

EviCore Certification Summary

As of Oct. 24, 2024, users who access the EviCore Provider Portal via single sign-on (SSO) through the [Wellmark Medical Authorization Table](#) will have access to the **EviCore Certification Summary** screen. This feature allows the user to monitor the requests they have submitted through the EviCore Portal via Wellmark’s SSO link.

Users may access EviCore’s portal through two pathways:

1. Wellmark SSO, OR
2. Directly, through a separate account users can create on the EviCore portal

Important—The EviCore Certification Summary screen is a user worklist **specific to each user account**. This means a user will see only those cases created under the account they are currently signed into. A user that logs into the EviCore Provider Portal through both pathways (SSO or direct) will have two separate worklists and users will not see cases created by any other users.

Certification Summary Screen

In the top navigation bar of the **EviCore Provider Portal**, click on the **Certification Summary** tab to navigate to the summary list of all requests submitted under the user’s current account.

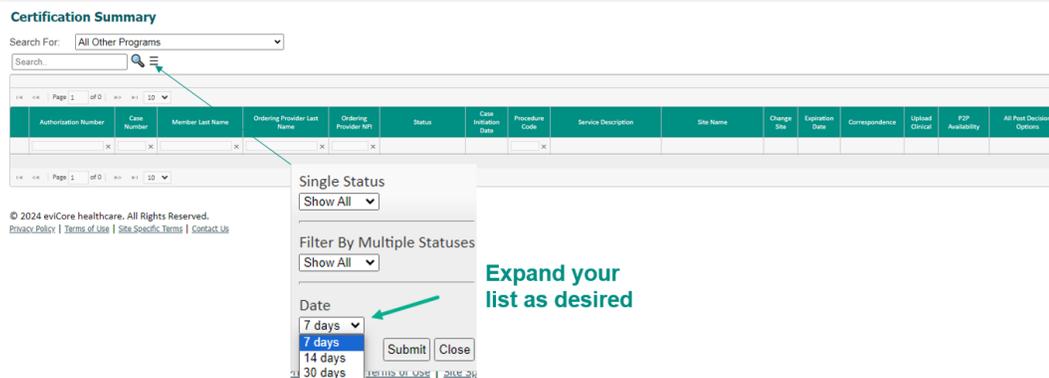

Search and filter options include:

1. Use the search tool to locate a request by searching for data within the data field columns.
2. Use the menu list to add filters such as single/multiple status(es) (*Approved, Denied, Withdrawn, Expired, or Pending*) and date of submission (*7, 14, or 30 days*).

Data fields on the Certification Summary screen include:

- Authorization Number
- Case Number
- Member Last Name
- Ordering Provider Last Name
- Ordering Provider NPI
- Status
- Case Initiation Date
- Procedure Code
- Service Description
- Site Name
- Change Site
- Expiration Date
- Correspondence*
- Upload Clinical*
- P2P Availability*
- All Post Decision Options*

***Last four fields will have a link, if applicable. Click the link to:**

1. See/print case correspondence
2. Upload clinical to the case
3. Schedule P2P
4. See all post decision options for the case
