Do I need a separate pre-service authorization for all procedure codes related to a course of radiation therapy?

No, a separate pre-authorization is not required for all procedure codes related to an episode of care for radiation therapy. EviCore will assign a single authorization number with a decision for medical necessity for the primary treatment delivery.

IMPORTANT NOTE: Patients Currently in Treatment – Continuity of Care

Is authorization required if a patient is undergoing treatment before the start of the program on March 1, 2026?

- Submit authorizations to EviCore for treatments in progress, as of March 1, 2026, that which do not already have an authorization on file through Alliance.

- Authorizations previously submitted through Alliance Health should **not** be resubmitted through Evi-Core.

- Modifications to those pre-existing Alliance Health authorizations are managed through EviCore. Modifications include:

- Date extensions
- An update to services requested on the originally obtained authorization

How long is the authorization valid?

Radiation Oncology authorizations are valid for varying periods, depending on the cancer type/treatment technique, and any applicable state regulations. The authorization timespan will be communicated on the authorization letter. If the services are not performed within the timeframe provided, please contact EviCore healthcare.

How do I make a revision to an authorization that has been performed? How do I make a revision to authorization that has not been performed?

Please contact EviCore with any change to the authorization, whether or not the procedure has already been performed. It is very important to update Evicore of any changes to the authorization in order for claims to be correctly processed.

If the patient starts radiation therapy treatment at one facility and changes to another during a course of treatment, is a new pre-service authorization required?

If there is a change to the location where radiation therapy treatment is being delivered then please contact EviCore

What is the most effective way to get authorization for urgent requests?

Urgent requests are defined as a condition that is a risk to the patient's health, ability to regain maximum function and/or the patient is experiencing severe pain that require a medically urgent procedure. Urgent requests may be initiated on our web portal at EviCore.com or by contacting our contact center at 888-444-6182. Urgent requests will be processed within 72 hours from the receipt of complete clinical information.

Note: Please select urgent for cases that truly are clinically urgent and not simply for a "quicker" review. Also, please note that any case marked urgent that does not meet urgent criteria may be reassigned as a routine/standard case.

How will all parties be notified if the prior authorization has been approved?

Ordering and rendering providers/facility will receive written notification via fax and urgent requests via phone. You can also validate the status by using the EviCore provider portal at www.evicore.com or by calling EviCore healthcare at 888-444-6182. Members will be notified by mail and urgent requests via phone.

What are my options if I receive an adverse determination?

The ordering provider will receive a denial letter that contains the reason for denial and appeal rights processes. Reconsiderations must be requested within 7 business days after the determination date.

Does EviCore healthcare employ physicians other than radiation oncologists to review prior authorization requests?

No, only radiation oncologists review prior authorization requests for radiation therapy.

Where should I send claims once I provide services?

Submit all claims as you would normally; pre-service authorization approval is not a guarantee of payment of benefits.

Payment of benefits is subject to several factors, including, but not limited to, eligibility at the time of service, payment of premiums/contributions, amounts allowable for services, supporting medical documentation and other terms, conditions, limitations and exclusions of your Certificate of Benefits booklet and/or Summary of Benefits.

If a claim is denied, refer to the denial letter for information on how to appeal the claim.

What information about the prior authorization will be visible on the EviCore healthcare website?

The authorization status function on the website will provide the following information:

- Pre-Service Authorization Number/Case Number
- Status of Request
- Cancer Type
- Site Name and Location
- Pre-Service Authorization Date
- Expiration Date
- Any correspondence that has been sent by EviCore to member, provider, and/or facility
