

EviCore by Evernorth is pleased to announce its partnership with Moda Health to provide services for members enrolled in Moda Health programs.

Effective May 1, 2026, **Moda Health Fully Insured and in-scope Self Insured members in Oregon, Idaho and Alaska** will require prior authorization for Genetic Testing services through EviCore for dates of service beginning on or after May 1, 2026.

Effective June 1, 2026, **Moda Health members in Texas** will require prior authorization for Genetic Testing services through EviCore for dates of service beginning on or after June 1, 2026.

To help prepare you for these changes, we invite you to attend a provider training session starting in April 2026. These sessions will include detailed information on how to access information from EviCore.com and a question-and-answer period. The orientation sessions require preregistration, and the schedules are as follows:

Training schedule for Lab

| Day of the week | Date | Session time (Central/Mountain/Pacific) | Duration |
|-----------------|----------|---|----------|
| Thursday | April 16 | 1:00 pm/ 12 noon / 11:00 am | 1 hour |
| Wednesday | April 29 | 12 noon / 11:00 am/ 10:00 am | 1 hour |

To register for a session:

1. Email lisa.mekkelsen@evicore.com and advise which session you want to attend from the schedule above.
2. Once Lisa receives your email message, you will be sent an invite to the requested Webinar session. Please accept the invite so that it can be added to your calendar.

Please also keep the registration email.

It will contain the link to and call-in number for that session.
