

**Cigna Commercial**  
**Prior Authorization Procedure Code List: Durable Medical Equipment**

Category	Procedure Code	Procedure Code Description	Comments	LOB
Durable Medical Equipment	A4271	Integrated lancing and blood sample testing cartridges for home blood glucose monitor, per month		Commercial & Medicare
Durable Medical Equipment	A6025	Gel Sheet for Dermal or Epidermal Application, a soft and flexible wound cover		Commercial
Durable Medical Equipment	B4105	In-line cartridge containing digestive enzyme(s) for enteral feeding, each		Commercial
Durable Medical Equipment	E0466	Home Ventilator, a machine that move air in and out of the lungs used at home		Commercial & Medicare
Durable Medical Equipment	E0467	Home ventilator, a machine that move air in and out of the lungs used at home		Commercial & Medicare
Durable Medical Equipment	E0468	Home ventilator, dual-function respiratory device, also performs additional function of cough stimulation, includes all accessories, components and supplies for all functions		Commercial & Medicare
Durable Medical Equipment	E0481	Intrapulmonary Percussive Ventilation System, a device that helps deliver short bursts of air through a mouthpiece to help individuals with lung disease clear sputum		Commercial
Durable Medical Equipment	E0483	High frequency chest wall oscillation system, with full anterior and/or posterior thoracic region receiving simultaneous external oscillation, includes all accessories and supplies, each		Commercial & Medicare
Durable Medical Equipment	E0492	Power source and control electronics unit for oral device/appliance for neuromuscular electrical stimulation of the tongue muscle, controlled by phone application		Commercial & Medicare
Durable Medical Equipment	E0627	Seat Lift Mechanism, the part of a device that controls the movement of the seat with the use of electricity		Commercial & Medicare
Durable Medical Equipment	E0635	Patient Lift, electric with seat or sling, a device used to move a person from one place to another		Commercial & Medicare
Durable Medical Equipment	E0637	Combination Sit to Stand Frame/Table System, a supportive device that assist a person from a sitting position to a standing position		Commercial
Durable Medical Equipment	E0638	Standing Frame/Table System, one position (e.g., upright, supine or prone stander), a device that supports a person in a standing position		Commercial
Durable Medical Equipment	E0639	Patient Lift, a movable device used in the transfer of a person from one place to another		Commercial & Medicare
Durable Medical Equipment	E0640	Patient Lift, a device used in the transfer of a person from one place to another		Commercial & Medicare
Durable Medical Equipment	E0641	Standing Frame/Table System, a device that supports a person in multiple standing positions		Commercial
Durable Medical Equipment	E0642	Standing Frame/Table System, a moveable device that supports a person in a standing position		Commercial
Durable Medical Equipment	E0656	Segmental Pneumatic Appliance for Use with Pneumatic Compressor, a cuff for the middle part of the body that has air pressure		Commercial & Medicare
Durable Medical Equipment	E0657	Segmental Pneumatic Appliance for Use with Pneumatic Compressor, a cuff for the chest that has air pressure		Commercial & Medicare
Durable Medical Equipment	E0670	Segmental Pneumatic Appliance for Use with Pneumatic Compressor, a cuff/sleeve for the trunk and both legs that has air pressure		Commercial & Medicare
Durable Medical Equipment	E0691	Ultraviolet light therapy system, includes bulbs/lamps, timer and eye protection; treatment area 2 square feet or less		Commercial & Medicare
Durable Medical Equipment	E0692	Ultraviolet light therapy system panel, includes bulbs/lamps, timer and eye protection, 4 foot panel		Commercial & Medicare
Durable Medical Equipment	E0693	Ultraviolet light therapy system panel, includes bulbs/lamps, timer and eye protection, 6 foot panel		Commercial & Medicare
Durable Medical Equipment	E0736	Transcutaneous tibial nerve stimulator		Commercial & Medicare
Durable Medical Equipment	E0738	Upper extremity rehabilitation system providing active assistance to facilitate muscle re-education, include microprocessor, all components and accessories		Commercial & Medicare
Durable Medical Equipment	E0739	Rehab system with interactive interface providing active assistance in rehabilitation therapy, includes all components and accessories, motors, microprocessors, sensors		Commercial & Medicare
Durable Medical Equipment	E0747	Osteogenesis Stimulator, an electric device placed on the outside of the body to promote bone healing		Commercial & Medicare
Durable Medical Equipment	E0748	Osteogenesis Stimulator, an electric device placed on the outside of the body to promote bone healing		Commercial & Medicare
Durable Medical Equipment	E0760	Osteogenesis Stimulator, an ultrasound device placed outside the body used to promote bone healing		Commercial & Medicare
Durable Medical Equipment	E0764	Functional Neuromuscular Stimulation, a computer controlled device that helps different muscle groups move and walk after a spinal cord injury		Commercial & Medicare

Category	Procedure Code	Procedure Code Description	Comments	LOB
Durable Medical Equipment	E0770	Functional Neuromuscular Stimulation, a computer controlled device that helps different muscle groups move and walk after a spinal cord injury		Commercial & Medicare
Durable Medical Equipment	E0782	Infusion Pump, a device placed under the skin and used to deliver medications and fluids within the body		Commercial
Durable Medical Equipment	E0783	Infusion Pump System, a device placed under the skin and used to deliver medications and fluids within the body		Commercial
Durable Medical Equipment	E0784	External Ambulatory Infusion Pump, a small pump worn on the outside of the body used to deliver insulin into the body		Commercial & Medicare
Durable Medical Equipment	E0785	Implantable Intraspinial Catheter, a thin tube that has been surgically placed into the spinal cord to deliver medication		Commercial
Durable Medical Equipment	E0786	Implantable Programmable Infusion Pump Replacement, replacing a thin tube with a new one that has been surgically placed in the body to deliver medication		Commercial
Durable Medical Equipment	E1005	Wheelchair Accessory, power seating system, wheelchair add-on that moves the seat into a lying down position		Commercial & Medicare
Durable Medical Equipment	E1006	Wheelchair Accessory, power seating system, a wheelchair add-on that moves the seat into different positions		Commercial & Medicare
Durable Medical Equipment	E1009	Wheelchair Accessory, addition to power seating system, leg elevation with a pushrod and leg rest to raise the leg up and down		Commercial & Medicare
Durable Medical Equipment	E1230	Power Operated Vehicle, a three or four wheel motorized seated device for people who have difficulty walking		Commercial & Medicare
Durable Medical Equipment	E1239	Power Pediatric Wheelchair, a battery powered wheelchair for a child or someone the size of a child		Commercial & Medicare
Durable Medical Equipment	E1399	Durable Medical Equipment, specific equipment used to assist with medical care		Commercial & Medicare
Durable Medical Equipment	E2104	Home blood glucose monitor for use with integrated lancing/blood sample testing cartridge		Commercial & Medicare
Durable Medical Equipment	E2300	Wheelchair Accessory, power seat elevation system, an add-on that can be used to raise the seat up and down		Commercial & Medicare
Durable Medical Equipment	E2502	Speech Generating Device, a device that uses pre-recorded messages, between 8 and 20 minutes long, that a person can select to be spoken aloud		Commercial
Durable Medical Equipment	E2504	Speech Generating Device, a device that uses pre-recorded messages, between 20 and 40 minutes long, that a person can select to be spoken aloud		Commercial
Durable Medical Equipment	E2506	Speech Generating Device, a device that uses pre-recorded messages longer than 40 minutes that a person can select to be spoken aloud		Commercial & Medicare
Durable Medical Equipment	E2508	Speech Generating Device, a device that allows a person to select letters, words, and messages, alone or in combination, to be spoken aloud		Commercial
Durable Medical Equipment	E2510	Speech Generating Device, a device that allows multiple methods of message formulation and multiple methods of device access that a person can use to select letters, words, and messages, alone or in combination		Commercial & Medicare
Durable Medical Equipment	E2511	Speech Generating Software Program, for personal computer or personal digital assistant, a computer program that has been developed to help a person communicate		Commercial
Durable Medical Equipment	E2512	Accessory for Speech Generating Device, mounting system, a device that will attach the speech generating device to another object		Commercial & Medicare
Durable Medical Equipment	E2599	Accessory for Speech Generating Device, an add-for the speaking device		Commercial & Medicare
Durable Medical Equipment	K0010	Standard-Weight Frame Motorized/Power Wheelchair, a motorized wheelchair that is the standard weight		Commercial
Durable Medical Equipment	K0011	Standard-Weight Frame Motorized/Power Wheelchair with Programmable Controls, a motorized wheelchair that is the standard weight and has control limits for speed adjustment, tremor dampening, speed control, and braking		Commercial & Medicare
Durable Medical Equipment	K0012	Lightweight Portable Motorized/Power Wheelchair, a motorized wheelchair that is made of lightweight material		Commercial & Medicare
Durable Medical Equipment	K0050	RATCHET ASSEMBLY REPLACEMENT		Commercial
Durable Medical Equipment	K0553	Supply allowance for therapeutic continuous glucose monitor (CGM), includes all supplies and accessories, 1 month supply = 1 unit of service <b>*Requires recertification through Cigna, effective 7.1.2021</b>		Commercial
Durable Medical Equipment	K0606	Automatic External Defibrillator, a wearable device that monitors the heart continuously and delivers a shock treatment to restore the patient's heart to normal rhythm (heartbeat) if needed		Commercial & Medicare
Durable Medical Equipment	K0800	Power Operated Vehicle (Group One), a standard power scooter that can carry up to 300 pounds		Commercial & Medicare
Durable Medical Equipment	K0801	Power Operated Vehicle (Group One), a power scooter that can carry 301 to 450 pounds		Commercial & Medicare
Durable Medical Equipment	K0802	Power Operated Vehicle (Group One), a power scooter that can carry 451 to 600 pounds		Commercial & Medicare
Durable Medical Equipment	K0808	Power Operated Vehicle (Group Two), a power scooter that can carry 451 to 600 pounds		Commercial & Medicare

Category	Procedure Code	Procedure Code Description	Comments	LOB
Durable Medical Equipment	K0813	Power Wheelchair (Group One), a standard, electric wheelchair that can be carried, with a flexible/solid seat and backrest, that can carry up to 300 pounds		Commercial & Medicare
Durable Medical Equipment	K0814	Power Wheelchair (Group One), a standard, captains chair, electric wheelchair that can be carried, it has a seat with armrests, and can carry up to 300 pounds		Commercial
Durable Medical Equipment	K0815	Power Wheelchair (Group One), a standard, electric wheelchair, with a flexible/solid seat and backrest, that can carry up to 300 pounds		Commercial
Durable Medical Equipment	K0820	Power Wheelchair (Group Two), a standard, electric wheelchair that can be carried, with a flexible/solid seat and backrest, that can carry up to 300 pounds		Commercial & Medicare
Durable Medical Equipment	K0821	Power Wheelchair (Group Two), a standard, electric wheelchair that can be carried, with a seat and armrests that can carry up to 300 pounds		Commercial & Medicare
Durable Medical Equipment	K0822	Power Wheelchair (Group Two), a standard, electric wheelchair, with a flexible/solid seat and backrest, that can carry up to 300 pounds		Commercial & Medicare
Durable Medical Equipment	K0823	Power Wheelchair (Group Two), a standard, captains chair, electric wheelchair with a seat with armrests that can carry up to 300 pounds		Commercial & Medicare
Durable Medical Equipment	K0826	Power Wheelchair (Group Two), a very heavy duty, electric wheelchair, with a flexible/solid seat and backrest, that can carry 451 to 600 pounds		Commercial & Medicare
Durable Medical Equipment	K0827	Power Wheelchair (Group Two), a very heavy duty, electric wheelchair with a seat with armrests that can carry 451 to 600 pounds		Commercial & Medicare
Durable Medical Equipment	K0828	Power Wheelchair (Group Two), an extra heavy duty, electric wheelchair, with a flexible/solid seat and backrest, that can carry 601 pounds or more		Commercial & Medicare
Durable Medical Equipment	K0829	Power Wheelchair (Group Two), an extra heavy duty, electric wheelchair with a seat with armrests that can carry 601 pounds or more		Commercial & Medicare
Durable Medical Equipment	K0830	Power Wheelchair (Group Two), a standard, electric wheelchair, with a seat that can be raised and a flexible/solid seat and backrest, that can carry up to 300 pounds		Commercial
Durable Medical Equipment	K0831	Power Wheelchair (Group Two), a standard, electric wheelchair, with a seat with armrests that can be raised that can carry up to 300 pounds		Commercial
Durable Medical Equipment	K0836	Power Wheelchair (Group Two), a standard, electric wheelchair with one power selection available and a seat with armrests that can carry up to 300 pounds		Commercial & Medicare
Durable Medical Equipment	K0838	Power Wheelchair (Group Two), a heavy duty, electric wheelchair with one power selection available and a seat with armrests that can carry 301 to 450 pounds		Commercial & Medicare
Durable Medical Equipment	K0840	Power Wheelchair (Group Two), an extra heavy duty, electric wheelchair with one power selection available and a flexible/solid seat and backrest that can carry 601 pounds or more		Commercial & Medicare
Durable Medical Equipment	K0841	Power Wheelchair (Group Two), a standard, electric wheelchair with more than one power level option available with a flexible/solid seat and backrest that can carry up to 300 pounds		Commercial & Medicare
Durable Medical Equipment	K0842	Power Wheelchair (Group Two), a standard, electric wheelchair with more than one power level option available with a seat with armrests that can carry up to 300 pounds		Commercial & Medicare
Durable Medical Equipment	K0848	Power Wheelchair (Group Three), a standard, electric wheelchair with a flexible/solid seat and backrest that can carry up to 300 pounds		Commercial & Medicare
Durable Medical Equipment	K0850	Power Wheelchair (Group Three), a heavy duty, electric wheelchair with a flexible/solid seat and backrest that can carry 301 to 450 pounds		Commercial & Medicare
Durable Medical Equipment	K0851	Power Wheelchair (Group Three), a heavy duty, electric wheelchair with a seat with armrests that can carry 301 to 450 pounds		Commercial & Medicare
Durable Medical Equipment	K0852	Power Wheelchair (Group Three), a very heavy duty, electric wheelchair with a flexible/solid seat and backrest that can carry 451 to 600 pounds		Commercial & Medicare
Durable Medical Equipment	K0853	Power Wheelchair (Group Three), a very heavy duty, electric wheelchair with a seat with armrests that can carry 451 to 600 pounds		Commercial & Medicare
Durable Medical Equipment	K0854	Power Wheelchair, (Group Three), an extra heavy duty, electric wheelchair with a flexible/solid seat and backrest that can carry 601 pounds or more		Commercial & Medicare
Durable Medical Equipment	K0855	Power Wheelchair (Group Three), an extra heavy duty, electric wheelchair with a seat with armrests that can carry 601 pounds or more		Commercial & Medicare
Durable Medical Equipment	K0856	Power Wheelchair (Group Three), a standard, electric wheelchair with one power selection available and a flexible/solid seat and backrest that can carry up to 300 pounds		Commercial & Medicare
Durable Medical Equipment	K0857	Power Wheelchair (Group Three), a standard, electric wheelchair with one power selection available and a seat with armrests that can carry up to 300 pounds		Commercial & Medicare
Durable Medical Equipment	K0859	Power Wheelchair (Group Three), a heavy duty, electric wheelchair with more than one power level option available with a seat with armrests that can carry 301 to 450 pounds		Commercial & Medicare
