Urgent Requests

When service is required due to a medically urgent condition, the rendering (treating) provider/office must **call EviCore healthcare at 855.252.1117** for authorization. Urgent care is a request for prior authorization of medical care/treatment required to prevent serious jeopardy to the life or health of the patient or to the patient's ability to regain maximum function or to manage severe pain that cannot be adequately managed without such medical care/treatment. EviCore will make a good faith effort to render a decision within 72 hours of receipt (**48 hours for IL Medicaid only**) of all necessary information. In most cases where requisite information is provided in the initial call, a decision is rendered and communicated within 1 business day. Please indicate that the notification is for **medically urgent care**.

Authorization Requirements

To ensure the authorization process is as quick and efficient as possible, we highly recommend that the physician's office submitting requests have:

- Recent clinical information including imaging studies and prior test results related to the diagnosis
- Office notes related to the current diagnosis
- Patient's name, address, and current member ID

Authorizations

An authorization number will be faxed to the rendering provider/facility upon approval, urgent requests will be delivered verbally. EviCore healthcare will approve the CPT code or codes for the requested procedure. **Contact EviCore healthcare for changes to facility or codes.**

It is the responsibility of the provider/facility to confirm that prior authorization has been requested and approved prior to service(s) being performed. Verification may be obtained via the EviCore healthcare website or by calling 855.252.1117.

Important! Authorization from EviCore healthcare does not guarantee claim payment. Services must be covered by the health plan, and the member must be eligible at the time services are rendered. **Claims submitted for unauthorized procedures are subject to denial, and the member must be held harmless.** Please verify the member's eligibility with the health plan.

Authorization Denials

EviCore healthcare notifies the rendering provider, facility and member in writing of a denial and provides a rationale for the determination within one working day of decision. This communication sets forth the appeal options per current state policy. EviCore healthcare also offers the rendering physician a consultation with an EviCore healthcare Medical Director on a peer-to-peer basis. In certain instances, additional information provided during the peer-to-peer consultation is sufficient to satisfy medical necessity criteria.
