Insufficient Clinical | Additional Documentation Needed

If during case build all required pieces of documentation are not received, or are insufficient for EviCore to reach a determination, the following will occur:

A hold letter will be faxed to the requesting provider requesting additional documentation.	The provider must submit the additional information to EviCore.	EviCore will review the additional documentation and reach a determination.
The hold letter will inform the provider about what clinical information is needed as well as the **date by which it is needed.**	Requested information must be received within the timeframe as specified in the hold letter, or EviCore will render a determination based on the original submission. Additional clinical can be upload via the provider portal (preferred) or faxed to 800-540-2406.	Determination notifications will be sent.

Prior Authorization Outcomes, Special Considerations & Post-Decision Options

EviCore
By EVERNORTH

Prior Authorization Determination Outcomes

Determination Outcomes

- **Approved Requests:** Authorizations are valid for 45
- **Partially Approved Requests:** In instances where multiple CPT codes are requested, some may be approved and some denied. In these instances, the determination letter will specify what has been approved, as well as post-decision options for denied codes.
- **Denied Requests:** If a request is determined as inappropriate based on evidence-based guidelines, a notification with the rationale for the decision and post-decision/ appeal rights will be issued.

Notifications

- Authorization letters will be faxed to the ordering physician.
- Web-initiated cases will receive e-notifications if a user opted in to this method.
- Members will receive a letter by mail.
- Approval information can be printed on demand from the **EviCore portal**.

EviCore
By EVERNORTH

Special Circumstances

Retrospective Authorization Requests

- Must be submitted within 90 calendar days from the date of change and meet a valid retro exception reason
- Any submitted beyond this timeframe will not move forward for review
- Reviewed for **clinical urgency** and medical necessity
- When authorized, the start date will be submitted date of service

Urgent Prior Authorization Requests

- EviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the member
- Can be initiated on provider portal or by phone
- Urgent cases are typically reviewed within 24 to 72 hours

EviCore
By **EVERNORTH**

Special Circumstances (cont.)

+Alternative Recommendation

- An alternative recommendation may be offered based on EviCore's evidence-based clinical guidelines

- The ordering provider can either accept the alternative recommendation or request a reconsideration for the original request

+Authorization Update

- If updates are needed on an existing authorization, providers can contact EviCore by phone

- If the authorization is not updated and a different facility location or CPT code is submitted on the claim, it may result in a claim denial

EviCore
By EVERNORTH
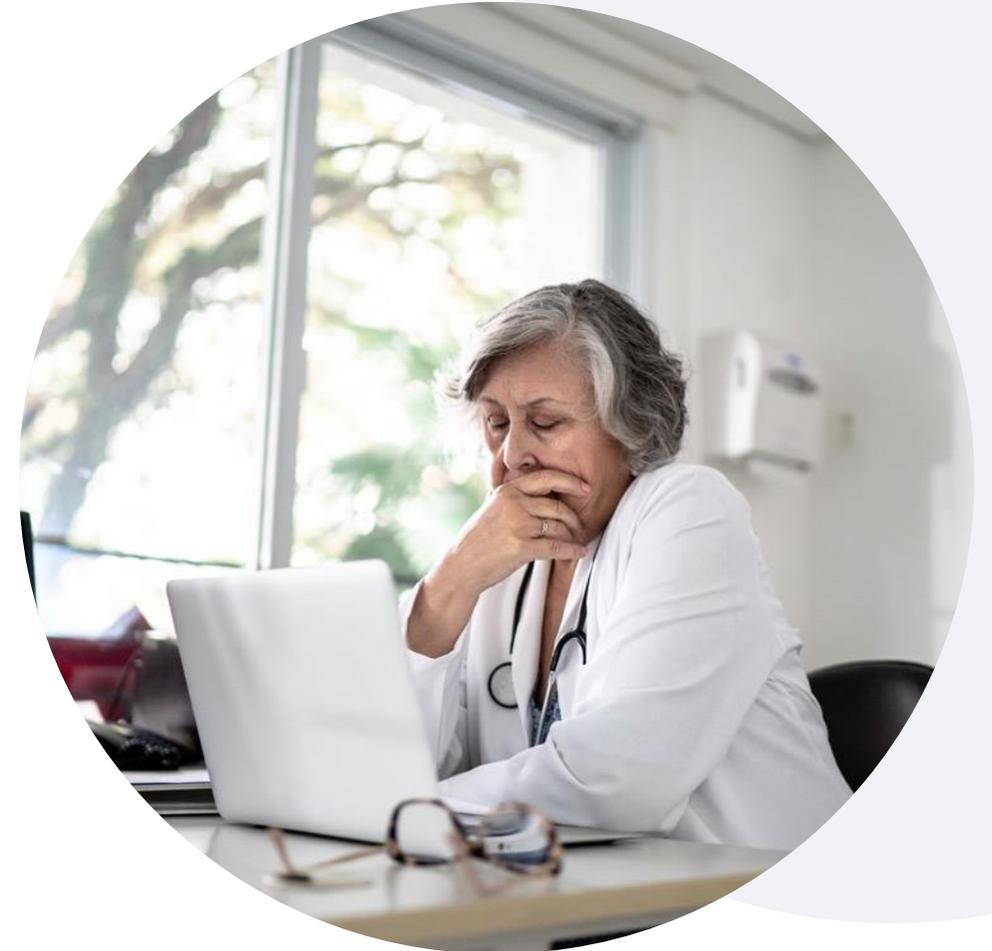

Post-Decision Options

My case has been denied. What's next?

You may also call EviCore at **888-444-6182** to speak with an agent who can provide available option(s) and instruction on how to proceed.

Alternatively, select 'All Post Decisions' under the authorization lookup function on **EviCore.com** to see available options.

Reconsiderations

- Reconsiderations must be requested within 7 business days after the determination date.
- Reconsiderations can be requested in writing or verbally via a Clinical Consultation with an EviCore physician.

Appeals

- EviCore will not process first-level appeals.
