Solution Overview

Gastroenterology

EviCore by Evernorth will begin accepting prior authorization requests for Gastroenterology services on October 8th, 2025 for dates of service October 22, 2025 and beyond.

Applicable Membership

- Commercial-Fully Insured on the Facets source system

Access the [Prior Authorization Look Up Tool \(PAL\) training link](#) for assistance

Prior Authorization applies to the following services:

- Esophagogastroduodenoscopy (EGD)
- Capsule Endoscopy

Prior Authorization does NOT apply to services that are:

- Emergency Room Services
- 23 Hour Observations
- Inpatient Stays

It is the responsibility of the ordering provider to request prior authorization approval for services.

Providers should verify member eligibility and benefits by logging into the CareFirst Provider Portal (CareFirst Direct): [Providers & Physicians Home | CareFirst Provider](#)

Important Information on Covered Services

Important information about the procedures included under the Gastroenterology program

- For EGD and capsule endoscopy procedures, providers are encouraged to select the appropriate procedure as substitution codes are not allowed at this time.
- Multiple maneuvers (e.g., polypectomy of one lesion, and then destruction of a different lesion by electrocautery, etc.) may occur during the course of a planned EGD. Please refer to the additional resources <https://www.evicore.com/resources/healthplan/carefirst> including the Gastroenterology Tip sheet for more specific details.
- All ancillary procedure codes, including Monitored Anesthesia (MAC) performed in conjunction with denied services, are not covered and will likely not be reimbursed by CareFirst if performed.

Submitting Requests

Utilization Management | Prior Authorization

How to Request Prior Authorization

The EviCore Provider Portal is the easiest, most efficient way to request clinical reviews and check statuses.

You can access the EviCore Provider Portal directly through CareFirst via <https://provider.carefirst.com>

- **Save time:** Quicker process than requests by phone or fax.
- **Available 24/7.**
- **Save your progress:** If you need to step away, you can save your progress and resume later.
- **Upload additional clinical information:** No need to fax supporting clinical documentation; it can be uploaded on the portal.
- **View and print determination information:** Check case status in real time.
- **Dashboard:** View all recently submitted cases.
- **E-notification:** Opt to receive email notifications when there is a change to case status.
- **Duplication feature:** If you are submitting more than one request, you can duplicate information to expedite submissions.

Phone: 844-303-8450

Monday – Friday
7 AM – 7 PM (local time)

Fax: 800.540.2406

Necessary Information for Prior Authorization

To obtain prior authorization on the very first submission, the provider submitting the request will need to gather information within four categories:

Member

- Health Plan ID
- Member name
- Date of birth (DOB)

Referring (Ordering) Provider

- Physician name
- National provider identifier (NPI)
- Phone & fax number

Rendering Facility

- Facility name
- Address
- National provider identifier (NPI)
- Tax identification number (TIN)
- Phone & fax number

Supporting Clinical

- Pertinent clinical information to substantiate medical necessity for the requested service
- CPT/HCPCS Code(s)
- Diagnosis Code(s)
- Previous test results

Insufficient Clinical | Additional Documentation Needed

If during case build all required pieces of documentation are not received, or are insufficient for EviCore to reach a determination, the following will occur:

A hold letter will be faxed to the requesting provider requesting additional documentation.

The provider must submit the additional information to EviCore.

EviCore will review the additional documentation and reach a determination.

The hold letter will inform the provider about what clinical information is needed, as well as the **date by which it is needed**.

Requested information must be received within the timeframe as specified in the hold letter, or EviCore will render a determination based on the original submission.

Determination notifications will be sent.

Prior Authorization Outcomes, Special Considerations & Post-Decision Options

Prior Authorization Outcomes

Determination Outcomes:

- **Approved Requests:** Authorizations for MD and VA are valid for 90 calendar days from the date of the determination. Authorizations where the Jurisdiction state is DC those authorizations will be valid for 365 calendar days from the date of determination.
- **Partially Approved Requests:** In instances where multiple CPT codes are requested, some may be approved and some denied. In these instances, the determination letter will specify what has been approved as well as post decision options for denied codes, including denied Site of Care (if applicable).
- **Denied Requests:** Based on evidence-based guidelines, if a request is determined as inappropriate, a notification with the rationale for the decision and post decision/ appeal rights will be issued.

Notifications:

- Authorization letters will be faxed to the ordering provider.
- Web initiated cases will receive e-notifications when a user opts to receive.
- Members will receive a letter by mail.
- Approval information can be printed on demand from the EviCore portal: www.EviCore.com

Special Circumstances

Authorization Update

- If updates are needed on an existing authorization, you can contact EviCore by phone 844-303-8450.
- While EviCore needs to know if changes are made to the approved request, any change could result in the need for a separate clinical review and require a new request (and the original approved request would need to be withdrawn).
- If the authorization is not updated, it may result in a claim denial.

Urgent Prior Authorization Requests

- EviCore uses the NCQA/URAC definition of urgent: when a delay in decision-making may seriously jeopardize the life or health of the member
- Can be initiated on provider portal or by phone
- Urgent cases are typically reviewed within 24 to 72 hours

Retrospective requests are not permitted for Gastroenterology through EviCore

Post-Decision Options | Commercial/FI Members

My case has been denied. What's next?

Your **determination letter** is the best immediate source of information to assess what options exist on a case that has been denied. You may also call EviCore at **844-303-8450** to speak with an agent who can provide available option(s) and instruction on how to proceed.

Alternatively, select **All Post Decisions** under the **Authorization Lookup** function on **EviCore.com** to see available options.

Reconsiderations

- Providers can request a reconsideration review.
- Reconsiderations must be requested within **14 calendar days** after the determination date.
- Reconsiderations can be requested in writing or verbally via a Clinical Consultation with an EviCore physician.

Appeals

- EviCore will process first-level appeals.
- The timeframe by which appeal requests must be submitted to EviCore varies by line of business. Please refer to the denial letter for instructions.

Provider Resources at EviCore.com

EviCore maintains provider resource pages that contain health-plan-specific and solution-specific educational material to assist providers and their staff on a daily basis. This page will include:

- Frequently asked questions
- Quick reference guides
- Provider training
- CPT code list

To access these helpful resources, visit:

<https://www.evicore.com/resources/healthplan/carefirst>

EviCore also maintains online resources not specific to health plans, such as guidelines and our required clinical information checklist.

To access these helpful resources, visit EviCore's [**Provider's Hub**](#).

Ongoing Provider Portal Training

The EviCore Portal Team offers general portal training, twice a week, every week.

All online orientation sessions are free of charge and will last approximately one hour. Advance registration is required, so follow the instructions below to sign up:

How To Register:

1. Go to <http://EviCore.webex.com/>
2. Click on the “hamburger” menu on the far left hand side (below the EviCore logo), then choose **Webex Training**.
3. On the **Live Sessions** screen, click the **Upcoming** tab. In the search box above the tabs, type: **EviCore Portal Training**.
4. Choose the date and time for the session you would like to attend, and click the **Register** link beside it. (You will need to register separately for each session.)
5. Complete the required information and click the **Register** button.

Immediately after registering, you will receive an e-mail containing the toll-free phone number, meeting number, conference password, and a link to the web portion of the conference. **Please keep the registration e-mail so you will have the Web conference information for the session in which you will be participating.**

Provider Resource Review Forum

The EviCore website contains multiple tools and resources to assist providers and their staff during the prior authorization process.

We invite you to attend a **Provider Resource Review Forum** to learn how to navigate [EviCore.com](https://www.evicore.com) and understand all the resources available on the Provider's Hub.

Learn how to access:

- EviCore's evidence-based clinical guidelines
- Clinical worksheets
- Existing prior authorization request status information
- Search for contact information
- Podcasts & insights
- Training resources
