Blue Cross Blue Shield of Kansas City Radiology/Cardiology Platform Migration + New Pain Management Program

Provider Orientation Session

Agenda

Program Overview

- Provider Portal Walkthrough
- Additional Portal Features
- Provider Resources
- Q & A

Program Overview

BCBS-KC Prior Authorization Services

EviCore currently accepts **Radiology & Cardiology** prior authorization requests for Blue KC members through the MedSolutions portal. Beginning 3/1/23, these requests should be entered through the CareCore National portal at EviCore.com. Your staff can continue to use the MedSolutions portal through 2/28/23. As of 3/1/23, these requests including retrospective cases should be entered through the CareCore National portal, and the MedSolutions portal should no longer be used.

In addition, EviCore will begin accepting **Pain Management** requests for Blue KC members as of 3/1/23 via the CareCore National portal, **for dates of service on or after 3/1/23**.

Prior authorization applies to the following services:

- Outpatient
- Diagnostic
- Elective / Non-emergent

Prior authorization does **NOT** apply to services performed in:

- Emergency Rooms
- Observation Services
- Inpatient Stays
- Home Health

It is the responsibility of the ordering provider to request prior authorization approval for services. Providers should verify member eligibility and benefits on the secured provider log-in section at: https://apps.availity.com/availity/web/public.elegant.login

Interventional Pain Requirements

- Interventional Pain procedures require a separate pre-service authorization request for each date of service. The patients response to prior interventional pain injections will determine if a subsequent injection is appropriate. ***Including the response to the prior interventional pain injection in the office notes will help avoid processing delays.
- For an epidural injection, a patient must have a radiculopathy or radicular pattern confirmed on imaging or EMG/NCS. For a facet procedure, loading of the joint in extension and lateral rotation is needed. For sacroiliac joint injection, a patient must have 3 or 5 positive stress maneuvers of the sacroiliac joint.
- An epidural injection and facet joint injection in the same region is not allowed, except when there is a facet joint cyst compressing the exiting nerve root.
- No more than 1 level interlaminar epidural, 1 nerve root selective nerve root block, 2 level therapeutic transforaminal epidural, 3 level facet/medial branch nerve blocks are indicated in a single session.
- 6 weeks of conservative care is need prior to an epidural steroid injection. 4 weeks of conservative care is needed prior to facet/medial branch nerve blocks and sacroiliac joint injections.
- For cervical and thoracic epidural injections, advanced imaging must be performed within the last 12 months.
- Fluoroscopic or CT scan image guidance is required for all interventional pain injections.
- The limit of diagnostic facet/medial branch nerve blocks is 2 prior to possible radiofrequency ablation. The limit of epidural steroid injections is 3 per episode and 4 per 12 month period.

Interventional Pain Requirements – continued

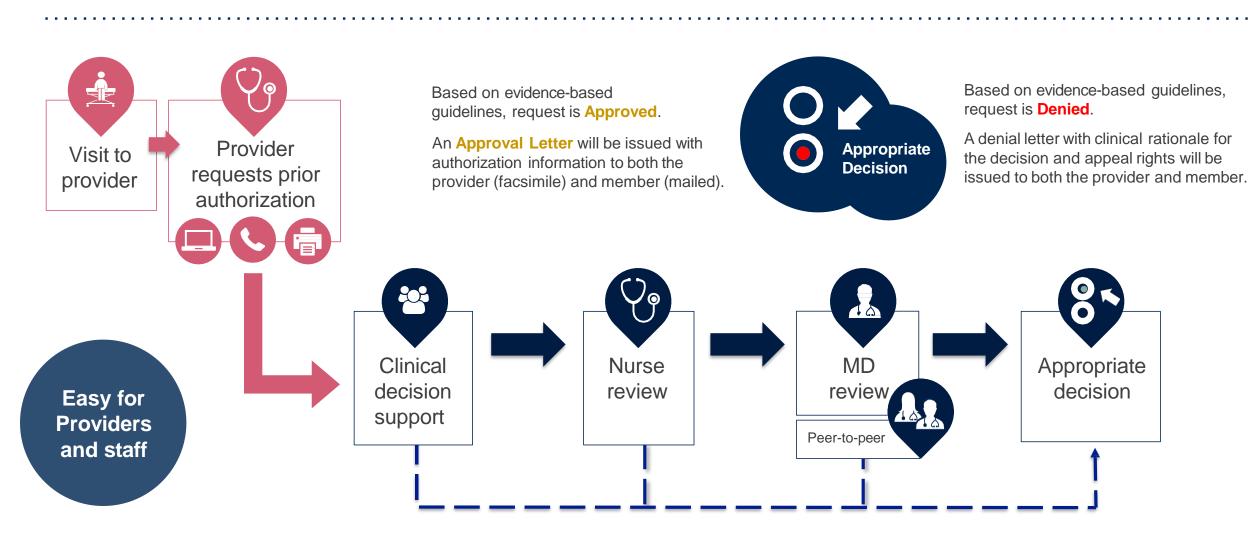

- Epidural injections require a 2 week outcome prior to preauthorization of a subsequent epidural. Radiofrequency ablation of the medial branch nerves from C2 3 to L5 S1 require a 6 week interval.
- An epidural steroid injection must have a least 2 of the following:
 - 50% or greater relief of radicular pain.
 - Increased level of function/physical activity.
 - And or decreased use of medication and/or additional medical services such as Physical Therapy/Chiropractic care.
- A diagnostic facet/medial branch nerve block must have at least 80% relief from the anesthetic. 2 facet/medial branch nerve blocks with a least 80% relief are needed for radiofrequency ablation.
- A therapeutic sacroiliac joint injection following a diagnostic joint injection must have >75% pain relief.
- A repeat therapeutic sacroiliac joint injection must have >75% pain relief and either an increase in level function or reduction in use of pain medication and/or medical services such as PT/Chiropractic care.

Applicable Memberships

Prior Authorization is required for Blue KC members who are enrolled in the following lines of business/programs:

Commercial

Utilization Management – The Prior Authorization Process

Information Needed for Prior Authorization

To obtain prior authorization on the very first submission, the provider submitting the request will need to gather four categories of information:

Member

- ID
- Member name
- · Date of birth (DOB)

Rendering Facility

- · Facility name
- Address
- National provider identifier (NPI)
- Tax identification number (TIN)
- Phone & fax number

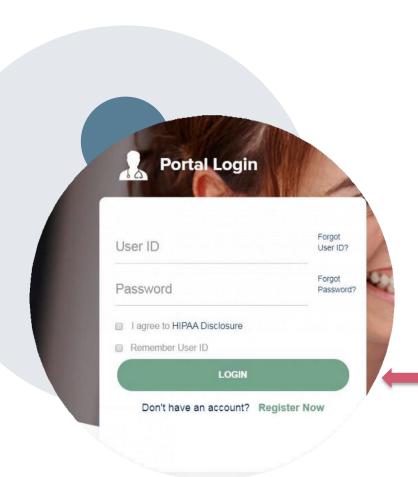

Referring (Ordering) Physician

- Physician name
- National provider identifier (NPI)
- · Phone & fax number

Supporting Clinical

- Pertinent clinical information to substantiate medical necessity for the requested service
- CPT/HCPCS Code(s)
- Diagnosis Code(s)
- Previous test results

Provider Portal Walkthrough

EviCore Healthcare Website

Visit <u>www.evicore.com</u>

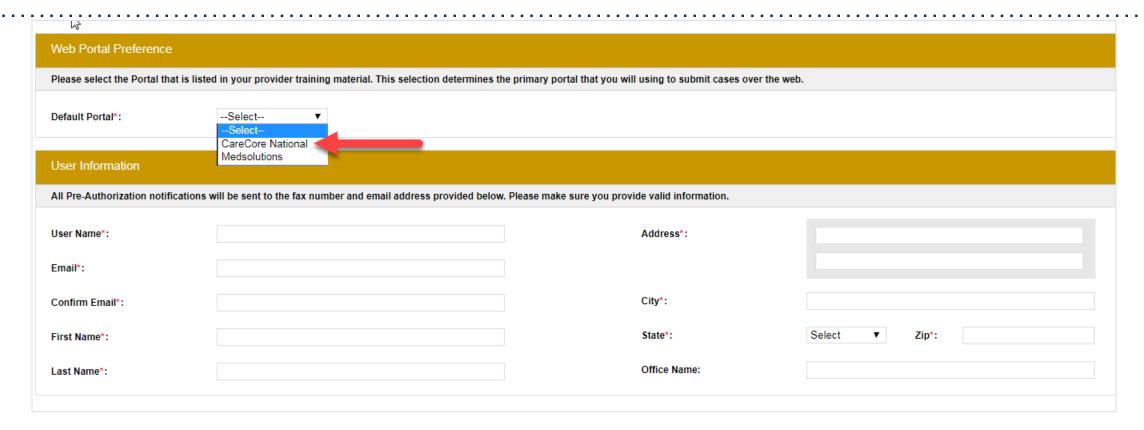

Already a user?

If you already have access to EviCore's online portal, simply log-in with your User ID and Password and begin submitting requests in real time!

Don't have an account?

Click "Register Now" and provide the necessary information to receive access today!

Creating an Account

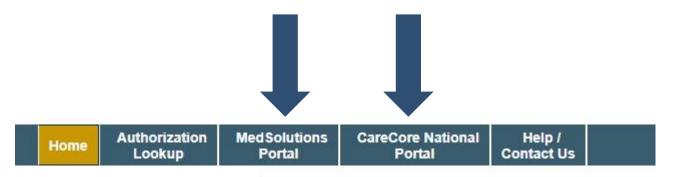

- Select CareCore National as the Default Portal, complete the User Information section in full, and Submit Registration.
- You will immediately be sent an email with a link to create a password. Once you have created a password, you will be redirected to the log-in page.

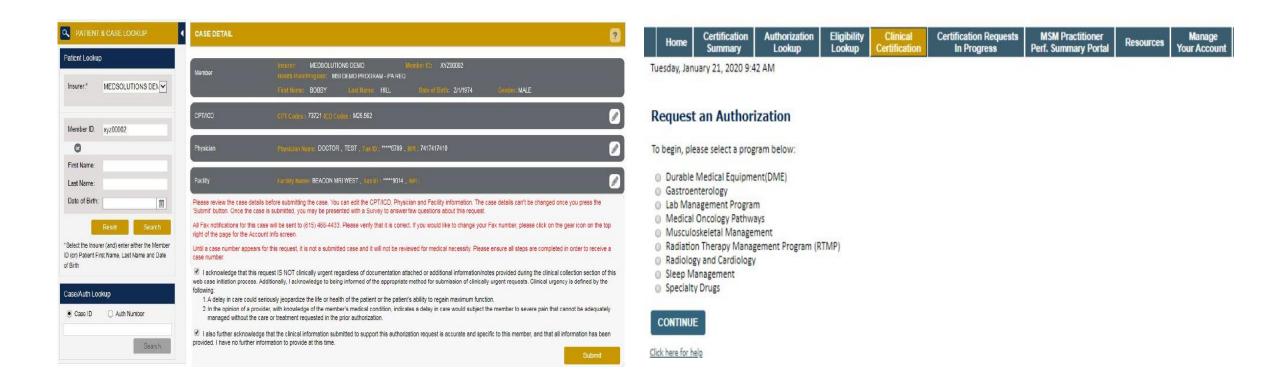

- Starting March 1, 2023, all BCBS-KC Radiology & Cardiology requests must be submitted through the CareCore National portal at www.EviCore.com, instead of the MedSolutions portal.
- If a provider has an existing login, the <u>same</u> credentials are used for both portals and a new account does <u>not</u> need to be created.
- Any authorizations requested prior to March 1, 2023 can still be viewed on the MedSolutions portal, but as of March 1, 2023 all new requests must be created on the CareCore National portal, as shown below.

Portal Differences – MedSolutions vs. CareCore

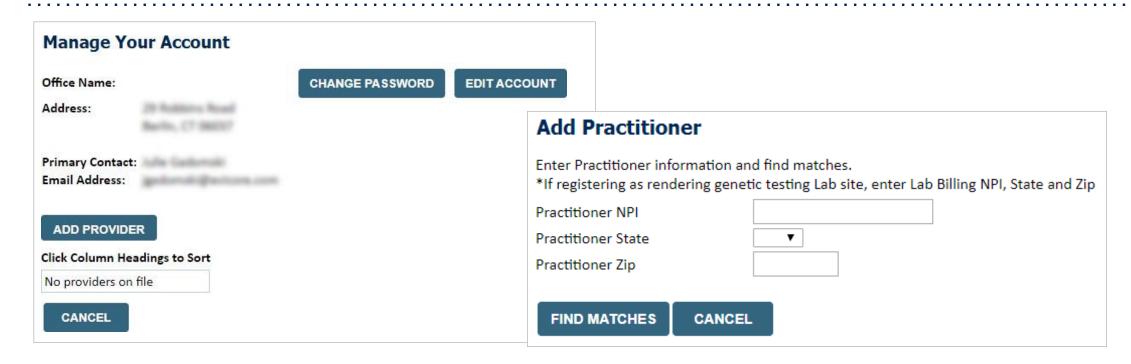

The MedSolutions portal shows the majority of case build information in a single screen view, while the CareCore portal prompts you step by step how to build a case, starting with program selection.

Welcome Screen

Certification Requests **MSM Practitioner** Help / **Med Solutions** Resources Certification Perf. Summary Portal Your Account Contact Us Portal Summarv Lookup Lookup In Progress Welcome to the CareCore National Web Portal. You are logged in as Providers must be added to your account before cases can be submitted over the web. Please select "Manage Account" to add providers." REQUEST AN AUTH RESUME IN-PROGRESS REQUEST **SUMMARY OF AUTH AUTH LOOKUP** MEMBER ELIGIBILITY

Note: You can access the MedSolutions Portal at any time without having to provide additional log-in information. Click the MedSolutions Portal on the top-right corner to seamlessly toggle back and forth between the two portals.

Add Practitioners

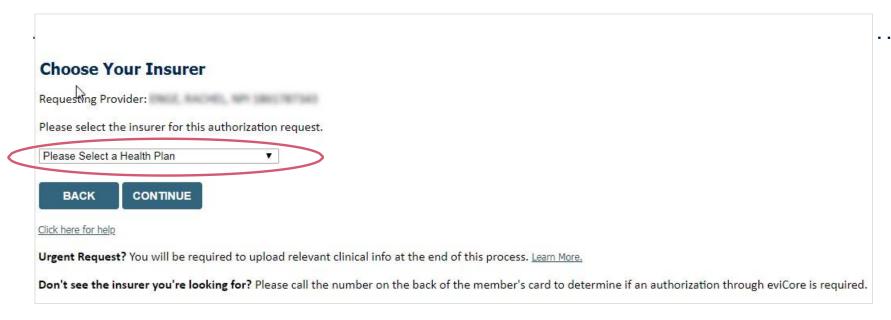

- Select the Manage Your Account tab, then Add Provider
- Enter the NPI, state, and zip code to search for the provider
- Select the matching record based upon your search criteria
- Once you have selected a practitioner, your registration will be complete
- You can also click Add Another Practitioner to add another provider to your account
- You can access the Manage Your Account at any time to make any necessary updates or changes

Initiating a Case

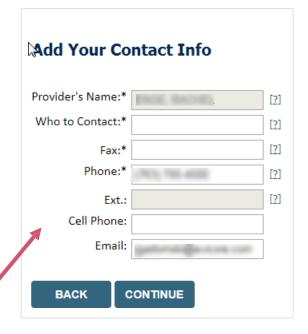

Eligibility Clinical Certification Requests **MSM Practitioner** Certification Authorization Manage Home Resources In Progress Perf. Summary Portal Summarv Lookup Lookup Certification Your Account **Request an Authorization Requesting Provider Information** To begin, please select a program below: Durable Medical Equipment(DME) Select the provider for whom you want to submit an authorization request. If you don't see them listed, click Manage Your Account to add them. Gastroenterology Lab Management Program Filter Last Name or NPI: Medical Oncology Pathways **SEARCH CLEAR SEARCH** Musculoskeletal Management Radiation Therapy Management Program (RTMP) Radiology and Cardiology Provider Sleep Management Specialty Drugs SELECT DECEMBER - DRIES, NACHO, SANSANI CONTINUE BACK CONTINUE

- Choose Clinical Certification to begin a new request
- Select the appropriate program (Note: Pain Management requests fall under Musculoskeletal Management)
- Select Requesting Provider Information

Select Health Plan & Provider Contact Info

- Choose the appropriate Health Plan (BCBS-KC) for the request
- Once the plan is chosen, select the provider address in the next drop-down box
- Select CONTINUE and on the next screen add your contact info
- Provider name, fax and phone will pre-populate, you can edit as necessary
- By entering a valid email you can receive e-notifications

Member & Request Information

- Enter the Member Information, including the patient ID, date of birth, and last name, then click Eligibility Lookup
- Next screen you can enter CPT code & diagnosis code (see Pain Management example provided)

Verify Service Selection

CONTINUE

Click here for help

- Verify requested service & diagnosis
- Edit any information if needed by selecting Change Procedure or Primary Diagnosis
- Click Continue to confirm your selection

Site Selection

Start by searching NPI or TIN for the site where the procedure will be performed. You can search by any fields listed. Searching with NPI, TIN, and zip code is the most efficient.

Select the specific site where the testing/treatment will be performed

Clinical Certification

Proceed to Clinical Information

You are about to enter the clinical information collection phase of the authorization process.

Once you have clicked "Continue," you will not be able to edit the Provider, Patient, or Service information entered in the previous steps. Please be sure that all Ihis data has been entered correctly before continuing.

In order to ensure prompt attention to your on-line request, be sure to click SUBMIT CASE before exiting the system. This final step in the on-line process is required even if you will be submitting additional information at a later time. Failure to formally submit your request by clicking the SUBMIT CASE button will cause the case record to expire with no additional correspondence from eviCore.

BACK

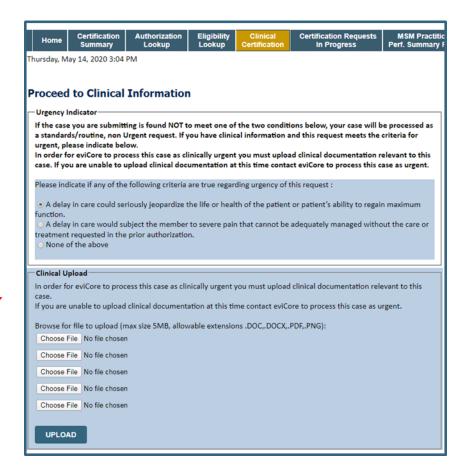

CONTINUE

- Verify that all information is entered and make any changes needed
- You will not have the opportunity to make changes after this point

Standard or Urgent Request?

- If your request is Urgent select No
- When a request is submitted as Urgent, you will be <u>required</u> to upload relevant clinical information
- If the case is Standard select Yes
- You can upload up to FIVE documents in .doc, .docx, or .pdf format – max 5MB document size
- Your case will only be considered Urgent if there is a successful upload

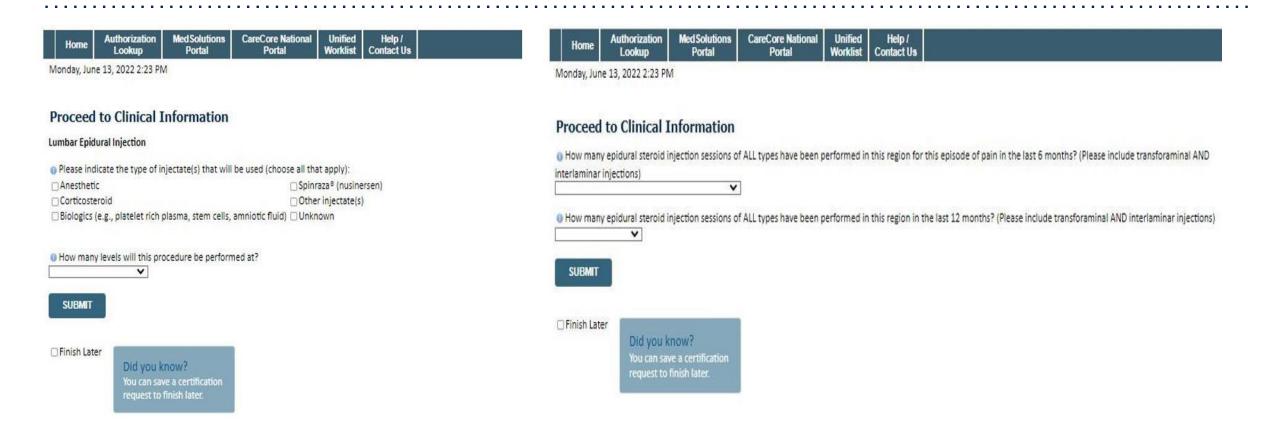

Improved Experience: Real-time Approval or Clinical Upload

*In some circumstances, you may be asked to complete a series of clinical questions which may result in an immediate approval or a request for clinical upload

Clinical Survey Questions for Pain Management

Pain Management cases will offer you a series of questions to answer about your request

Finalizing the Case Submission

Clinical Certification

I acknowledge that the clinical information submitted to support this authorization request is accurate and specific to this member, and that all information has been provided. I have no further information to provide at this time.

Print SUBMIT CASE

Click here for help or technical support

Acknowledge the Clinical Certification statements and click Submit Case

Additional Portal Features

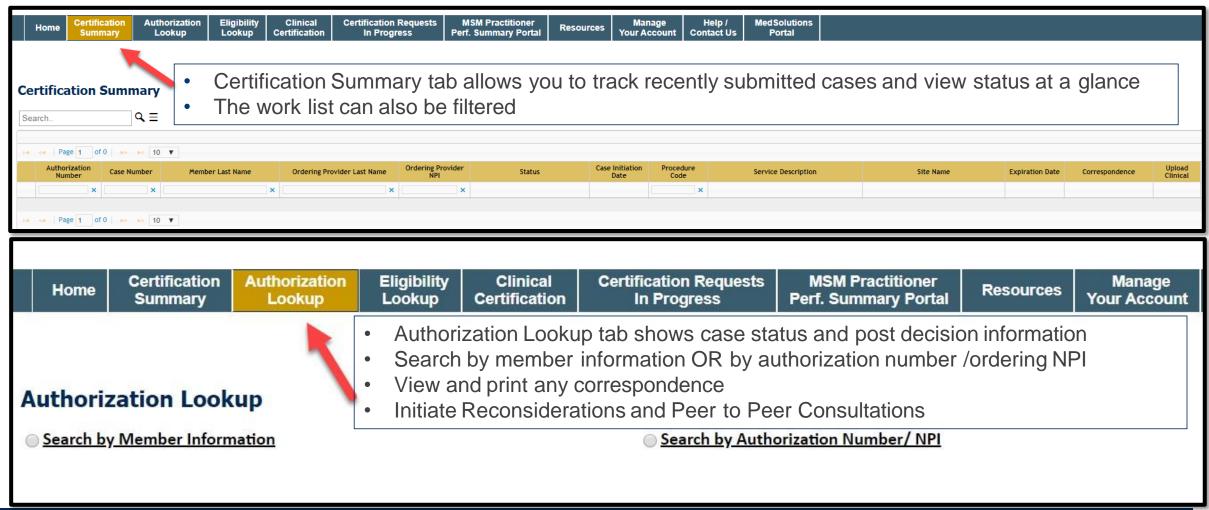

Duplication Feature

- Once a case has been submitted, the Duplication feature allows a new request to be started using some
 of the same information
- This process eliminates the need to enter duplicate information and allows multiple cases to be built efficiently

Success
Thank you for submitting a request for clinical certification. Would you like to:
Return to the main menu
Start a new request
Resume an in-progress request
You can also start a new request using some of the same information. Start a new request using the same: O Program (Radiation Therapy Management Program)

Provider Resources

EviCore Provider Support Teams

Client and Provider Services

Dedicated team to address provider-related requests and concerns including:

- Questions regarding Accuracy Assessment, Accreditation, and/or Credentialing
- Requests for an authorization to be resent to the health plan
- Eligibility issues (member, rendering facility, and/or ordering physician)
- Issues experienced during case creation
- Reports of system issues

How to Contact our Client and Provider Services team

Email: ClientServices@evicore.com For prompt service, please have all pertinent information available. When emailing, make sure to include the health plan in the subject line with a description of the issue, with member/provider/case details when applicable. You will be provided a ticket number for tracking purposes.

Provider Engagement Team

You can find a list of Regional Provider Engagement Managers at <u>www.EviCore.com</u> → Provider's Hub → Training Resources

Call Center & Online Assistance

Prior Authorization Call Center – 888.333.9082

Call center hours are 7am – 7pm Monday-Friday local time

Web-Based Services and Online Resources

- Important tools, health plan-specific contact information, and resources can be found at <u>www.evicore.com</u>
- Select the Resources to view Clinical Guidelines, Online Forms, and more

Web Support

- Our dedicated Web Support team can assist providers in navigating the portal and addressing any web-related issues during the online submission process.
- To speak with a Web Specialist, call (800) 646-0418 (Option #2) or email portal.support@evicore.com.
