## Prior authorization applies to the following services

- Outpatient

# Submitting Requests

# How to Request Prior Authorization

The EviCore Provider Portal is the easiest, most efficient way to request clinical reviews and check statuses.

- **Save time:** Quicker process than requests by phone or fax.
- **Available 24/7.**
- **Save your progress:** If you need to step away, you can save your progress and resume later.
- **Upload additional clinical information:** No need to fax supporting clinical documentation; it can be uploaded on the portal.
- **View and print determination information:** Check case status in real time.
- **Dashboard:** View all recently submitted cases.
- **E-notification:** Opt to receive email notifications when there is a change to case status.
- **Duplication feature:** If you are submitting more than one request, you can duplicate information to expedite submissions.

To access the EviCore Provider Portal, visit [EviCore.com/provider](https://www.evicore.com/provider)

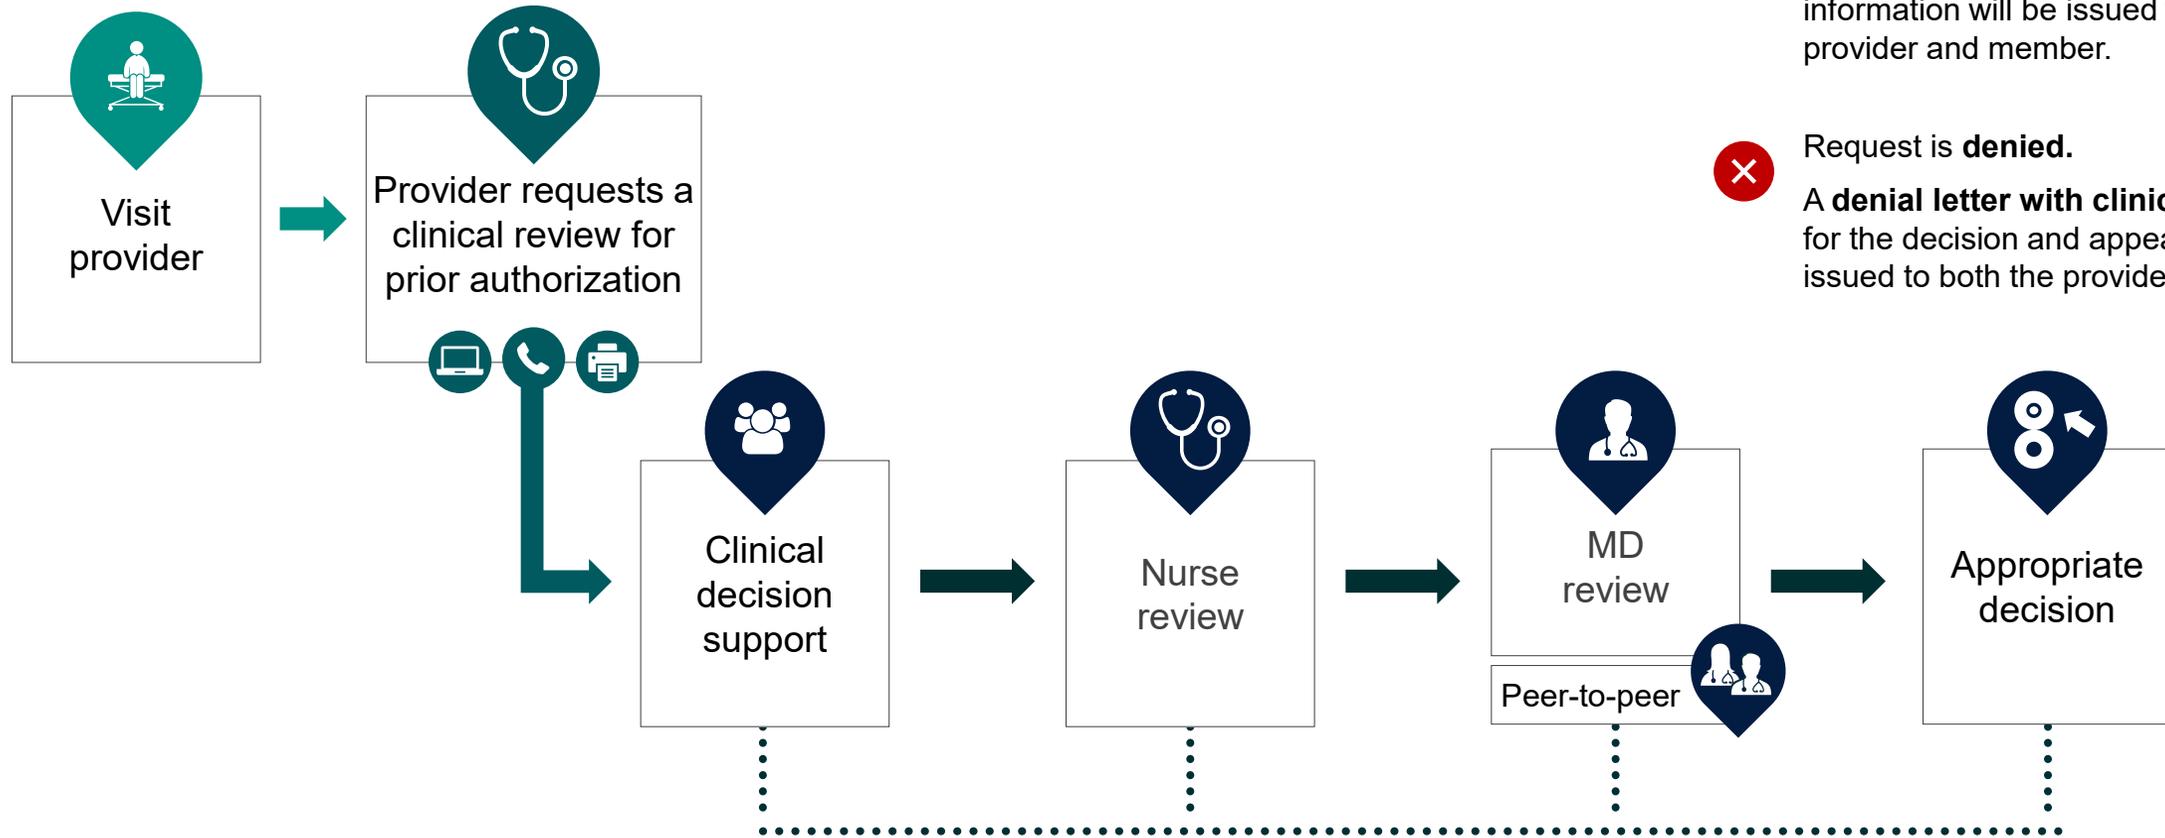

**Phone: 877-917-2583**

Monday – Friday  
7 AM – 7 PM EST

**Fax: 866-699-8160**

# Utilization Management | Prior Authorization

Request is **approved**.

An **approval letter** with authorization information will be issued to both the provider and member.

Request is **denied**.

A **denial letter with clinical rationale** for the decision and appeal rights will be issued to both the provider and member.

# Holistic Treatment Plan Review

**EviCore relies on information about the patient's unique presentation and physician's intended treatment plan to authorize all services.**

- Providers specify the cancer type or body part being treated rather than requesting individual CPT and HCPCS codes.
- The intended treatment plan for cancer type is compared to the evidence-based guidelines developed by our Medical Advisory Board.
- For Medicare Cases, LCD and NCDs are followed if there is one applicable to the treatment.
- If a request is authorized or partially authorized, then the requested treatment technique and number of fractions will be provided, and the provider and member will be notified.
- If Image Guidance (IGRT) is requested, it may or may not be approved, separate from the primary treatment technique.

For questions about specific CPT codes that are generally included with each episode of care, please reference the **[EviCore Radiation Therapy Coding Guidelines](#)**.

# Necessary Information for Prior Authorization | Radiation Therapy

To obtain prior authorization on the very first submission, the provider submitting the request will need to gather information within four categories:

## Member

EviCore requires name (first and last) and one additional identifier from the list below:

- Date of birth
- Correct case number/Episode ID
- Member identification number
- Full address (Street, City, State and zip code)
- Full phone number including area code
- Driver's license number or other government-issued ID

## Rendering Facility

- Facility name
- Address
- National provider identifier (NPI)
- Tax identification number (TIN)
- Phone & fax number

## Referring (Ordering) Physician

- Physician name
- National provider identifier (NPI)
- Phone & fax number

## Supporting Clinical

- Site of treatment: non-cancerous or specific cancer type
- Diagnosis code(s)
- Anticipated treatment start date
- Pertinent clinical information such as the treatment plan, cancer stage etc.
  - Critical: Treatment technique, number of phases, number of treatment fractions, and identifying if Image Guided Radiation Therapy (IGRT) will be used
- As applicable: radiation oncology consultation note and/or treatment comparison plans

# Insufficient Clinical | Additional Documentation Needed

If during case build all required pieces of documentation are not received, or are insufficient for EviCore to reach a determination, the following will occur:

A hold letter will be faxed to the requesting provider requesting additional documentation.

The provider must submit the additional information to EviCore.

EviCore will review the additional documentation and reach a determination.

The hold letter will inform the provider about what clinical information is needed as well as the **date by which it is needed**.

Requested information must be received within the timeframe as specified in the hold letter, or EviCore will render a determination based on the original submission.

Determination notifications will be sent.

# Prior Authorization Outcomes, Special Considerations & Post-Decision Options

# Prior Authorization Outcomes

## Determination Outcomes:

- **Approved Requests:** Authorization timeframes vary based on diagnosis and treatment plan. Please refer to the **determination letter** for specific dates.
- **Partially Approved Requests:** In instances where multiple CPT codes are requested, some may be approved and some denied. In these instances, the determination letter will specify what has been approved as well as post decision options for denied codes, including denied Site of Care (if applicable).
- **Denied Requests:** Based on evidence-based guidelines, if a request is determined as inappropriate, a notification with the rationale for the decision and post decision/ appeal rights will be issued.

## Notifications:

- Authorization letters will be faxed to the ordering and rendering providers.
- Web initiated cases will receive e-notifications when a user opts to receive.
- Members will receive a letter by mail.
- Approval information can be printed on demand from the EviCore portal: [www.EviCore.com](http://www.EviCore.com)

# Post-Decision Options | Commercial Members

## My case has been denied. What's next?

- Your **determination letter** is the best immediate source of information to assess what options exist on a case that has been denied. You may also call EviCore at **877-917-2583** to speak with an agent who can provide available option(s) and instruction on how to proceed.
- Alternatively, select **All Post Decisions** under the **Authorization Lookup** function on **EviCore.com** to see available options.

## Reconsiderations

- Reconsiderations must be requested within **14 calendar days** of the determination date.
- Reconsiderations can be requested in writing or verbally via a Clinical Consultation with an EviCore physician.

## Appeals

- EviCore will process first-level appeals.
- Appeal requests must be submitted to EviCore within **180 calendar days** from the initial determination.
- Please refer to the denial letter for instructions.

# Post-Decision Options | Medicare Members

## My case has been denied. What's next?

### Clinical Consultation

- Providers can request a Clinical Consultation with an EviCore physician to better understand the reason for denial.
- Once a denial decision has been made, however, the decision cannot be overturned via Clinical Consultation.

### Reconsideration

- Medicare cases **do not** include a reconsideration option.

### Appeals

- EviCore **will not** process first-level appeals for Medicare members.

# Special Circumstances

## Retrospective (Retro) Authorization Requests

- Retrospective requests may be made within **365 calendar days** from the date of service.
- Retros are reviewed for clinical urgency and medical necessity.
- When authorized, the start date will be the submitted date of service.

## Urgent Prior Authorization Requests

- EviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the member.
- Can be initiated on provider portal or by phone.
- Urgent cases are typically reviewed within 24 to 72 hours.

# Special Circumstances

## Authorization Update

- If updates are needed on an existing authorization, please contact EviCore by phone at **877-917-2583**.
- While EviCore needs to know if changes are made to the approved request, any change could result in the need for a separate clinical review and require a new request (and the original approved request would need to be withdrawn).
- If the authorization is not updated, it may result in a claim denial.

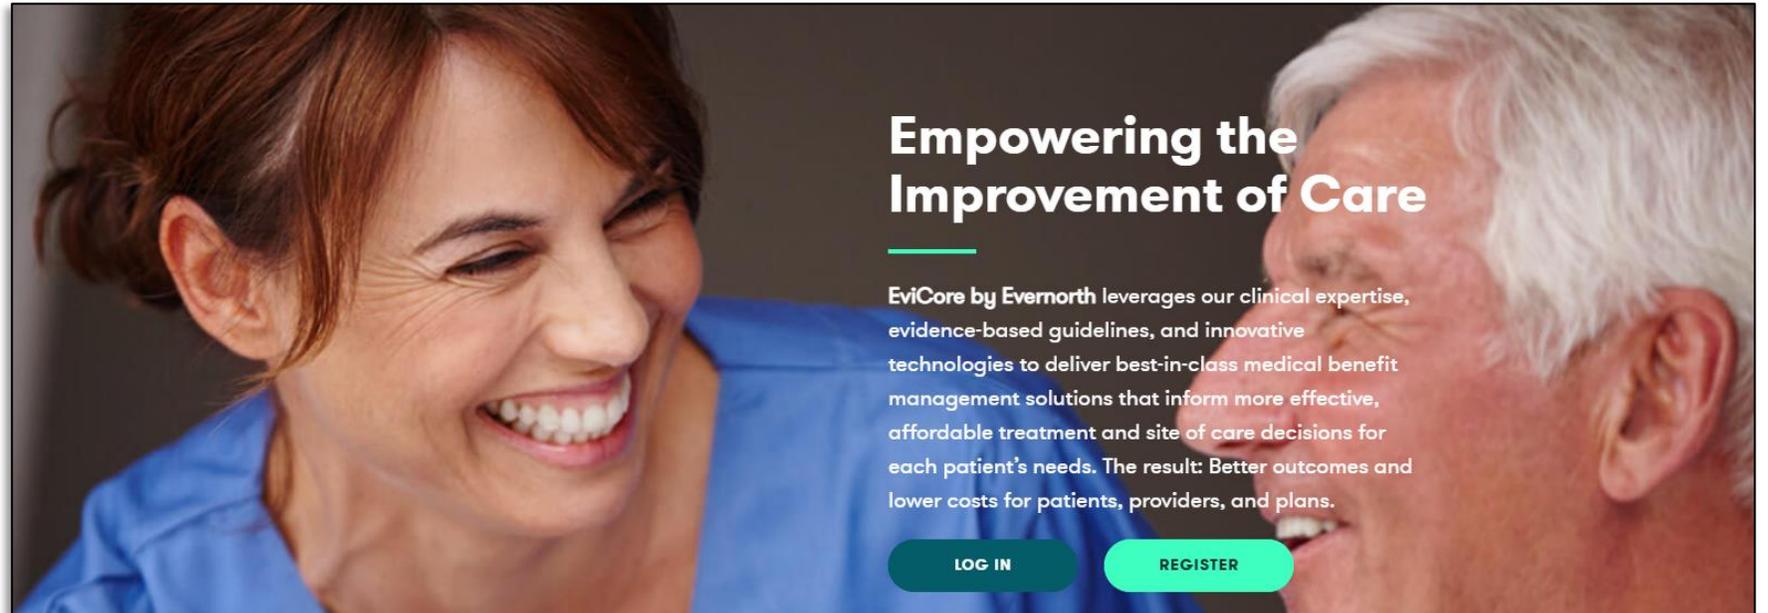

# EviCore Provider Portal

# EviCore Provider Portal | Access and Compatibility

- After you log in, you will be prompted to register your device for MFA.
- Choose which authentication method you prefer: Email or SMS. Then, **enter your email address or mobile phone number.**
- Once you select **Send PIN**, a 6-digit pin will be generated and sent to your chosen device.
- After entering the provided PIN in the portal display, you will successfully be authenticated and logged in.

The screenshot shows a mobile application interface for EviCore, a subsidiary of Evernorth. At the top, the EviCore logo is displayed with 'By EVERNORTH' underneath. The main heading is 'Verify your identity'. Below this, it states 'We've sent an email to:' followed by a blurred email address. There are two input fields: the first is for the email address (blurred) and the second is for the '6-digit code' with an asterisk. A checkbox labeled 'Remember this device for 30 days' is checked. A large teal 'Continue' button is positioned below the input fields. At the bottom, there is a link that says 'Didn't receive a code? Check your spam or junk folder or [Resend.](#)' and another link below it that says '[Use a different verification method](#)'.
