# +Necessary Information for Prior Authorization

To obtain prior authorization on the very first submission, the provider submitting the request will need to gather four categories of information:

## 1. Member

- Health Plan ID
- Member name
- Date of birth (DOB)

## 3. Rendering Facility

- Facility name
- Address
- National provider identifier (NPI)
- Tax identification number (TIN)
- Phone & fax number

## 2. Referring (Ordering) Physician

- Physician name
- National provider identifier (NPI)
- Phone & fax number

## 4. Supporting Clinical

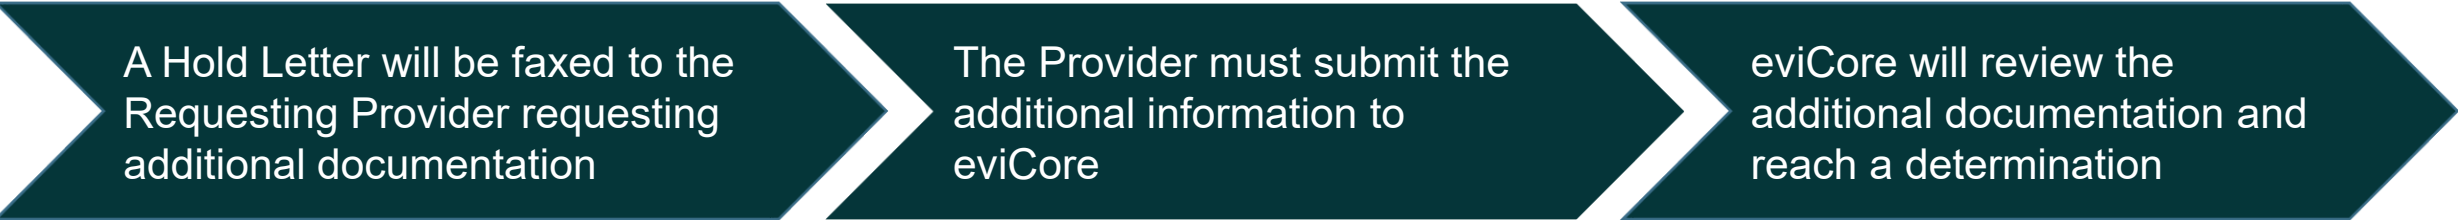

- Pertinent clinical information to substantiate medical necessity for the requested service
- CPT/HCPCS Code(s)
- Diagnosis Code(s)
- Previous test results

# +Insufficient Clinical – Additional Documentation Needed

## Additional Documentation to Support Medical Necessity

+If during case build all required pieces of documentation are not received, or are insufficient for eviCore to reach a determination, the following will occur:

The Hold notification will inform the provider about what clinical information is needed as well as the date by which it is needed.

Requested information must be received within the timeframe as specified in the Hold Letter, or eviCore will render a determination based on the original submission.

Determination notifications will be sent

---

# **Prior Authorization Outcomes, Special Considerations, and Post Decision Options**

---

# +Prior Authorization Outcomes

## Determination Outcomes:

- **Approved Requests:** Authorizations are valid for 60 calendar days from the date of the determination
- **Denied Requests:** Based on evidence-based guidelines, if a request is determined as inappropriate, a notification with the rationale for the decision and post decision/ appeal rights will be issued
- **Partially Approved Requests:** In instances where multiple CPT codes are requested, some may be approved and some denied. In these instances, the determination letter will specify what has been approved as well as post decision options for denied codes.

## +Notifications:

- Authorization letters will be faxed to the ordering physician
- Web initiated cases will receive e-notifications when a user opts in to receive
- Members will receive a letter by mail
- Approval information can be printed on demand from the eviCore portal:

[www.eviCore.com](http://www.eviCore.com)

**EviCore**

By EVERNORTH

# Special Circumstances

---

## +Retrospective (Retro) Authorization Requests

- Must be submitted within 3 business days from the date of services
- Retro requests submitted beyond this timeframe will be administratively denied
- Reviewed for **clinical urgency** and medical necessity
- Retro requests are processed within 30 calendar days
- When authorized, the start date will be the submitted date of service

## +Urgent Prior Authorization Requests

- eviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the member
- Can be initiated on provider portal or by phone
- Urgent cases are typically reviewed within 24 to 72 hours

# Special Circumstances cont.

---

## +Alternative Recommendation

- An alternative recommendation may be offered, based on eviCore's evidence-based clinical guidelines
- The ordering provider can either accept the alternative recommendation or request a reconsideration for the original request

## +Authorization Update

- If updates are needed on an existing authorization, you can contact eviCore by phone
- Updates must be submitted within 3 business days from the date of service & may be subject to clinical review
- If the authorization is not updated and a different facility location or CPT code is submitted on the claim, it may result in a claim denial

# Post-Decision Options: Medicaid Members

---

## My case has been denied. What's next?

Your determination letter is the best immediate source of information to assess what options exist on a case that has been denied. You may also call eviCore at **888-693-3211** to speak to an agent who can provide available option(s) and instruction on how to proceed. Alternatively, select 'All Post Decisions' on [www.eviCore.com](http://www.eviCore.com), under the authorization lookup function, to see available options.

### Reconsiderations

- Reconsiderations can be requested in writing or verbally via a Clinical Consultation with an eviCore physician
  - Additional clinical information can be provided without the need for a physician to participate. Must be requested on or before the anticipated date of service
  - If a request is denied and requires further clinical discussion for approval, we welcome requests for clinical determination discussions from referring physicians. In certain instances, additional information provided may be sufficient to satisfy the medical necessity criteria for approval

### Appeals

- eviCore will not process first-level appeals
- A denial notification with the rationale for the decision and appeal rights will be provided to the member and ordering provider
