Submitting Requests

Utilization Management | Prior Authorization

How to Request Prior Authorization

The EviCore Provider Portal is the easiest, most efficient way to request clinical reviews and check statuses.

- **Save time:** Quicker process than requests by phone or fax.
- **Available 24/7.**
- **Save your progress:** If you need to step away, you can save your progress and resume later.
- **Upload additional clinical information:** No need to fax supporting clinical documentation; it can be uploaded on the portal.
- **View and print determination information:** Check case status in real time.
- **Dashboard:** View all recently submitted cases.
- **E-notification:** Opt to receive email notifications when there is a change to case status.
- **Duplication feature:** If you are submitting more than one request, you can duplicate information to expedite submissions.

To access the EviCore Provider Portal, visit EviCore.com/provider

Necessary Information for Prior Authorization

To obtain prior authorization on the very first submission, the provider submitting the request will need to gather information within four categories:

Member

- Health Plan ID
- Member name
- Date of birth (DOB)

Rendering Facility

- Facility name
- Address
- National provider identifier (NPI)
- Tax identification number (TIN)
- Phone & fax number

Referring (Ordering) Provider

- Physician name
- National provider identifier (NPI)
- Phone & fax number

Supporting Clinical

- Pertinent clinical information to substantiate medical necessity for the requested service
- CPT/HCPCS Code(s)
- Diagnosis Code(s)
- Previous test results

Insufficient Clinical | Additional Documentation Needed

Additional Documentation to Support Medical Necessity

If during case build all required pieces of documentation are not received, or are insufficient for EviCore to reach a determination, the following will occur:

Prior Authorization Outcomes, Special Considerations & Post-Decision Options

Prior Authorization Outcomes

Determination Outcomes:

- **Approved Requests:** Authorizations are valid for **60 calendar days** from the date of approval.
- **Partially Approved Requests:** In instances where multiple CPT codes are requested, some may be approved and some denied. In these instances, the determination letter will specify what has been approved as well as post decision options for denied codes, including denied Site of Care (if applicable).
- **Denied Requests:** Based on evidence-based guidelines, if a request is determined as inappropriate, a notification with the rationale for the decision and post decision/ appeal rights will be issued.

Notifications:

- Authorization letters will be faxed to the ordering provider.
- Web initiated cases will receive e-notifications when a user opts to receive.
- Members will receive a letter by mail.
- Approval information can be printed on demand from the EviCore portal: www.EviCore.com

Special Circumstances

Alternative Recommendations

- An alternative recommendation may be offered, based on EviCore's evidence-based clinical guidelines.
- The ordering provider can either accept the alternative recommendation or request a reconsideration for the original request.

Authorization Update

- If updates are needed on an existing authorization, you can contact EviCore by phone at **866-668-8295**.
- While EviCore needs to know if changes are made to the approved request, any change could result in the need for a separate clinical review and require a new request (and the original approved request would need to be withdrawn).
- If the authorization is not updated, it may result in a claim denial.

Post-Decision Options | Medicaid & CHIP Members

My case has been denied. What's next?

- Your determination letter is the best immediate source of information to assess what options exist on a case that has been denied.
- You may also call EviCore at **866-668-8295** to speak with an agent who can provide available option(s) and instruction on how to proceed.
- Alternatively, select “All Post Decisions” under the authorization lookup function on **EviCore.com** to see available options.

Reconsiderations

- Reconsiderations must be requested within **five (5) business days** of the determination date.
- Reconsiderations can be requested in writing or verbally via a Clinical Consultation with an EviCore physician.

Appeals

- EviCore will not process first-level appeals.
- Please refer to the denial letter for instructions.
- A written notice of the appeal decision will be mailed to the member and faxed to the ordering provider.

Special Circumstances

Urgent Prior Authorization Requests

- EviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the member.
- Can be initiated on provider portal or by phone.
- Urgent cases are typically reviewed within 24 to 72 hours.

Provider Portal Overview

- To access resources on the EviCore Provider Portal, visit EviCore.com
- Already a user?

Creating an EviCore Provider Portal Account

The screenshot shows the EviCore registration form with the following sections:

- User Information:** Includes fields for First Name, Last Name, and User Name. A "Next" button is located to the right of this section.
- Contact Info:** Includes fields for Email, Confirm Email, Phone, and Ext (optional).
- Physician/Facility Information:** Includes fields for Individual NPI and Tax ID.

- Complete the User Information section in full and **Submit Registration**.
- You will immediately be sent an email with a link to verify your account and create a password. Once you have created a password, you will be redirected to the login page.

Setting Up Multi-Factor Authentication (MFA)

To safeguard your patients' private health information (PHI), we have implemented a multi-factor authentication (MFA) process.

- After you log in, you will be prompted to register your device for MFA.
- Choose which authentication method you prefer: Email or SMS. Then, **enter your email address or mobile phone number**.
- Once you select **Send PIN**, a 6-digit pin will be generated and sent to your chosen device.
- After entering the provided PIN in the portal display, you will successfully be authenticated and logged in.

A screenshot of the EviCore MFA verification interface. At the top is the EviCore logo with 'By EVERNORTH' underneath. The main heading is 'Verify your identity'. Below it, it says 'We've sent an email to:' followed by a blurred email address. There is a text input field for the 6-digit code, with the placeholder text 'Enter 6-digit code*'. Below the input field is a checkbox labeled 'Remember this device for 30 days' which is checked. A large teal 'Continue' button is positioned below the checkbox. At the bottom, there is a link that says 'Didn't receive a code? Check your spam or junk folder or [Resend](#).' and another link below it that says '[Use a different verification method](#)'.

Provider Shared Worklist

To allow others to view your worklist while you are out of the office, you can add them by selecting **User Access** and add their user ID and email address. They must have an EviCore account to be added.

A screenshot of the EviCore web application interface. The top header is dark teal with the EviCore logo (By EVERNORTH) on the left, 'Hello, Suma' in the center, and navigation links 'Request An Authorization', 'Worklist', 'Auth Lookup', and 'User Access' on the right. The main content area has a teal background. A white modal box is open, titled 'Give access to your worklist'. Inside the modal, there is a green notification bar at the top stating 'David Gates will have access to your worklist' with a close button. Below this, the text 'Use this form to give users access to your worklist' is displayed. The form consists of two input fields: 'User ID' and 'Email', followed by an 'Allow access' button. At the bottom of the modal, a blue bar indicates '35 people have access to your worklist' with a 'View List' button and a close button.
