Provider Orientation

EviCore
By EVERNORTH

Users can now submit prior authorization requests for Home Health services for Cigna Healthcare members via the EviCore by Evernorth (EviCore) portal. **The clinical review will be performed by Cigna.**

Prior authorization applies to the following services:

- + Home based
- + Nursing
- + Therapies
- + Social Work
- + Home Health Aides

Prior authorization does NOT apply to services performed in:

- + Hospital Setting
- + Skilled Nursing Facilities (SNFs)
- + Surgical Settings

To find a complete list of procedure codes that require pre-certification, please visit:

[Cigna Provider Resources | EviCore by Evernorth](#)

Providers should verify member eligibility and benefits on the secured provider log-in section

at: [Cigna for Health Care Professionals](#)

Hold process | Share Documentation to Support Medical Necessity

If during case build all required pieces of documentation are not received, or are insufficient to reach a determination, the following will occur:

A Hold Letter will be faxed to the Requesting Provider requesting additional documentation

The Provider must submit the additional information to Cigna Healthcare

Cigna Healthcare will review the additional documentation and reach a determination

The Hold notification will inform the provider about what clinical information is needed as well as the date by which it is needed.

Requested information must be received within the timeframe as specified in the Hold Letter. Cigna Healthcare will review the additional information and reach a determination.

Determination notifications will be communicated to the ordering physician and the rendering provider by Cigna Healthcare

If clinical information is needed, please be able to supply the following information:

- + Current physicians order/script
- + Current detailed invoice listing all requested equipment
- + Clinical and/or therapy progress notes
- + Medication list
- + Anticipated date of discharge
- + Discharge plans and/or summary (when available)
- + Wound or incision/location and stage (if applicable)
- + Time Audit Tool-required for PDN services*
- + Therapy goals and level of functioning

Please refer to the guidelines for the particular (CPT) codes for which you are requesting prior authorization at: [Clinical Guidelines | EviCore by Evernorth](#)

Prior Authorization Outcomes, Special Considerations, and Post Decision Options

Outcomes | Approvals and Denials

- + Approved requests are typically processed in two business days after receipt of all necessary clinical information.
- + Denied request communications will include:
 - + Rationale and guidelines relied upon
 - + Post decision options
- + Decision communications will be shared with the ordering provider and the rendering facility/provider.
- + Decision information can be printed or saved on demand from the EviCore portal.
- + The member will receive the letter in the mail.

Post Decision Options

Reconsiderations

- + A reconsideration is a post-denial, pre-appeal opportunity to provide additional clinical information
- + A reconsideration can be requested any time, up until an appeal is received
- + Reconsiderations can be requested by phone, by calling the number indicated on the customer's ID card, or via clinical consultation.

Appeals

- + Cigna Healthcare will process first-level appeals. Delegation of second level appeals will vary by plan and/or state regulations.
- + The timeframe to submit an appeal request will be outlined on the determination letter and is typically within 180 days of the adverse decision*
- + Appeal requests can be submitted to Cigna in writing via fax or US Mail. The Cigna Healthcare appeal address and fax number will be provided on the determination letter.
- + Customers or providers with appeal questions may call the number indicated on the customer's ID card
- + The appeal determination will be communicated by Cigna to the ordering provider and the customer

- + Appeal turnaround times may vary based on regulation:
 - + Expedited - 72 hours
 - + Standard customer - 30 days
 - + Standard Provider - 60 days

Peer to Peer Clinical Consultations

- + If a request is not approved and requires further clinical discussion for approval, Cigna Healthcare offers peer-to-peer consultations with referring physicians
- + Peer-to-peer consultations may result in either a reversal of decision to deny, or an uphold of the original decision
- + A peer-to-peer consultation may be requested by calling the number indicated on the customer's ID card or via fax
- + Your determination letter is the best source of information on how to schedule a peer-to-peer consultation

Special Circumstances

Retrospective Authorization Requests

Same Day Precertification Requests (start of care date is the same as the current date)

- + Same day precertification and retrospective authorization requests should be submitted directly to Cigna Healthcare by calling 1.800.88Cigna (800.882.4462) or the number on the back of the customer's card.
- + Providers will need to call Cigna Healthcare and ask for escalation for same day precertification requests
- + Providers should have all required clinical information on hand before making the call to obtain a timely precertification determination

Retrospective (Retro) Authorization Requests (after the date of service)

- + Any authorization request submitted after the date of service
- + Timeframe to submit a retro request may vary by plan and/or state regulations
- + Retrospective determinations will be communicated by Cigna Healthcare

Special Circumstances

Urgent Requests for Home Health

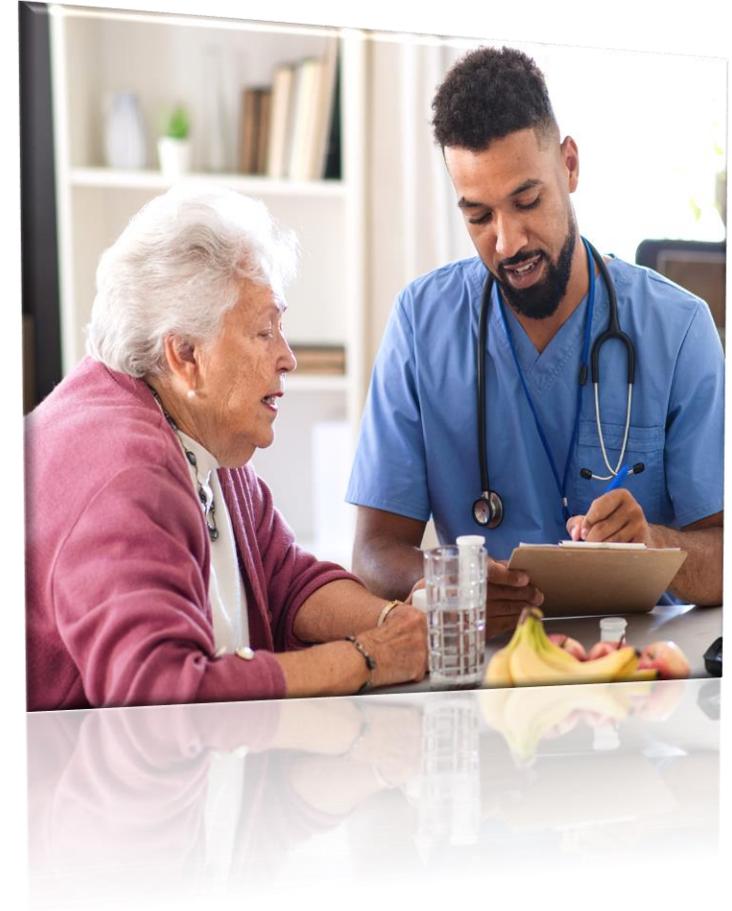

- + Urgent requests with a start of care date the same as the current date should be submitted directly to Cigna Healthcare by calling 1.800.88Cigna (800.882.4462) or the number on the back of the customer's card.
- + Urgent requests with a date of service after the current date can be initiated on the EviCore provider portal or by calling: 800.298.4806.
- + Cigna uses the NCQA/URAC definition of urgent: when a delay in decision-making may seriously jeopardize the life or health of the customer
- + Cigna Healthcare will make a decision on an urgent case that meets this definition within 72 hours.

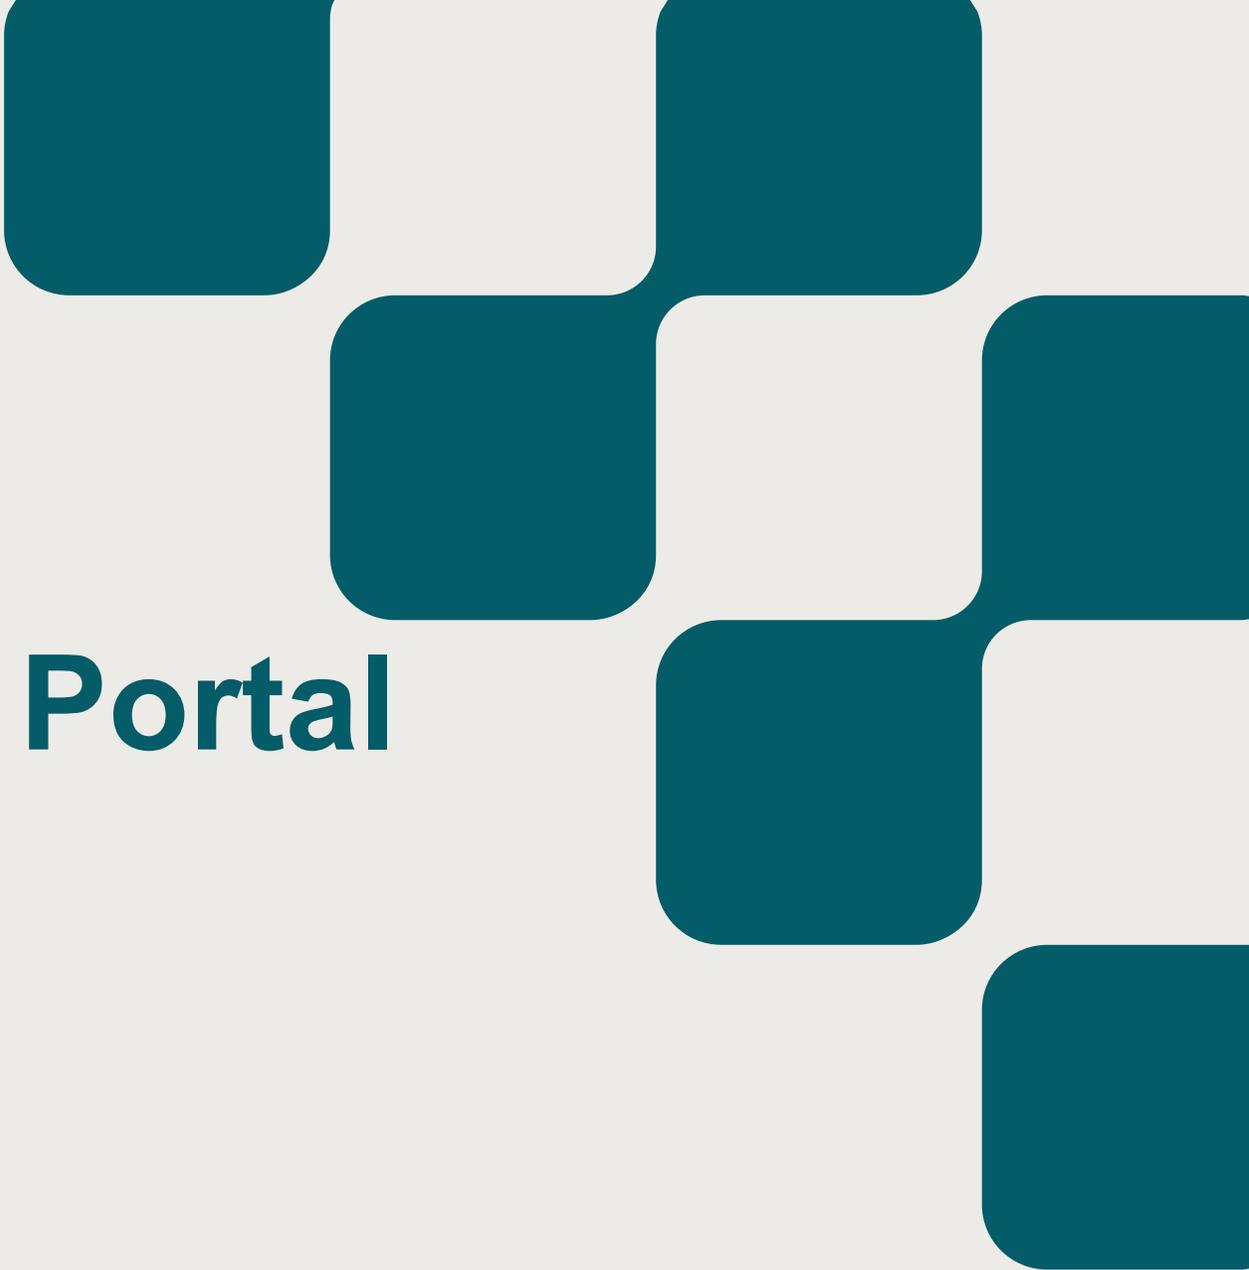

EviCore offers Care Coordination for DME

EviCore Care Coordination will provide the following services:

- + Care Coordination will work with the Cigna HealthCare member, ordering provider, and servicing provider through the entirety of the case from obtaining orders and required clinical documentation to ensure that the order is processed appropriately.
 - + To find a participating provider, call EviCore at 800.298.4806, option 7 or go to: **Cigna.com > Find a Doctor > Find a Doctor, Dentist or Facility**
 - + Note: For complex cases, EviCore may forward referral information to the rendering provider on behalf of the referring provider.
- + Service validation includes contacting the customer to verify the start-of-care date and confirming whether equipment or medical supplies were delivered on the expected arrival date. During validation, Care Coordination ensures the customer feels their healthcare needs are being met and confirms the customer has a clear understanding of how to properly use the equipment and/or supplies.
- + Follow up with the servicing provider when there is an issue with the DME services or an issue with the delivery or service item received.
- + Work with Cigna Healthcare Case Manager to ensure the customer receives ongoing services (when applicable) with focus on total health care needs.

Setting Up Multi-Factor Authentication (MFA)

To safeguard your patients' private health information (PHI), we have implemented a multi-factor authentication (MFA) process.

- After you log in, you will be prompted to register your device for MFA.
- Choose which authentication method you prefer: Email or SMS. Then, **enter your email address or mobile phone number.**
- Once you select **Send PIN**, a 6-digit pin will be generated and sent to your chosen device.
- After entering the provided PIN in the portal display, you will successfully be authenticated and logged in.

The screenshot shows a mobile application interface for EviCore. At the top, the EviCore logo is displayed with 'By EVERNORTH' underneath. The main heading is 'Verify your identity'. Below this, it says 'We've sent an email to:' followed by a blurred email address field. Underneath is a field labeled 'Enter 6-digit code*' with a blurred input area. A checkbox is checked and labeled 'Remember this device for 30 days'. A large teal 'Continue' button is centered below. At the bottom, there is a link: 'Didn't receive a code? Check your spam or junk folder or [Resend.](#)' and another link: '[Use a different verification method](#)'.

The screenshot shows the EviCore landing page. The top navigation bar includes the EviCore logo, a search bar, and several menu items: Authorization Lookup, Request An Authorization, Worklist, Portals, Help / Contact, User Access, and a user profile link for M Johnson. The 'Portals' dropdown menu is open, showing two options: CareCore and MedSolutions. The CareCore option is circled in red. Below the dropdown is a 'My Worklist' section with filters for Pending, Approved, Partially Approved, Denied, Cancelled, and All Statuses. A search bar is present above a table with columns for Request ID, Authorization ID, Patient, Status, Submitted, End Date, Procedure, Ordering Provider, Site of Service, and Insurer. The table currently shows 'No Data Available'. A callout box on the right side of the page contains the following text:

You may edit your password, email, and phone number by linking on your name in the upper right-hand corner and select "Profile".

A red arrow points from the callout box to the user profile link in the top right corner of the page. A 'Feedback' button is visible on the right side of the page.
