# Solution Overview

# BCBSMT MA Prior Authorization Services

EviCore will begin accepting prior authorization requests for Proton Beam Therapy services on 10/1/2025 for dates of service 10/1/2025 and after.

## Applicable Membership

- + Medicare Only
- 

## Prior authorization applies to the following services

- + Outpatient
  - + Elective/Non-emergent
- 

## Prior authorization does NOT apply to services performed in:

- + Emergency Rooms
- + Observation Services
- + Inpatient Stays

**Providers should verify patient eligibility and benefits prior to treatment.**

# Prior Authorization Services

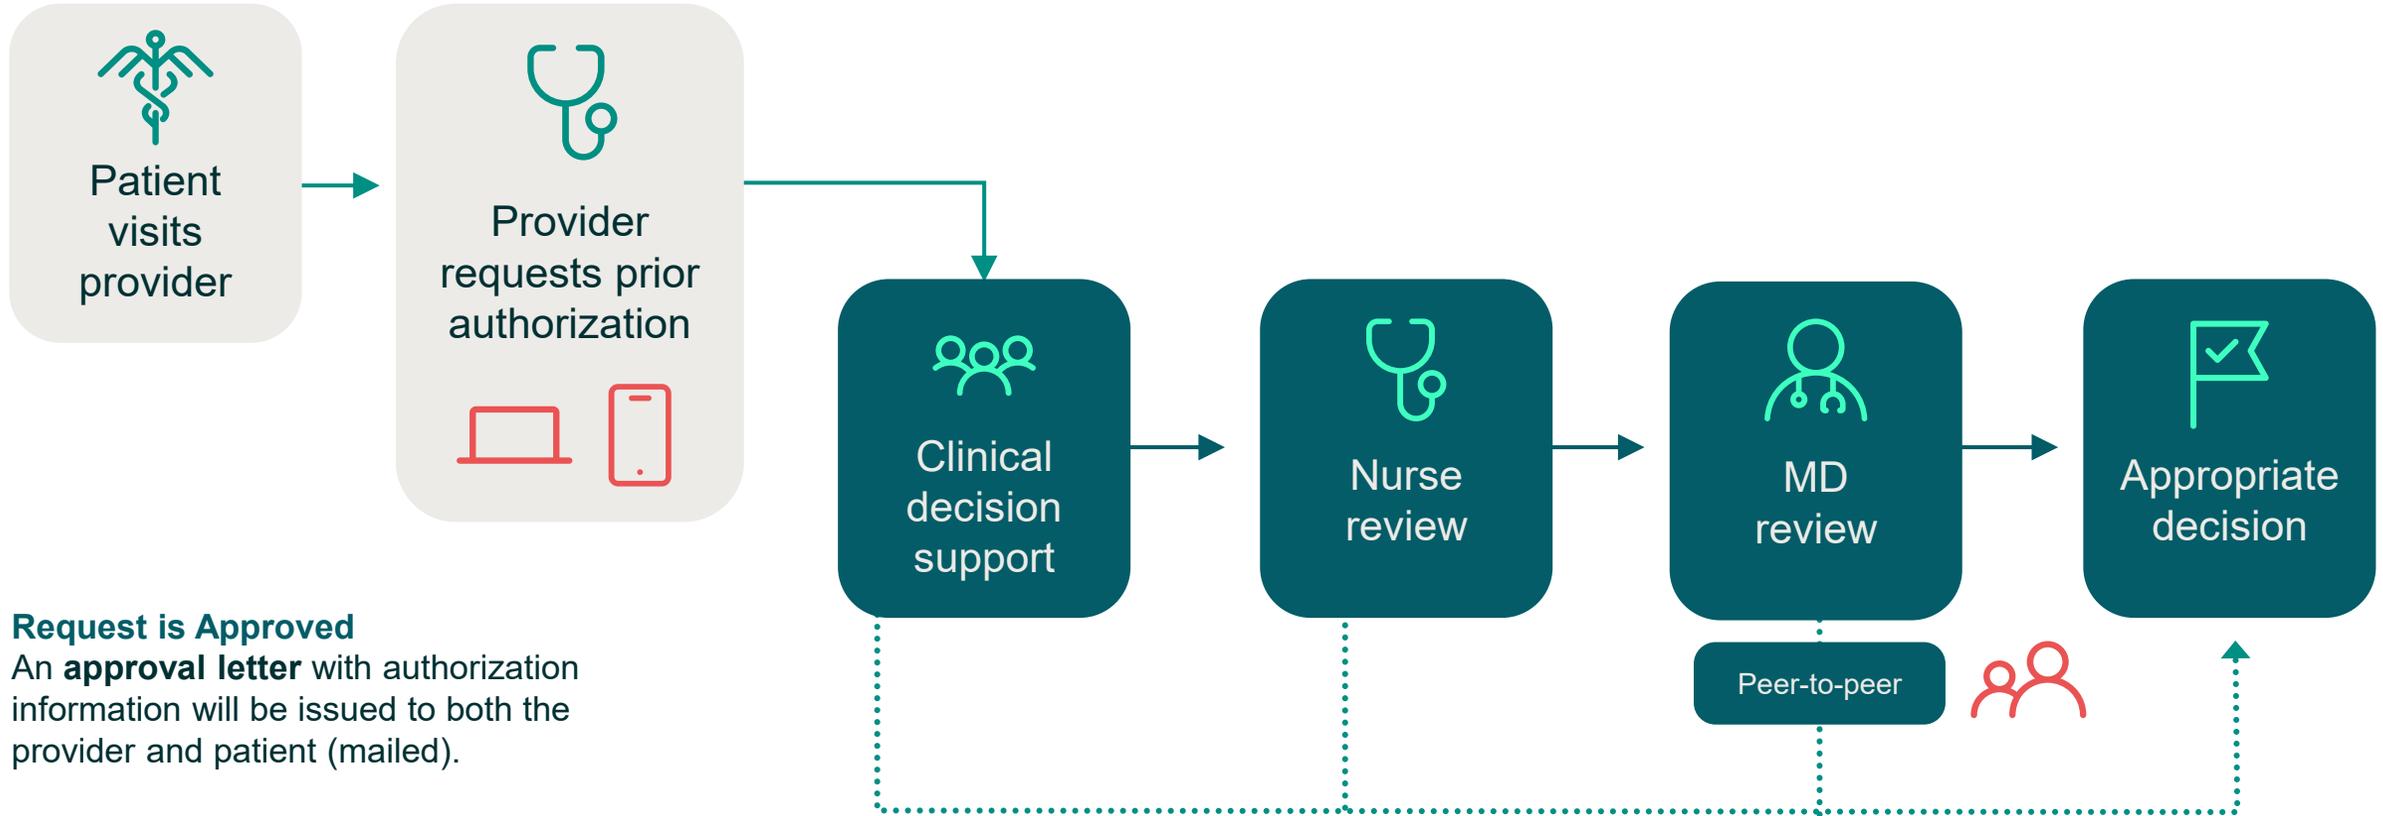

## **IMPORTANT NOTE:** Patients Currently in Treatment – Continuity of Care

**If a patient is undergoing treatment before the start of the program on 10/1/2025, will the treatment need authorization?**

- + BCBS will honor all radiation oncology courses of treatment that are in progress as of EviCore's management, effective 10/1/2025.
- + As such, the provider is not required to submit request for treatment that began prior to 10/1/2025 through EviCore. The start of treatment is defined as the first date of service whereby radiation therapy treatment was administered to the patient.
- + In addition, authorizations previously submitted through 9/31/2025 should **not** be resubmitted through EviCore.
- + Modifications to those existing authorizations, such as date extensions, are handled directly by the health plan. *Please contact the health plan to request any changes to an active authorization.*

# Submitting Requests

# Pre-service prior authorization workflow

### Request is Approved

An **approval letter** with authorization information will be issued to both the provider and patient (mailed).

### Request is Denied

A **denial letter with clinical rationale** for the decision and appeal rights will be issued to both the provider and patient.

# How to Request Prior Authorization

The EviCore Provider Portal is the easiest, most efficient way to request clinical reviews and check statuses.

- + **Save time:** Quicker process than requests by phone or fax
- + **Available 24/7**
- + **Save your progress:** If you need to step away, you can save your progress and resume later
- + **Upload additional clinical information:** No need to fax in supporting clinical documentation, it can be uploaded on the portal
- + **View and print determination information:** Check case status in real-time
- + **Dashboard:** View all recently submitted cases
- + **E-notification:** Receive email notifications when there is a change to case status
- + **Duplication feature:** If you are submitting more than one request, you can duplicate information to expedite submittals

# Holistic Treatment Plan Review | Proton Beam Radiation Therapy

EviCore relies on information about the patient's unique presentation and physician's intended treatment plan to authorize all services.

- **EviCore is only delegated to authorize Proton Beam Therapy. If alternative treatment is requested, your authorization will be expired, and you will be redirected to the health plan.**
- Once in the EviCore portal, providers specify the cancer type or body part being treated rather than requesting individual CPT and HCPCS codes.
- The intended treatment plan for the diagnosis is compared to the evidence-based guidelines developed by our Medical Advisory Board.
- For Medicare Cases, LCD and NCDs are followed if there is one applicable to the treatment.
- Following review, the approved or denied treatment technique and number of fractions will be communicated to the provider and patient.

For questions about billing best practices or about the clinical guidelines utilized by EviCore, please visit the resource page on EviCore.com. Go to: EviCore.com → resources → clinical guidelines → Radiation Oncology → Search for "BCBS MT"

Public Information

# Necessary Information for Prior Authorization

To obtain prior authorization on the very first submission, the provider submitting the request will need to gather information within four categories:

## Patient

- ✓ Health Plan ID
- ✓ Patient name
- ✓ Date of birth (DOB)

## Referring (Ordering) Physician

- ✓ Physician name
- ✓ National provider identifier (NPI)
- ✓ Phone & fax number

## Supporting Clinical

- ✓ Pertinent clinical information to substantiate medical necessity for the requested service
- ✓ CPT/HCPCS Code(s)
- ✓ Diagnosis Code(s)
- ✓ Previous test results

## Rendering Facility

- ✓ Facility name
- ✓ Address
- ✓ National provider identifier (NPI)
- ✓ Tax identification number (TIN)
- ✓ Phone & fax number

## Additional Documentation Needed

If during case build all required pieces of documentation are not received, or are insufficient for EviCore to reach a determination, the following will occur:

A hold letter will be faxed to the requesting provider requesting additional documentation.

The provider must submit the additional information to EviCore.

EviCore will review the additional documentation and reach a determination.

The hold letter will inform the provider about what clinical information is needed as well as the **date by which it is needed**.

Requested information must be received within the timeframe as specified in the hold letter, or EviCore will render a determination based on the original submission.

Determination notifications will be sent.

# I've received a request for additional clinical information. What's next?

Before a denial decision is issued on Medicare cases, EviCore will notify providers telephonically and in writing. From there, additional clinical information must be submitted to EviCore in advance of the due date referenced.

**Important to note:** If the additional clinical information is faxed/uploaded, that clinical is what is used for the review and determination. The case is not held further for a Pre-Decision Clinical Consultation, even if the due date has not yet lapsed.

**Once the determination is made, notifications will go out to the provider and patient, and status will be available on [EviCore.com](https://www.evicore.com)**

## There are three ways to supply the requested information:

1. Fax to 866-252-1117
2. Upload directly into the case via the provider portal at [EviCore.com](https://www.evicore.com)
3. Request a Pre-Decision Clinical Consultation  
This consultation can be requested via the EviCore website (see slide 48 for instructions), and must occur prior to the due date referenced

# Prior Authorization Outcomes, Special Considerations & Post-Decision Options

# Prior Authorization Determination Outcomes

## Determination Outcomes

- + Approved Requests: Authorizations are valid for 45-240 calendar days from the date of the determination.
- + Denied Requests: If a request is determined as inappropriate based on evidence-based guidelines, a notification with the rationale for the decision and post-decision/ appeal rights will be issued.

## Notifications

- + Authorization letters will be faxed to the ordering physician.
- + Web-initiated cases will receive e-notifications if a user opted in to this method.
- + Members will receive a letter by mail.
- + Approval information can be printed on demand from the [EviCore portal](#).

# Special Circumstances

## Retrospective Authorization Requests

Must be submitted within 7 business days from the date of services

Any submitted beyond this timeframe will be administratively denied

Reviewed for **clinical urgency** and medical necessity

Processed within 30 calendar days

When authorized, the start date will be the submitted date of service

# Special Circumstances

## Urgent Prior Authorization Requests

EviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the patient

---

Can be initiated on provider portal or by phone

---

Urgent cases are typically reviewed within 24 to 72 hours

# Special Circumstances

## Authorization Update

If updates are needed on an existing EviCore authorization for dates of service on or after 8/1/2025, providers can contact EviCore by phone

If the authorization is not updated and a different facility location or CPT code is submitted on the claim, it may result in a claim denial

# Medicare Members

## My case has been denied. What's next?

- + Providers can request a Clinical Consultation with an EviCore physician to better understand the reason for denial.
- + Once a denial decision has been made, however, the decision cannot be overturned via Clinical Consultation.

### Reconsiderations

- + Medicare cases do not include a reconsideration option

### Appeals

- + EviCore **will not** process first-level appeals.
- + Please refer to the denial notice for instructions and requirements to submit an appeal.

# EviCore Provider Portal

## Features

### Eligibility Lookup

- + Confirm if patient requires clinical review

### Clinical Certification

- + Request a clinical review for prior authorization on the portal

### Prior Authorization Status Lookup

- + View and print any correspondence associated with the case
- + Search by patient information OR by case number with ordering national provider identifier (NPI)
- + Review post-decision options, submit appeal, and schedule a peer-to-peer

### Certification Summary

- + Track recently submitted cases

**Urgency Indicator**

If the case you are submitting is found NOT to meet one of the two conditions below, your case will be processed as a standard/routine, non Urgent request. If you have clinical information and this request meets the criteria for urgent, please indicate below.

In order for eviCore to process this case as clinically urgent you must upload clinical documentation relevant to this case. If you are unable to upload clinical documentation at this time contact eviCore to process this case as urgent.

Please indicate if any of the following criteria are true regarding urgency of this request :

- A delay in care could seriously jeopardize the life or health of the patient or patient's ability to regain maximum function.
- A delay in care would subject the member to severe pain that cannot be adequately managed without the care or treatment requested in the prior authorization.
- None of the above

**Clinical Upload**

In order for eviCore to process this case as clinically urgent you must upload clinical documentation relevant to this case. If you are unable to upload clinical documentation at this time contact eviCore to process this case as urgent.

# Request for Clinical Upload

If **additional information** is required, you will have the option to upload more clinical information for review.

## Tips:

- + Providing clinical information via the web is the fastest and most efficient method
- + Enter additional notes in the space provided only when necessary
- + Additional information uploaded to the case will be sent for clinical review
- + Print out a summary of the request that includes the case # and indicates 'Your case has been sent to clinical review'

**Proceed to Clinical Information**

In order to accept and process clinical upload, EviCore requires Member First and Last Name AND at least one of the following additional pieces of identifying information:

- Member Date Of Birth
- Case Number or Episode ID
- Member ID
- Member address or member phone including area code

Uploads which do not contain two pieces of identifying information, where member protected health information (PHI) is not able to be validated, cannot be accepted as per HIPAA Policy.

# Peer-to-Peer (P2P) Scheduling Tool

# Schedule a P2P Request

If your case is eligible for a Peer-to-Peer (P2) consultation, a link will display, allowing you to proceed to scheduling without any additional messaging

1. Log-in to your account at [EviCore.com](https://EviCore.com)
2. Perform **Clinical Review Lookup** to determine the status of your request
3. Click on the **P2P AVAILABILITY** button to determine if your case is eligible for a Peer-to-Peer consultation
4. Note carefully any messaging that displays\*

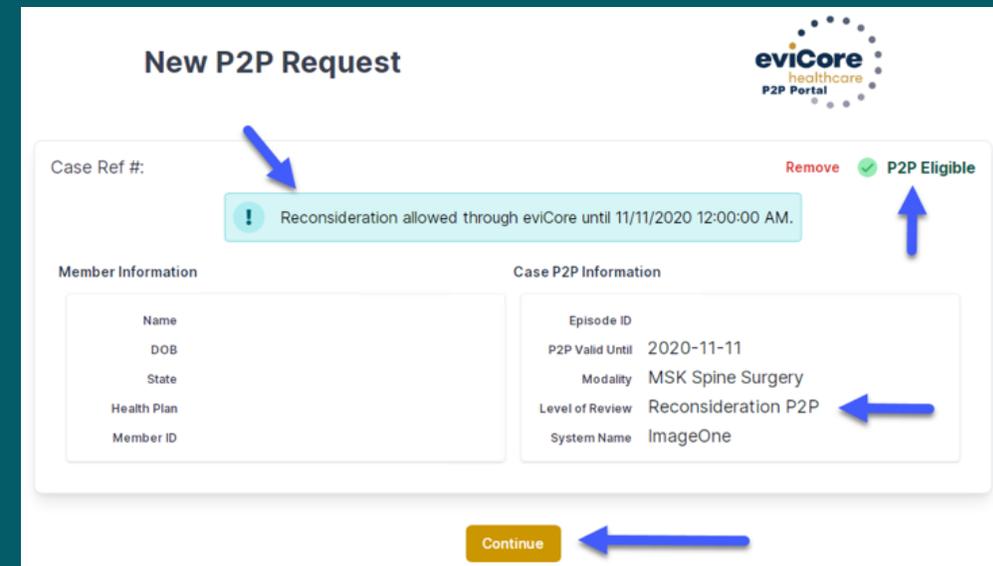

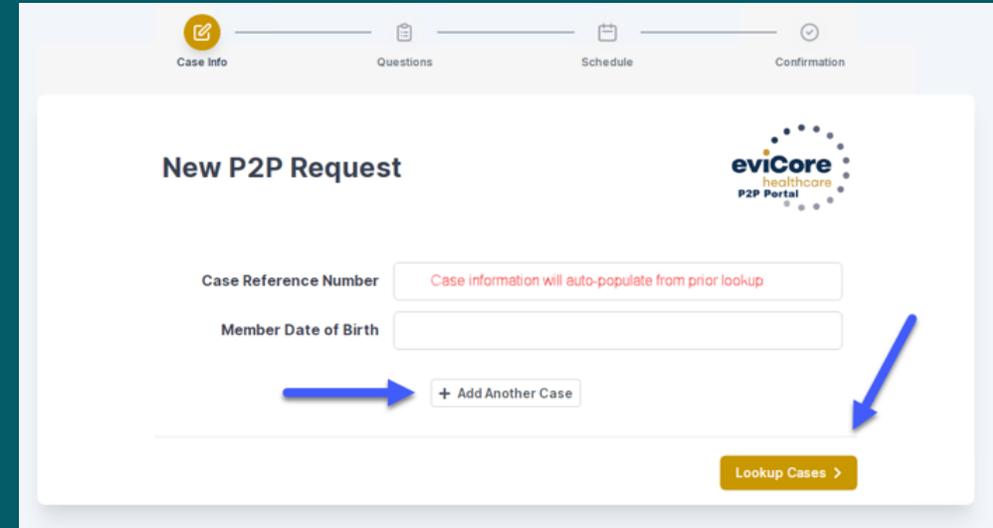

\*In some instances, a Peer-to-Peer consultation is allowed, but the case decision can not be changed. In such cases, you can still request a **Consultative-Only Peer-to-Peer**. You can also click on the **ALL POST-DECISION OPTIONS** button to learn what other action can be taken.

Once the **Request Peer-to-Peer Consultation** link is selected, you will be transferred to our scheduling software via a new browser window.

# Schedule a P2P Request (con't.)

1. Upon first login, you will be asked to confirm your default time zone
2. You will be presented with the Case Number and Patient Date of Birth
3. Add another case for the same Peer-to-Peer appointment request by selecting **Add Another Case**
4. To proceed, select **Lookup Cases**
5. You will receive a confirmation screen with patient and case information, including the Level of Review for the case in question
6. Click **Continue** to proceed

# Schedule a P2P Request (con't.)

1. You will be prompted with a list of EviCore Physicians / Reviewers and appointment options
2. Select any of the listed appointment times to continue
3. You will be prompted to identify your preferred days and times for a Peer-to-Peer consultation (all opportunities will be automatically presented)
4. Click on any **green checkmark** to **deselect** that option and then click **Continue**
