need to gather information within four categories:

Want to make it easier?
Use our **clinical worksheets on EviCore.com** to ensure all the necessary information is included in your requests.

Member
- Health plan ID
- Member name
- Date of birth (DOB)

Referring (Ordering) Physician
- Physician name
- National provider identifier (NPI)
- Phone & fax number

Rendering Facility
- Facility name
- Address
- National provider identifier (NPI)
- Tax identification number (TIN)
- Phone & fax number

Supporting Clinical
- Pertinent clinical information to substantiate medical necessity for the requested treatment plan
- Diagnosis code(s)
- Anticipated treatment start date
- Site of treatment and/or cancer type
- Previous test results, recent imaging (if applicable)

Insufficient Clinical | Additional Documentation Needed

If during case build all required pieces of documentation are not received, or are insufficient for EviCore to reach a determination, the following will occur:

A hold letter will be faxed to the requesting provider requesting additional documentation.	The provider must submit the additional information to EviCore.	EviCore will review the additional documentation and reach a determination.
The hold letter will inform the provider about what clinical information is needed as well as the **date by which it is needed.**	Requested information must be received within the timeframe as specified in the hold letter, or EviCore will render a determination based on the original submission.	Determination notifications will be sent.

Pre-Decision Options | Medicare Members

I've received a request for additional clinical information. What's next?

Before a denial decision is issued on Medicare cases, EviCore will notify providers telephonically and in writing. From there, additional clinical information must be submitted to EviCore in advance of the due date referenced.

There are three ways to supply the requested information:

1. **Fax** to **855-774-1319**.
2. **Upload** directly into the case via the provider portal at **EviCore.com**.
3. **Request a Pre-Decision Clinical Consultation.**
   This consultation can be requested via the EviCore website, and must occur prior to the due date referenced in the notification.

PLEASE NOTE: If the additional clinical information is faxed/uploaded, that clinical is what is used for the review and determination. The case is not held further for a Pre-Decision Clinical Consultation, even if the due date has not yet lapsed.

Once the determination is made, notifications will go to the provider and member, and status will be available on EviCore.com.

Prior Authorization Outcomes, Special Considerations & Post-Decision Options

EviCore
By EVERNORTH

Prior Authorization Outcomes

Determination Outcomes:

- **Approved Requests:** Authorizations are valid for **45-240 calendar days** from the date of approval. Please refer to the authorization notification for specific timeframe.

- **Denied Requests:** Based on evidence-based guidelines, if a request is determined as inappropriate, a notification with the rationale for the decision and post decision/ appeal rights will be issued.

Notifications:

- Authorization letters will be faxed to the ordering provider.

- Web initiated cases will receive e-notifications when a user opts to receive.

- Members will receive a letter by mail.

- Approval information can be printed on demand from the EviCore portal: www.EviCore.com

Special Circumstances

Retrospective (Retro) Authorization Requests

- Must be submitted within **15 business days** from the date of services.

- Reviewed for clinical urgency and medical necessity.

- Retro requests are processed within:

  ◦ 30 business days for commercial members.

  ◦ 14 calendar days for Medicare members.

- When authorized, the start date will be the submitted date of service.

Urgent Prior Authorization Requests

- EviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the member.

- Can be initiated on provider portal or by phone.

- Urgent cases are typically reviewed within 24 to 72 hours.

EviCore
By EVERNORTH

Special Circumstances |
Alternative Recommendations

An alternative treatment plan recommendation may be offered based on EviCore's evidence-based clinical guidelines.

When this occurs, the ordering provider can either:

- Accept the alternative recommendation by building a new case, or

- Request a reconsideration of the original request.

  ◦ **Important note:** Reconsiderations are not allowed for Medicare cases. A new case would need to be started to accept the alternate recommendation.

Providers must contact EviCore to accept the alternative recommendation _before_ the start of treatment.

Special Circumstances |
Authorization Updates

We understand that treatment plans can sometimes change.

- If updates are needed for an existing authorization, providers can contact EviCore by phone.

- **Changes in treatment type or technique** will require another Medical Necessity review on a new authorization. If approved, the original case will be withdrawn.

- If there is a **change in technique(s) or number of fractions** and this update is not communicated, it may impact claim payment. The billed services should align with the requested and approved treatment plan.

- If the **authorization time span will not cover the entirety** of the **radiation therapy treatment plan**, EviCore should be notified before the services are billed by the provider.

EviCore
By **EVERNORTH**

Post-Decision Options |
Commercial Members

My case has been denied. What's next?

Your determination letter is the best immediate source of information to assess what options exist on a case that has been denied. You may also call EviCore at **877-531-9139** to speak with an agent who can provide available option(s) and instruction on how to proceed.

Alternatively, select **All Post Decisions** under the **Authorization Lookup** function on **EviCore.com** to see available options.

Reconsiderations

- Providers can request a reconsideration review.

- Reconsiderations must be requested within **14 calendar days** after the determination date.

- Reconsiderations can be requested in writing or verbally via a Clinical Consultation with an EviCore physician.

Appeals

- EviCore will process first-level appeals. Please refer to the denial letter for instructions.

- Appeal requests must be submitted to EviCore within **180 calendar days** from the initial determination.

EviCore
By EVERNORTH

Post-Decision Options |
Medicare Members

My case has been denied. What's next?

Clinical Consultation

- Providers can request a Clinical Consultation with an EviCore physician to better understand the reason for denial.

- Once a denial decision has been made, however, the decision cannot be overturned via Clinical Consultation.

Reconsideration

- Medicare cases **do not** include a reconsideration option.

Appeals

- EviCore **will not** process first-level appeals for Medicare members.

- Please refer to the denial notice for instructions and requirements to submit an appeal.
