Recommend Prior Authorization on Approximately 398 CPT Codes

Non-Clinical Information Needed

.....

The following information must be provided to initiate the prior authorization request:

Member Information

- First and Last Name
- Date of Birth
- Member Identification Number
- Phone Number (If Applicable)

Ordering Physician Information

- First and Last Name
- Practice Address
- Individual National Provider Identification (NPI) Number
- Tax Identification Number (TIN)
- Phone and Fax Numbers

Rendering Laboratory Information

- Laboratory Name
- Street Address
- National Provider Identification (NPI) Number
- Tax Identification Number (TIN)
- Phone and Fax Numbers

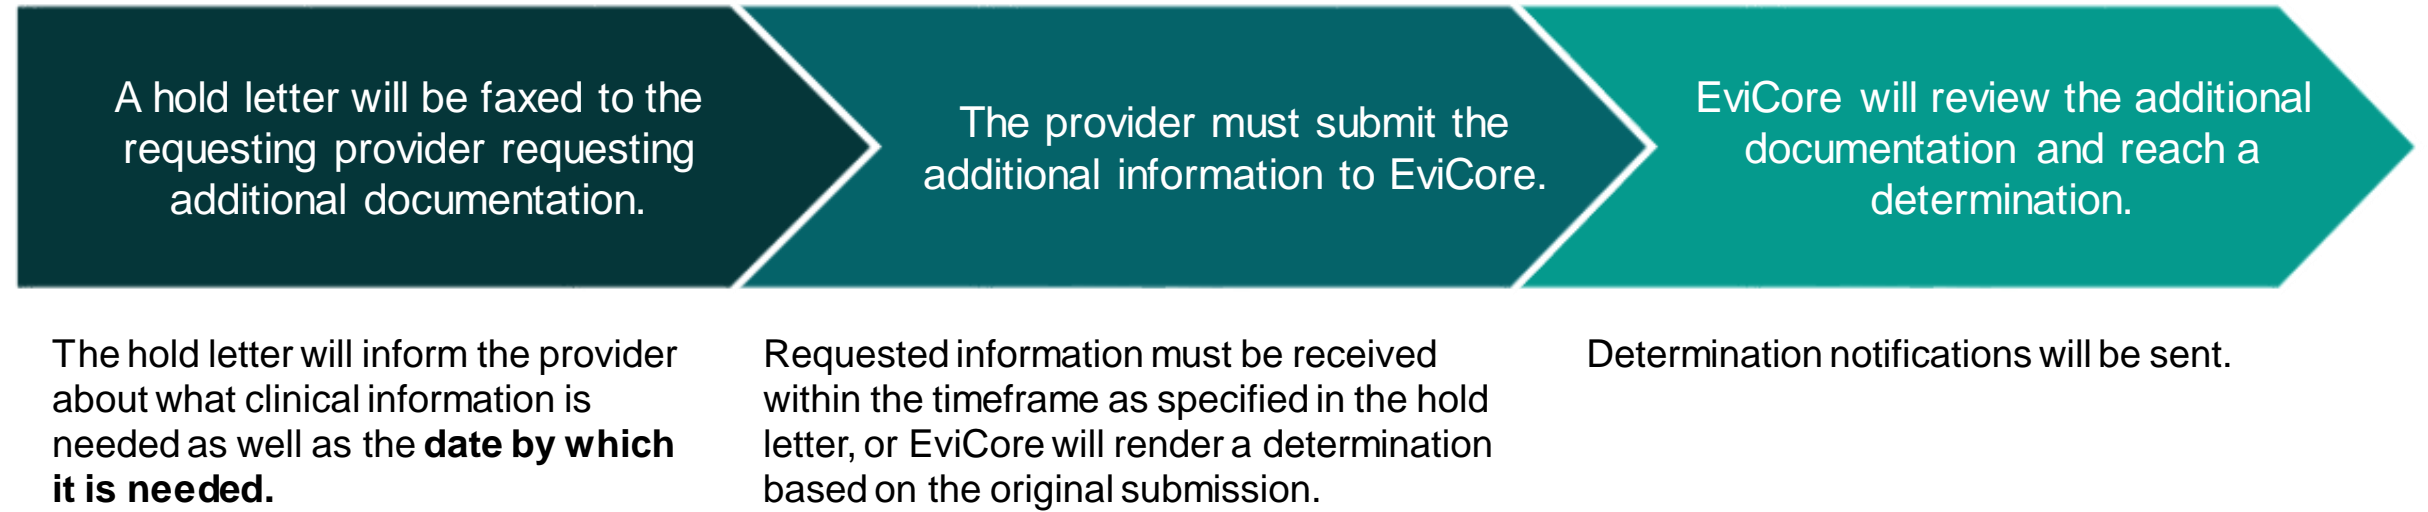

Clinical Information Needed

If clinical information is needed, this may include, but is not limited to:

- Details about the test being performed (test name, description and/or unique identifier)
- All information required by applicable policy
- Test indication, including any applicable signs and symptoms or other reasons for testing
- Any applicable test results (laboratory, imaging, pathology, etc.)
- Any applicable family history
- How test results will impact patient care

Insufficient Clinical | Additional Documentation Needed

If during case build all required pieces of documentation are not received, or are insufficient for EviCore to reach a determination, the following will occur:

Pre-Decision Options | Medicare Members

I've received a request for additional clinical information. What's next?

Before a denial decision is issued on Medicare cases, EviCore will notify providers telephonically and in writing. From there, additional clinical information must be submitted to EviCore in advance of the due date referenced.

There are three ways to supply the requested information:

1. **Fax to 800-540-2406.**
2. **Upload** directly into the case via the provider portal at [EviCore.com](https://www.EviCore.com).
3. **Request a Pre-Decision Clinical Consultation.**
This consultation can be requested via the EviCore website, and must occur prior to the due date referenced in the notification.

PLEASE NOTE: If the additional clinical information is faxed/uploaded, that clinical is what is used for the review and determination. The case is not held further for a Pre-Decision Clinical Consultation, even if the due date has not yet lapsed.

Once the determination is made, notifications will go to the provider and member, and status will be available on [EviCore.com](https://www.EviCore.com).

Prior Authorization Outcomes, Special Considerations & Post-Decision Options

Prior Authorization Outcomes

Determination Outcomes:

- **Approved Requests:** Authorizations are valid for a minimum of **180 calendar days** from the date of approval.
- **Partially Approved Requests:** In instances where multiple CPT codes are requested, some may be approved and some denied. In these instances, the determination letter will specify what has been approved as well as post decision options for denied codes, including denied Site of Care (if applicable).
- **Denied Requests:** Based on evidence-based guidelines, if a request is determined as inappropriate, a notification with the rationale for the decision and post decision/ appeal rights will be issued.

Notifications:

- Authorization letters will be faxed to the ordering provider.
- Web initiated cases will receive e-notifications when a user opts to receive.
- Members will receive a letter by mail.
- Approval information can be printed on demand from the EviCore portal: www.EviCore.com

Special Circumstances

Alternative Recommendations

- An alternative recommendation may be offered, based on EviCore's evidence-based clinical guidelines.
- The ordering provider can either accept the alternative recommendation or request a reconsideration for the original request.
- Providers have up to **14 calendar days** to contact EviCore to accept the alternative recommendation.

Authorization Update

- If updates are needed on an existing authorization, you can contact EviCore by phone at **888-564-5492**.
- While EviCore needs to know if changes are made to the approved request, any change could result in the need for a separate clinical review and require a new request (and the original approved request would need to be withdrawn).
- If the authorization is not updated, it may result in a claim denial.

Post-Decision Options | Commercial & CHIP Members

My case has been denied. What's next?

Your **determination letter** is the best immediate source of information to assess what options exist on a case that has been denied. You may also call EviCore at **888-564-5492** to speak with an agent who can provide available option(s) and instruction on how to proceed.

Alternatively, select **All Post Decisions** under the **Authorization Lookup** function on [EviCore.com](https://www.evicore.com) to see available options.

Reconsiderations

- Reconsiderations must be requested within **180 calendar days** of the determination date.
- Reconsiderations can be requested in writing or verbally via a Clinical Consultation with an EviCore physician.
- Please refer to the denial letter for instructions.

Appeals

- EviCore **will** process first-level appeals.
- The timeframe by which appeal requests must be submitted to EviCore varies by line of business.
- Please refer to the denial letter for instructions.

Post-Decision Options | Medicare Members

My case has been denied. What's next?

Clinical Consultation

- Providers can request a Clinical Consultation with an EviCore physician to better understand the reason for denial.
- Once a denial decision has been made, however, the decision cannot be overturned via Clinical Consultation.

Reconsideration

- Medicare cases **do not** include a reconsideration option.

Appeals

- EviCore **will not** process first-level appeals for Medicare members.

Special Circumstances

Retrospective (Retro) Authorization Requests

- Must be submitted within **730 calendar days** from the date of service.
- Reviewed for clinical urgency and medical necessity.
- Retro requests are processed within **30 calendar days** after receiving all necessary information.
- When authorized, the start date will be the submitted date of service.

Urgent Prior Authorization Requests

- EviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the member.
- Can be initiated on provider portal or by phone.
- Urgent cases are typically reviewed within 24 to 72 hours.
