Solution Overview

Prior Authorization Services

Applicable Membership

- Commercial
- Medicare

Prior authorization applies to the following services

- Outpatient
- Elective/Non-emergent

Prior authorization does NOT apply to services performed in

- Emergency Rooms
- Observation Services
- Inpatient Stays

It is the responsibility of the ordering provider to request prior authorization approval for services.

Submitting Requests

How to Request Prior Authorization

The EviCore Provider Portal is the easiest, most efficient way to request clinical reviews and check statuses.

- **Save time:** Quicker process than requests by phone or fax.
- **Available 24/7.**
- **Save your progress:** If you need to step away, you can save your progress and resume later.
- **Upload additional clinical information:** No need to fax supporting clinical documentation; it can be uploaded on the portal.
- **View and print determination information:** Check case status in real time.
- **Dashboard:** View all recently submitted cases.
- **E-notification:** Opt to receive email notifications when there is a change to case status.
- **Duplication feature:** If you are submitting more than one request, you can duplicate information to expedite submissions.

To access the EviCore Provider Portal, visit **EviCore.com/provider**

Phone: 888-996-8710
Monday – Friday
7AM – 7PM (local time)

Utilization Management | Prior Authorization

Necessary Information for Prior Authorization

To obtain prior authorization on the very first submission, the provider submitting the request will need to gather information within four categories:

Member

- Health Plan ID
- Member name
- Date of birth (DOB)

Rendering Facility

- Facility name
- Address
- National provider identifier (NPI)
- Tax identification number (TIN)
- Phone & fax number

Referring (Ordering) Provider

- Physician name
- National provider identifier (NPI)
- Phone & fax number

Supporting Clinical

- Pertinent clinical information to substantiate medical necessity for the requested service
- CPT/HCPCS Code(s)
- Diagnosis Code(s)
- Previous test results

Insufficient Clinical | Additional Documentation Needed

Additional Documentation to Support Medical Necessity

If during case build all required pieces of documentation are not received, or are insufficient for EviCore to reach a determination, the following will occur:

Prior Authorization Outcomes, Special Considerations & Post-Decision Options

Prior Authorization Outcomes

Determination Outcomes:

- **Approved Requests:** Authorizations are valid from **240-425 calendar days**. Please refer to the determination letter for specific dates.
- **Partially Approved Requests:** In instances where multiple CPT codes are requested, some may be approved and some denied. In these instances, the determination letter will specify what has been approved as well as post decision options for denied codes, including denied Site of Care (if applicable).
- **Denied Requests:** Based on evidence-based guidelines, if a request is determined as inappropriate, then a notification with the rationale for the decision and post decision/ appeal rights will be issued.

Notifications:

- Authorization letters will be faxed to the ordering provider.
- Web initiated cases will receive e-notifications when a user opts to receive.
- Members will receive a letter by mail.
- Approval information can be printed on demand from the EviCore portal: www.EviCore.com

Post-Decision Options | Commercial Members

My case has been denied. What's next?

- Your determination letter is the best immediate source of information to assess what options exist on a case that has been denied.
- You may also call EviCore at **888-996-8710** to speak with an agent who can provide available option(s) and instruction on how to proceed.
- Alternatively, select “All Post Decisions” under the authorization lookup function on **EviCore.com** to see available options.

Reconsiderations

- There are no reconsideration options (including peer-to-peer) for SummaCare members.
- A Clinical Consultation with an EviCore physician can be requested to better understand the reason for the denial, but this will not overturn the decision.
- Please refer to the denial letter for instructions.

Appeals

- EviCore **will** process first-level appeals for Commercial members only.
- Appeals must be submitted within **180 calendar days** of the determination date.
- Please refer to the denial letter for instructions.

Post-Decision Options | Medicare Members

My case has been denied. What's next?

Clinical Consultation

- Providers can request a Clinical Consultation with an EviCore physician to better understand the reason for denial.
- Once a denial decision has been made, however, the decision cannot be overturned via Clinical Consultation.

Reconsideration

- Medicare cases **do not** include a reconsideration option.

Appeals

- EviCore **will not** process first-level appeals for Medicare members.

Special Circumstances

Retrospective (Retro) Authorization Requests

- EviCore will not process retro reviews for SummaCare members.
- Please refer to the health plan for instructions.

Urgent Prior Authorization Requests

- EviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the member.
- Can be initiated on provider portal or by phone.
- Urgent cases are typically reviewed within 24 to 72 hours.

Special Circumstances

Alternative Recommendations

- An alternative recommendation may be offered, based on EviCore's evidence-based clinical guidelines.
- The ordering provider can either accept the alternative recommendation or request a reconsideration for the original request.

Authorization Update

- If updates are needed on an existing authorization, you can contact EviCore by phone at **888-996-8710**.
- While EviCore needs to know if changes are made to the approved request, any change could result in the need for a separate clinical review and require a new request (and the original approved request would need to be withdrawn).
- If the authorization is not updated, it may result in a claim denial.

Provider Portal Overview

EviCore Provider Portal | Access and Compatibility

Most providers are already saving time submitting clinical review requests online vs. telephone.

- To access resources on the EviCore Provider Portal, visit EviCore.com
- Already a user?
[Log in](#) with User ID & Password.
- Don't have an account?
Click [Register Now](#).

EviCore's website is compatible with **all web browsers**. If you experience issues, you may need to **disable pop-up blockers** to access the site.

Creating an EviCore Provider Portal Account

The screenshot shows the EviCore registration form with the following sections:

- User Information**: Includes fields for First Name, Last Name, and User Name. A "Next" button is located at the top right of this section.
- Contact Info**: Includes fields for Email, Confirm Email, Phone (Phone number and Extension), and Ext (optional).
- Physician/Facility Information**: Includes fields for Individual NPI and Tax ID.

- Complete the User Information section in full and **Submit Registration**.
- You will immediately be sent an email with a link to verify your account and create a password. Once you have created a password, you will be redirected to the login page.

Setting Up Multi-Factor Authentication (MFA)

To safeguard your patients' private health information (PHI), we have implemented a multi-factor authentication (MFA) process.

- After you log in, you will be prompted to register your device for MFA.
- Choose which authentication method you prefer: Email or SMS. Then, **enter your email address or mobile phone number**.
- Once you select **Send PIN**, a 6-digit pin will be generated and sent to your chosen device.
- After entering the provided PIN in the portal display, you will successfully be authenticated and logged in.

The screenshot shows the EviCore MFA verification interface. At the top is the EviCore logo with 'By EVERNORTH' underneath. The main heading is 'Verify your identity'. Below this, it says 'We've sent an email to:' followed by a blurred email address. There are two input fields: the first is for the email address (blurred) and the second is for the '6-digit code' (also blurred). Below the code field is a checkbox labeled 'Remember this device for 30 days' which is checked. A large teal 'Continue' button is positioned below the checkbox. At the bottom, there is a link that says 'Didn't receive a code? Check your spam or junk folder or [Resend](#).' and another link below it that says 'Use a different verification method'.

Portal Access

- Access EviCore's provider portal at www.EviCore.com.
- If you do not already have a user account, click **Register Now** and complete the online registration form. Follow the instructions to create your password and set up multi-factor authentication (MFA).
- Login using your new or existing login credentials.
- You will now land on your Unified Worklist where you can conduct an **Authorization Lookup**, **Request an Authorization**, manage your cases via your **Worklist**, and share your worklist with other users via **User Access**.
- You can also go directly to the portal to build your request and/or manage your cases.

The screenshot displays the EviCore provider portal interface. At the top, a dark teal header contains the EviCore logo (By EVERNORTH), a greeting 'Hello, [user]', and navigation links: 'Authorization Lookup', 'Request An Authorization', 'Worklist', 'Portals', 'Help / Contact', and 'User Access'. Below the header, the 'My Worklist' section is visible, featuring tabs for 'Pending', 'Approved', 'Partially Approved', 'Denied', 'Cancelled', and 'All Statuses'. A search bar with the placeholder 'Start typing to search...' is present. Below the search bar is a table with the following columns: Request ID, Authorization ID, Patient, Status, Submitted, End Date, Procedure, Ordering Provider, Site of Service, and Insurer.

Need more info on UPX? Visit www.eviCore.com/provider → Video Resources for self-service training or click **Register Now** to join a session.

Provider Shared Worklist

To allow others to view your worklist while you are out of the office, you can add them by selecting **User Access** and add their user ID and email address. They must have an EviCore account to be added.

A screenshot of the EviCore web application interface. The top header is dark teal with the EviCore logo and 'By EVERNORTH' on the left, and navigation links on the right. The main content area is white. At the top, a green notification bar says 'David Gates will have access to your worklist' with a close button. Below it, the heading 'Give access to your worklist' is followed by the instruction 'Use this form to give users access to your worklist'. There is a form with two input fields: 'User ID' and 'Email', followed by an 'Allow access' button. At the bottom, a blue notification bar says '35 people have access to your worklist.' with a 'View List' button and a close button.

Need more info on UPX? Visit www.eviCore.com/provider → Video Resources for self-service training or click **Register Now** to join a session.

EviCore Provider Portal | Add Providers

Providers will need to be added to your account prior to case submission.

- Click the **Add Provider** tab to add provider information.
- Select **Add Provider**.
- Enter the NPI, state, and zip code to search for the provider.
- Select the matching record based upon your search criteria.
- Once you have selected a practitioner, your registration will be complete.
- You can also click **Add Another Practitioner** to add another provider to your account.
- You can access the **Manage Your Account** at any time to make any necessary updates or changes.

Proceed to Clinical Information

You are about to enter the clinical information collection phase of the authorization process.

After answering the clinical question(s) on each screen you will need to hit the "Submit" button. For all of the clinical questions you must hit "Submit" before exiting the system. You will be asked to attest to the clinical information that you have provided. Hit "Submit" and your request for a prior authorization will be submitted for review.

Your answers to previous questions will be displayed on the lower portion of the screen. If you made an error during the clinical data collection process you can click on the question. The system will ask that you answer the question again and subsequent questions. You can use the "Finish Later" button, for Standard/Routines cases only, to save information and return to this case at a later time. This will save all case information recorded up to but not including the current screen.

Failure to formally submit your request by clicking the "Submit" button after the attestation will cause the request for a prior authorization to expire with no additional correspondence.

Provider Experience – Case Submission

Proceed to Clinical Information

The National Comprehensive Cancer Network® (NCCN®) believes that the best management for any patient with cancer is in a clinical trial and that participation in clinical trials is especially encouraged. In some situations, trial participation may not be included in the patient's benefit plan design.

The following list represents potential treatment clinical trial matches in active and open enrollment status for this patient based on a search of the National Cancer Institute's (NCI) clinical trial database using the information gathered in this prior authorization request.

Trials are sorted in order of proximity between the patient's ZIP code and the nearest participating provider. This search result is limited to a maximum of 50. Please visit the NCI website www.cancer.gov if you would like to expand your search. By default, the following search result is filtered to Phase 2 and 3 clinical trials. You may customize the search result to particular states and clinical trial phases using the filters below.

If you would like more information on any of the clinical trials displayed, select the clinical trial(s) of interest, using the checkbox on the left and click "SUBMIT" to have more information sent to you. You may also click on the corresponding Trial ID and a new browser window will open with more information on that trial.

If you do not wish to receive more information on any clinical trials, click "SUBMIT" to continue without selecting any of the checkboxes.

If your patient's tumor contains a genetic abnormality, the MATCH (NCT02465060) and TAPUR (NCT02693535) clinical trials offer investigational targeted drug therapies for a wide variety of cancers.

The treatment options listed below reflect the recommendations of the National Comprehensive Cancer Network (NCCN) based on the clinical information submitted. Febrile Neutropenia and Emetic Risk are sourced from the NCCN Guidelines and supplemented by supporting literature.

By selecting an NCCN regimen you will be granted an immediate authorization.* If a Pathway regimen is not selected, a peer consultation with an eviCore Medical Director may be required.

*Other policies may apply in select situations.

You will be given the ability to select biosimilar products – when available – after first selecting your regimen below.

Select Treatment Option:

	Regimen	Pathway	Febrile Neutropenia Risk	Emetic Risk
☐	VAIA: (Vincristine + Doxorubicin (alternating with Dactinomycin + Ifosfamide + mesna)	☐	High	High
☐	VDC/IE (Vincristine + Doxorubicin HCL + Cyclophosphamide + Ifosfamide + Etoposide)	☐	High	High
☐	VIDE (Vincristine + Ifosfamide + Doxorubicin HCL (or Dactinomycin) + Etoposide)	☐	High	High
