Solution Overview

Prior Authorization Services

EviCore will begin managing Radiation Oncology services for Zing Health as of February 1, 2025. Authorization requests will be accepted for treatments starting February 1, 2025 and beyond.

Applicable Membership

- Medicare

Prior authorization applies to the following services

- Outpatient
- Elective/Non-emergent

Prior authorization does NOT apply to services performed in

- Emergency Rooms
- Observation Services
- Inpatient Stays

It is the responsibility of the ordering provider to request prior authorization approval for services.

Prior Authorization Services

IMPORTANT NOTE: Patients Currently in Treatment – Continuity of Care

If a patient is undergoing treatment before the start of the program on February 1, 2025, will the treatment need authorization?

- Zing Health will honor all radiation oncology courses of treatment that are in progress as of EviCore's management, effective February 1, 2025.
- As such, the provider is not required to submit request for treatment that began prior to February 1, 2025 through EviCore. The start of treatment is defined as the first date of service whereby radiation therapy treatment was administered to the patient.
- In addition, authorizations previously submitted through Zing Health should **not** be resubmitted through EviCore.
- Modifications to those existing authorizations, such as date extensions, are managed through Zing Health.
 - Please call 855-252-1125 to determine if an authorization for the services underway is already on file.

How to Request Prior Authorization

The EviCore Provider Portal is the easiest, most efficient way to request clinical reviews and check statuses.

- **Save time:** Quicker process than requests by phone or fax.
- **Available 24/7.**
- **Save your progress:** If you need to step away, you can save your progress and resume later.
- **Upload additional clinical information:** No need to fax supporting clinical documentation; it can be uploaded on the portal.
- **View and print determination information:** Check case status in real time.
- **Dashboard:** View all recently submitted cases.
- **E-notification:** Opt to receive email notifications when there is a change to case status.
- **Duplication feature:** If you are submitting more than one request, you can duplicate information to expedite submissions.

Utilization Management | Prior Authorization

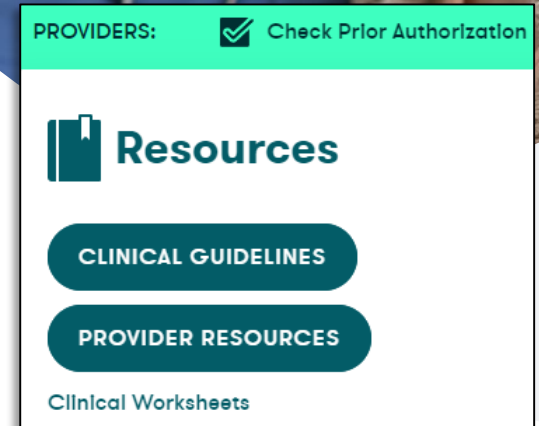

Holistic Treatment Plan Review | Radiation Therapy

EviCore relies on information about the patient's unique presentation and physician's intended treatment plan to authorize all services.

- Once in the EviCore portal, providers specify the cancer type or body part being treated rather than requesting individual CPT and HCPCS codes.
- The intended treatment plan for the diagnosis is compared to the evidence-based guideline developed by our Medical Advisory Board.
- For Medicare Cases, LCD and NCDs are followed if there is one applicable to the treatment.
- Of the requested treatment technique and number of fractions, the approved and/or denied technique and number of fractions will be communicated to the provider and member.
- If Image Guidance (IGRT) is requested, it may or may not be approved, separate from the primary treatment technique.

For questions about billing best practices or about the clinical guidelines utilized by EviCore, please visit the resource page on EviCore.com. Go to: EviCore.com → resources → clinical guidelines → Radiation Oncology

Necessary Information for Prior Authorization | Radiation Oncology

To obtain prior authorization on the very first submission, the provider submitting the request will need to gather information within four categories:

Member

- Health plan ID
- Member name
- Date of birth (DOB)

Rendering Facility

- Facility name
- Address
- National provider identifier (NPI)
- Tax identification number (TIN)
- Phone & fax number

Referring (Ordering) Physician

- Physician name
- National provider identifier (NPI)
- Phone & fax number

Supporting Clinical

- Site of treatment: non-cancerous or specific cancer type
- Diagnosis code(s)
- Anticipated treatment start date
- Pertinent clinical information such as the treatment plan, cancer stage etc.
 - Critical: Treatment technique, number of phases, number of treatment fractions, and identifying if Image Guided Radiation Therapy [IGRT] will be used
- As applicable, radiation oncology consultation note and/or treatment comparison plans

Insufficient Clinical | Additional Documentation Needed

If during case build all required pieces of documentation are not received, or are insufficient for EviCore to reach a determination, the following will occur:

The hold letter will inform the provider about what clinical information is needed as well as the **date by which it is needed**.

Requested information must be received within the timeframe as specified in the hold letter, or EviCore will render a determination based on the original submission.

Determination notifications will be sent.

Pre-Decision Options | Medicare Members

.....

I've received a request for additional clinical information. What's next?

Before a denial decision is issued on Medicare cases, EviCore will notify providers telephonically and in writing. From there, additional clinical information must be submitted to EviCore in advance of the due date referenced.

There are three ways to supply the requested information:

1. Fax to 866-699-8160.
2. Access the existing request via **Authorization Inquiry**, then **upload** directly into the case via the provider portal at [EviCore.com](https://www.evicore.com).
3. Request a **Pre-Decision Clinical Consultation**.
This consultation can be requested via the EviCore website, and must occur prior to the due date referenced in the notification.

PLEASE NOTE: If the additional clinical information is faxed/uploaded, that clinical is what is used for the review and determination. The case is not held further for a Pre-Decision Clinical Consultation, even if the due date has not yet lapsed.

Once the determination is made, notifications will go to the provider and member, and status will be available [EviCore.com](https://www.evicore.com).

Prior Authorization Outcomes, Special Considerations & Post-Decision Options

Prior Authorization Outcomes

Determination Outcomes:

- **Approved Requests:** Authorizations are valid for **45-240 calendar days** from the date of approval. Please refer to the authorization notification for the specific timeframe.
- **Denied Requests:** Based on evidence-based guidelines, if a request is determined as inappropriate, a notification with the rationale for the decision and post decision/ appeal rights will be issued.
- **Partially Approved Requests:** A portion of the requested treatment is authorized and valid for **45-240 calendar days** from the date of approval. Please refer to the authorization notification for the specific timeframe. A portion of the request is **not** authorized based on evidence-based guidelines, and a notification with rationale for decision and post decision appeal rights will be issued.

Notifications:

- Authorization letters will be faxed to the ordering provider.
- Web initiated cases will receive e-notifications when a user opts to receive e-notifications.
- Members will receive a letter by mail.
- Approval information can be printed on demand from the EviCore portal: www.EviCore.com

Special Circumstances

Retrospective (Retro) Authorization Requests

- **NOTE:** Retrospective requests are not permitted for Medicare members.

Urgent Prior Authorization Requests

- EviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the member.
- Can be initiated on provider portal or by phone.
- Urgent cases are typically reviewed within 24 hours.

Special Circumstances | Alternative Recommendations

An alternative treatment plan recommendation may be offered based on EviCore's evidence-based clinical guidelines.

When this occurs, the ordering provider can accept the alternative recommendation by building a new case.

Providers must contact EviCore to accept the alternative recommendation before the start of treatment.

Special Circumstances | Authorization Updates

We understand treatment plans can sometimes change.

- If updates are needed for an existing authorization, providers should contact EviCore by phone.
- **The following updates will require contacting EviCore:**
 - Modification to the technique(s)
 - Addition of Image Guided Radiation Therapy (IGRT)
 - Additional treatment fractions or phases
 - Change to the cancer type (or non-cancerous) indicated during the case build process
 - Modification to the authorized timespan
- **Changes in treatment plan** will require another Medical Necessity review on a new authorization. If approved, the original case will be withdrawn.
- Claims payment may be impacted if these updates are not communicated to EviCore. The billed services should align with the requested and approved treatment plan.
- If the **authorization time span will not cover the entirety** of the **treatment**, EviCore should be notified before the impacted services are billed by the provider.

Post-Decision Options | Medicare Members

My case has been denied. What's next?

Clinical Consultation

- Providers can request a Clinical Consultation with an EviCore physician to better understand the reason for denial.
- Once a denial decision has been made, however, the decision cannot be overturned via Clinical Consultation.

Reconsideration

- Medicare cases **do not** include a reconsideration option.

Appeals

- EviCore **will not** process first-level appeals for Medicare members. Medicare appeals will be handled through Zing Health.
- Please refer to the denial notice for instructions and requirements to submit an appeal.

Setting Up Multi-Factor Authentication (MFA)

To safeguard your patients' private health information (PHI), we have implemented a multi-factor authentication (MFA) process.

After you log in, you will be prompted to register your device for MFA.

Choose which authentication method you prefer: Email or SMS.
Then, enter your email address or mobile phone number.

Select **Send PIN**, and a 6-digit pin will be generated and sent to your chosen device.

After entering the provided PIN in the portal display, you will successfully be authenticated and logged in.

The screenshot shows a web form titled "Set up Two Factor Authentication". It has two radio buttons: "Email" (selected) and "SMS". Below this is a label "Register Email Address" and a text input field containing "meh****@evicore.com". A green "Send PIN" button is below the input field. Further down is a label "Please enter PIN sent to your Email Address" and a text input field containing "768342". A green "Submit" button is below this field, and a grey "Skip" button is at the bottom.

There is an ongoing project to include approved procedure (CPT) codes along with the number of requested and approved units in determination letters.

- There is no change to the current review process. Based on the treatment plan approved, the primary treatment delivery and imaging (if appropriate) CPT codes and quantities will populate on the determination letter.
- In some instances, substitution codes *may* be allowed in place of the code listed on the letter. Please refer to the plan specific Billing Category Crosswalk Table to understand what codes (if any) may be substituted for the one populated on your letter. The Crosswalk Table can be located at www.evicore.com/resources → Health Plan → Radiation Oncology
- The inclusion of procedure codes on letters is being piloted across select health plans. In the future, procedure codes will be provided on approval letters for all health plans, with few exceptions.

Provider Resources at EviCore.com

EviCore maintains provider resource pages that contain health-plan-specific and solution-specific educational material to assist providers and their staff on a daily basis. This page will include:

- Frequently asked questions
- Quick reference guides
- Provider training
- CPT code list

To access these helpful resources, visit:

[Zing Health Provider Resources | EviCore by Evernorth](#)

EviCore also maintains online resources not specific to health plans, such as guidelines and our required clinical information checklist.

To access these helpful resources, visit EviCore's [Provider's Hub](#).

Ongoing Provider Portal Training

The EviCore Portal Team offers general portal training, twice a week, every week.

All online orientation sessions are free of charge and will last approximately one hour. Advance registration is required, so follow the instructions below to sign up:

How To Register:

1. Go to <http://EviCore.webex.com/>
2. Click on the “hamburger” menu on the far left hand side (below the EviCore logo), then choose **WebEx Training**.
3. On the **Live Sessions** screen, click the **Upcoming** tab. In the search box above the tabs, type: **EviCore Portal Training**.
4. Choose the date and time for the session you would like to attend, and click the **Register** link beside it. (You will need to register separately for each session.)
5. Complete the required information and click the **Register** button.

Immediately after registering, you will receive an e-mail containing the toll-free phone number, meeting number, conference password, and a link to the web portion of the conference. **Please keep the registration e-mail so you will have the Web conference information for the session in which you will be participating.**

Provider Resource Review Forum

The EviCore website contains multiple tools and resources to assist providers and their staff during the prior authorization process.

We invite you to attend a **Provider Resource Review Forum** to learn how to navigate [EviCore.com](https://www.evicore.com) and understand all the resources available on the Provider's Hub.

Learn how to access:

- EviCore's evidence-based clinical guidelines
- Clinical worksheets
- Existing prior authorization request status information
- Search for contact information
- Podcasts & insights
- Training resources
