What is Changing: Platform Migration

Platform Migration: Effective February 1, 2026

- EviCore currently accepts prior authorization requests for Aetna Better Health members through the MedSolutions portal. Beginning February 1, 2026, these requests should be entered through the CareCore National portal at EviCore.com.
- If a provider has an existing login, the same credentials are used for both portals and a new account does not need to be created.
- Any authorizations requested prior to February 1, 2026 can still be viewed on the MedSolutions portal, but as of February 1, 2026, all new requests must be created on the CareCore National portal, as shown below.

Welcome Screen | MedSolutions

- If your login takes you to the MedSolutions Portal, you can click the **CareCore National Portal** button (as seen above) to seamlessly toggle back and forth between the two portals.
- As you can see from the Announcements on this screen, many health plan programs are migrating from the MedSolutions Portal to the CareCore National portal.
