Solution Overview

Aetna Prior Authorization Services

Applicable Membership

- HMO plans
- HNO plans
- Medicare plans
- PPO plans

Prior authorization applies to the following services

- Outpatient
- Elective/Non-emergent
- Inpatient (procedure only)*

Prior authorization does NOT apply to services performed in

- Emergency Rooms
- 23 hour observation Services

It is the responsibility of the ordering provider to request prior authorization approval for services.

Interventional Pain Management | Joint & Spine Surgery

Interventional Pain

- Spinal injections
- Spinal implants
 - Spinal cord stimulators
 - Pain pumps

To find a list of CPT codes that require prior authorization through EviCore, please visit:

[Aetna MSK Provider Resource Site](#)

Interventional Pain Requirements

- Interventional Pain procedures require a separate pre-service authorization request for each date of service. The patients response to prior interventional pain injections will determine if a subsequent injection is appropriate. ***Including the response to the prior interventional pain injection in the office notes will help avoid processing delays.
- For an epidural injection, a patient must have a radiculopathy or radicular pattern confirmed on imaging or EMG/NCS. For a facet procedure, loading of the joint in extension and lateral rotation is needed. For sacroiliac joint injection, a patient must have 3 or 5 positive stress maneuvers of the sacroiliac joint.
- An epidural injection and facet joint injection in the same region is not allowed, except when there is a facet joint cyst compressing the exiting nerve root.
- No more than 1 level interlaminar epidural, 1 nerve root selective nerve root block, 2 level therapeutic transforaminal epidural, 3 level facet/medial branch nerve blocks are indicated in a single session.
- 6 weeks of conservative care is need prior to an epidural steroid injection. 4 weeks of conservative care is needed prior to facet/medial branch nerve blocks and sacroiliac joint injections.
- For cervical and thoracic epidural injections, advanced imaging must be performed within the last 12 months.
- Fluoroscopic or CT scan image guidance is required for all interventional pain injections.
- The limit of diagnostic facet/medial branch nerve blocks is 2 prior to possible radiofrequency ablation. The limit of epidural steroid injections is 3 per episode and 4 per 12 month period.

Interventional Pain Requirements

- Epidural injections require a 2 week outcome prior to preauthorization of a subsequent epidural. Radiofrequency ablation of the medial branch nerves from C2 – 3 to L5 – S1 require a 6 week interval.
- An epidural steroid injection must have a least 2 of the following:
 - 50% or greater relief of radicular pain.
 - Increased level of function/physical activity.
 - And or decreased use of medication and/or additional medical services such as Physical Therapy/Chiropractic care.
- A diagnostic facet/medial branch nerve block must have at least 80% relief from the anesthetic. 2 facet/medial branch nerve blocks with a least 80% relief are needed for radiofrequency ablation.
- A therapeutic sacroiliac joint injection following a diagnostic joint injection must have >75% pain relief.
- A repeat therapeutic sacroiliac joint injection must have >75% pain relief and either an increase in level function or reduction in use of pain medication and/or medical services such as PT/Chiropractic care.

Submitting Requests

How to Request Prior Authorization

The EviCore Provider Portal is the easiest, most efficient way to request clinical reviews and check statuses.

- **Save time:** Quicker process than requests by phone or fax.
- **Available 24/7.**
- **Save your progress:** If you need to step away, you can save your progress and resume later.
- **Upload additional clinical information:** No need to fax supporting clinical documentation; it can be uploaded on the portal.
- **View and print determination information:** Check case status in real time.
- **Dashboard:** View all recently submitted cases.
- **E-notification:** Opt to receive email notifications when there is a change to case status.
- **Duplication feature:** If you are submitting more than one request, you can duplicate information to expedite submissions.

To access the EviCore Provider Portal, visit www.EviCore.com

Utilization Management | Prior Authorization

Necessary Information for Prior Authorization

To obtain prior authorization on the very first submission, the provider submitting the request will need to gather information within four categories:

Member

- Health Plan ID
- Member name
- Date of birth (DOB)

Referring (Ordering) Provider

- Physician name
- National provider identifier (NPI)
- Phone & fax number

Rendering Facility

- Facility name
- Address
- National provider identifier (NPI)
- Tax identification number (TIN)
- Phone & fax number

Supporting Clinical

- Pertinent clinical information to substantiate medical necessity for the requested service
- CPT/HCPCS Code(s)
- Diagnosis Code(s)
- Previous test results

Insufficient Clinical | Additional Documentation Needed

If during case build all required pieces of documentation are not received, or are insufficient for EviCore to reach a determination, the following will occur:

A hold letter will be faxed to the requesting provider requesting additional documentation.

The provider must submit the additional information to EviCore.

EviCore will review the additional documentation and reach a determination.

The hold letter will inform the provider about what clinical information is needed, as well as the **date by which it is needed**.

Requested information must be received within the timeframe as specified in the hold letter, or EviCore will render a determination based on the original submission.

Determination notifications will be sent.

Prior Authorization Outcomes, Special Considerations & Post-Decision Options

Prior Authorization Outcomes

Determination Outcomes:

- **Approved Requests:** Authorizations are valid for up to 90 days from the date of approval.
- **Partially Approved Requests:** In instances where multiple CPT codes are requested, some may be approved and some denied. In these instances, the determination letter will specify what has been approved as well as post decision options for denied codes, including denied Site of Care .
- **Denied Requests:** Based on evidence-based guidelines, if a request is determined as inappropriate, a notification with the rationale for the decision and post decision/ appeal rights will be issued.

Notifications:

- Authorization letters will be faxed to the ordering provider.
- Web initiated cases will receive e-notifications when a user opts to receive.
- Members will receive a letter by mail.
- Approval information can be printed on demand from the EviCore portal:
www.EviCore.com

Special Circumstances

Alternative Recommendations

- An alternative recommendation may be offered, based on EviCore's evidence-based clinical guidelines.
- The ordering provider can either accept the alternative recommendation or request a reconsideration for the original request.
- Providers have up to **14 calendar days** to contact EviCore to accept the alternative recommendation.

Authorization Update

- If updates are needed on an existing authorization, you can contact EviCore by phone at **888-624-0756**.
- While EviCore needs to know if changes are made to the approved request, any change could result in the need for a separate clinical review and require a new request (and the original approved request would need to be withdrawn).
- If the authorization is not updated, it may result in a claim denial.

Post-Decision Options

My case has been denied. What's next?

Your **determination letter** is the best immediate source of information to assess what options exist on a case that has been denied. You may also call EviCore at **888-624-0756** to speak with an agent who can provide available option(s) and instruction on how to proceed.

Alternatively, select **All Post Decisions** under the **Authorization Lookup** function on [EviCore.com](https://www.evicore.com) to see available options.

Reconsiderations

- Reconsiderations are not allowed for Medicare (based on CMS rules).
- Providers can request a reconsideration review.
- Reconsiderations must be requested within **14 calendar days** after the determination date.
- Reconsiderations can be requested in on the portal, in writing or verbally via a Clinical Consultation with an EviCore physician.

Appeals

- Appeals must be initiation through Aetna.
- The denial notification will include instructions on how to appeal.

Special Circumstances

Retrospective (Retro) Authorization Requests

- Must be submitted within **14 calendar days** from the date of service
- Reviewed for clinical urgency and medical necessity.
- Retro requests are processed within **30 calendar days** after receiving all necessary information.
- When authorized, the start date will be the submitted date of service.

Urgent Prior Authorization Requests

- EviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the member.
- Can be initiated on provider portal or by phone.
- Urgent cases are typically reviewed within 24 to 72 hours.

Provider Resources at EviCore.com

EviCore maintains provider resource pages that contain health-plan-specific and solution-specific educational material to assist providers and their staff on a daily basis. This page will include:

- Frequently asked questions
- Quick reference guides
- Provider training
- CPT code list

To access these helpful resources, visit:

[Aetna Provider Resource Site](#)

EviCore also maintains online resources not specific to health plans, such as guidelines and our required clinical information checklist.

To access these helpful resources, visit EviCore's [Provider's Hub](#).

Ongoing Provider Portal Training

The EviCore Portal Team offers general portal training, twice a week, every week.

All online orientation sessions are free of charge and will last approximately one hour. Advance registration is required, so follow the instructions below to sign up:

How To Register:

1. Go to <http://EviCore.webex.com/>
2. Click on the “hamburger” menu on the far left hand side (below the EviCore logo), then choose **Webex Training**.
3. On the **Live Sessions** screen, click the **Upcoming** tab. In the search box above the tabs, type: **EviCore Portal Training**.
4. Choose the date and time for the session you would like to attend, and click the **Register** link beside it. (You will need to register separately for each session.)
5. Complete the required information and click the **Register** button.

Immediately after registering, you will receive an e-mail containing the toll-free phone number, meeting number, conference password, and a link to the web portion of the conference. **Please keep the registration e-mail so you will have the Web conference information for the session in which you will be participating.**

Provider Resource Review Forum

The EviCore website contains multiple tools and resources to assist providers and their staff during the prior authorization process.

We invite you to attend a **Provider Resource Review Forum** to learn how to navigate [EviCore.com](https://www.evicore.com) and understand all the resources available on the Provider's Hub.

Learn how to access:

- EviCore's evidence-based clinical guidelines
- Clinical worksheets
- Existing prior authorization request status information
- Search for contact information
- Podcasts & insights
- Training resources

Online Peer-to-Peer Scheduling Tool

How to Schedule a Peer-to-Peer (P2P) Request

- Log into your account at www.EviCore.com
- Perform Authorization Lookup to determine the status of your request.
- Click on the **P2P Availability** button to determine if your case is eligible for a Peer-to-Peer conversation:
- If your case is eligible for a Peer-to-Peer conversation, a link will display allowing you to proceed to scheduling without any additional messaging.

How to Schedule a Peer-to-Peer Request

- Pay attention to any messaging that displays. In some instances, a Peer-to-Peer conversation is allowed, but the case decision cannot be changed. When this happens, you can still request a Consultative Only Peer-to-Peer. You may also click on the **All Post Decision Options** button to learn what other action may be taken.

The screenshot shows an "Authorization Lookup" window with the following details:

Authorization Number:	NA
Case Number:	
Status:	Denied
P2P Eligibility Result:	Post-decision options for this case have been exhausted or are not delegated to eviCore. You may continue to schedule a Peer to Peer discussion for this case but it will be considered consultative only and the original decision cannot be modified.
P2P Status:	

Annotations in the image include a blue arrow pointing down to the "Request Peer to Peer Consultation" link and another blue arrow pointing left to the "ALL POST DECISION OPTIONS" button.

- Once the **Request Peer-to-Peer Consultation** link is selected, you will be transferred to our scheduling software via a new browser window.
