

EviCore Claim Processing for Molecular Testing

Claim processing by EviCore does not always require the provider to request a prior authorization. In addition to managing prior authorizations for molecular testing, EviCore completes post-claim reviews for certain molecular testing services for medical necessity and appropriateness on Wellmark's behalf and EviCore claim policies apply. Please review the [Lab Management Code list](#) to determine how EviCore manages each code.

Molecular Testing Resources

EviCore code list & guidelines

EviCore's use of the word guidelines equates to Wellmark's use of medical policies.

(Include "Wellmark BCBS claims inquiry" in the subject line)

Clinical consultation when claim policies apply

Clinical consultations with EviCore can occur at any time but will not change the claim denial decision. Wellmark claim appeal will be needed (if warranted). **Wellmark will not require a provider inquiry before an appeal for EviCore related denials.**

Post-claim Record Request

Providers may receive medical record requests from EviCore via mail, phone or fax. Please submit the requested clinical information via fax or the EviCore Portal as soon as possible, but no later than the 30-calendar-day deadline shared in the request.

Note: Out-of-state providers will receive the post-claim record request from the local BCBS plan. Please send clinical records to your local BCBS plan following instructions on the request and these will be routed to EviCore.

If the provider receives request for additional clinical information on a submitted claim, please respond by either:

Faxing records to

844-545-9213

Uploading records via EviCore Provider Portal

1. Find the Episode ID and referring provider NPI number on the request letter (See image 1 on page 2).
2. Log into [EviCore Provider Portal](#)
3. In the EviCore Provider Hub, navigate to **Authorization Lookup** to find the case – search by authorization number/NPI (See image 2 on page 2).
4. Upload additional clinical (See image 3 on page 2).

If the provider does NOT receive request for additional clinical information on a submitted claim, but would like to provide additional clinical information:

1. Review the EviCore Guidelines (Medical Policy) found at [Laboratory Management | EviCore healthcare](#) to understand the EviCore claim policy applied.
2. Submit a claim appeal to Wellmark (if warranted). **Again, Wellmark will not require a provider inquiry before an appeal for EviCore related denials.**
