# Submitting Requests

# How to Request Prior Authorization

The EviCore Provider Portal is the easiest, most efficient way to request clinical reviews and check statuses.

- **Save time:** Quicker process than requests by phone or fax.
- **Available 24/7.**
- **Save your progress:** If you need to step away, you can save your progress and resume later.
- **Upload additional clinical information:** No need to fax supporting clinical documentation; it can be uploaded on the portal.
- **View and print determination information:** Check case status in real time.
- **Dashboard:** View all recently submitted cases.
- **E-notification:** Opt to receive email notifications when there is a change to case status.
- **Duplication feature:** If you are submitting more than one request, you can duplicate information to expedite submissions.

To access the EviCore Provider Portal, visit [EviCore.com/provider](https://www.evicore.com/provider)

# PT-OT-ST | Summary of Portal Benefits

- ✓ Elimination of pre-set waivers
- ✓ Increased provider satisfaction
- ✓ Reduced administrative burden for providers
- ✓ Increased opportunity for real-time decisions
- ✓ Expanded, member-focused decisions
- ✓ Decreased case review turn-around-times.
- ✓ Patients able to receive the right amount of care in a timely manner.

# Prior Authorization Process

# Information Required for Request

## Clinical information needed for requests:

- Patient's subjective complaints, objective examination findings, and level of function.
- Baseline clinical information from the initial evaluation.
- Current clinical information from follow-up visit.
- Provider's impression of the member's response to therapy (follow-up visits).
- Information from patient-reported functional outcome measures, progress notes, and/or clinical worksheets.
- Complexities that will impact the therapy plan of care.

# Prior Authorization Process | Clinical Information

## Clinical Information – What EviCore needs and why we need it:

- Clinical information is required to determine whether the services requested are medically necessary.
- Use clinical worksheets located at EviCore.com as a guide to determine what clinical information is required.
  - The **clinical worksheets** are specific to conditions and designed to assist with the submission of the patient and provider information for medical necessity review.
  - Worksheets should be used as a guide for questions and the provider will be prompted to answer when completing the online requests.
  - These worksheets should be completed by the provider during the initial consultation/evaluation and treatment planning, collecting the clinical information to allow for ease of submission.
  - Physical & occupational therapy requests have the ability for a real time decision for the first **two (2)** requests for an episode of care.
- Be prepared to provide patient-reported functional outcome measures with your submission (for example: ODI, NDI, DASH/QuickDASH, LEFS, HOOS JR, KOOS JR).
- Clinical information should be current – typically something collected within **14 days** prior of the request.
- **Missing or incomplete clinical information will delay case processing.**

# Prior Authorization Process

## Clinical Pathway

- Simplified approach to clinical collection attempting to reduce administrative efforts for providers.
- Improves the ability to receive a real time decision when submitting a request via the web or phone.
- “Gets out of the way” of providers who are practicing efficiently and effectively.
- Adds quality measures via inclusion of patient reported functional outcomes.
- Uses data collected over the years from claims data (managed and unmanaged) to set the average number of visits for a condition.
- Acknowledges complexities that may require a greater frequency or intensity of care.
- Allows providers to provide additional information for cases that are not “average.”

# Link to Clinical Worksheets | Physical & Occupational Therapy

Start at EviCore.com, click on **Resources**.

From the Resources dropdown, select **Clinical Worksheets**.

Select Musculoskeletal: **Therapies**.

Enter **Health Plan** name in the search field.

The PT-OT **worksheets** will be listed under the **Physical & Occupational Therapy** header.

# Tips to Improve Efficiency

## Medical Necessity and Patient-Focused Care

### **The member's needs determine medical necessity.**

- The member's clinical presentation and specific needs are the primary factors considered when determining medical necessity.
- The physician's prescription for treatment frequency and duration does not demonstrate medical necessity.

### **Review medical necessity regularly.**

- The member's response to care should be evaluated each visit to allow modification of the treatment plan based on the member's current status.
- Complete a review of continuing medical necessity at least every **30 days**. This allows you to assess how the member is responding to treatment.
- Clinical documentation should include the member's response to care, functional improvement, and remaining functional deficits.
- Consider whether the skills of a provider are still necessary and, if it is, identify the specific interventions that require that skill.

# Prior Authorization Process

## If you are requesting authorization before treatment begins:

- Complete your initial evaluation, then submit for prior authorization within **two (2) business days**. The initial evaluation **does not** require prior authorization.
- Start date should be the **first day of treatment** (Date of initial evaluation or visit following if treatment was not provided during the initial evaluation visit).
- When requesting ongoing or continuing care, you can submit up to **seven (7) calendar days** prior to the next start date for authorization.
- Notification requires submission of the following information:
  - Patient demographics
  - Provider demographics
  - Minimal clinical information
    - Type of condition
    - Post-surgical therapy? If so, please provide the date of surgery.
    - Functional outcome measures
- If there was prior therapy, questions will be asked to determine if this is a new condition.

# Prior Authorization Process

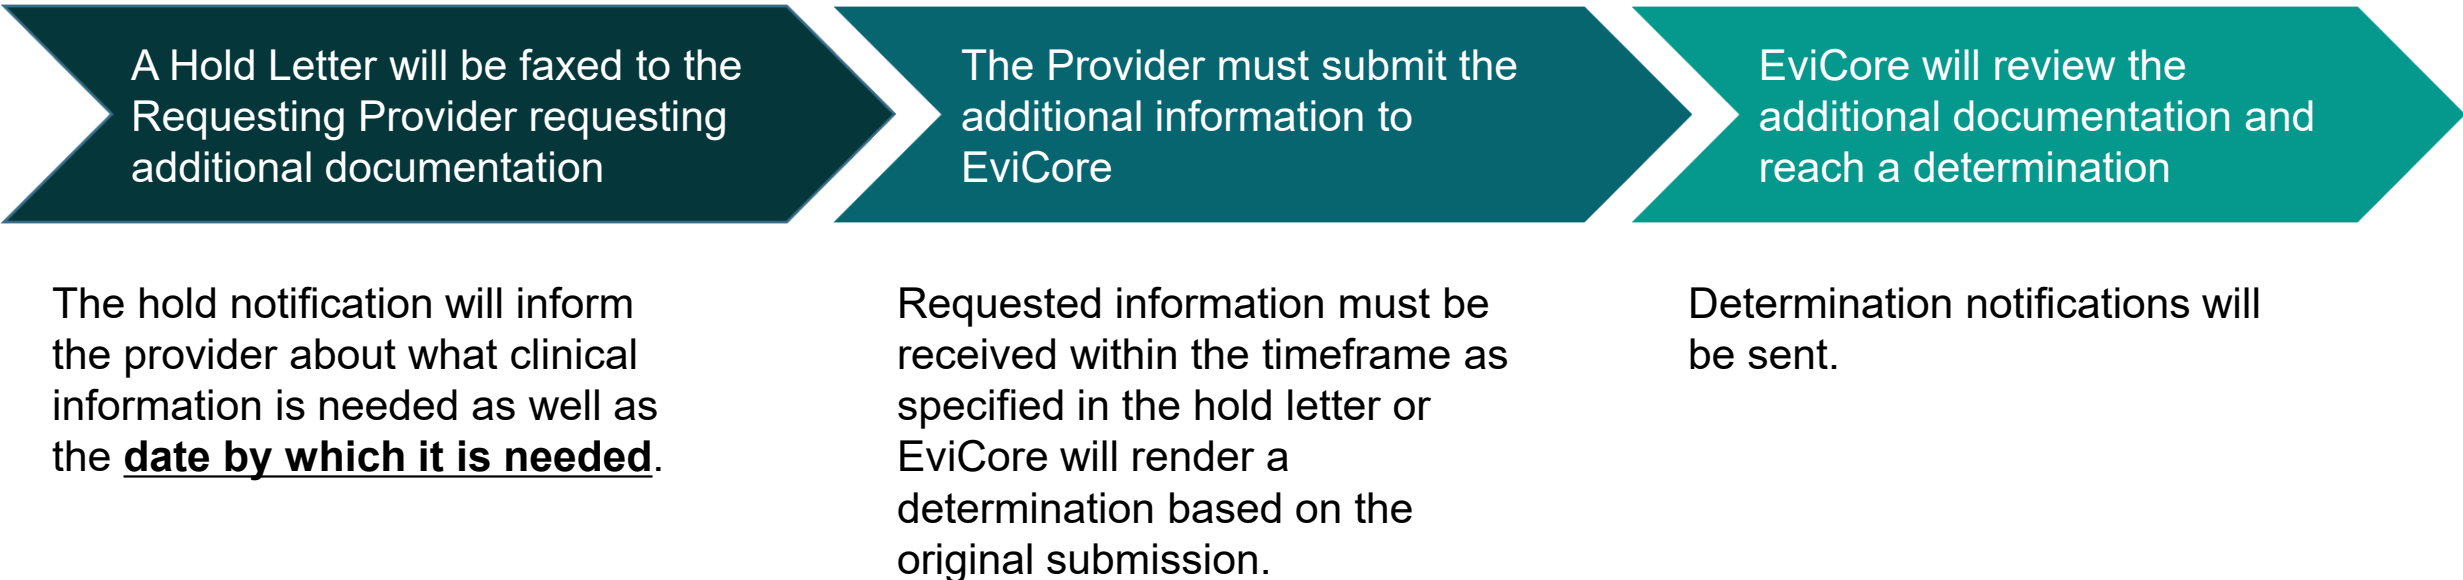

## How to Request Additional Visits:

- Additional visits may be requested as early as **seven (7) calendar days** prior to the requested start date.
- The **start date** will be the first date you need additional visits to begin.
- Clinical information should be **current**. Recommended timeframes:
  - Adult and non-developmental pediatric patients = **14 calendar days**
  - Developmental pediatric patients = **30 calendar days**
- Use the appropriate **Clinical Worksheet** as a guide. Please provide initial and current functional outcome measure scores.
- If condition is complex or the worksheet does not capture aspects of the condition you want to convey, this information can be given as “additional information” via upload, fax, or text box summary.
- Address any complexities that will impact the therapy plan of care.
- Provider’s impression of the member’s response to care.

# Insufficient Clinical | Additional Documentation Needed

## Additional Documentation to Support Medical Necessity

If during case build all required pieces of documentation are not received, or are insufficient for EviCore to reach a determination, the following will occur:

# Prior Authorization Process | Important Concepts

## Authorization Decisions Include:

- Visits or units (depending on health plan)
- Approved time period (i.e., six visits authorized from 1/1/25 to 1/31/25)
- EviCore recommends approved visits be spread over the approved period to prevent a gap in care.

## Overlapping Requests

- Request for more visits within the existing approved time period.
- Review to determine if additional visits are medically necessary.

## Date Extensions

- Date extensions are available if you are unable to use all visits within the approved period.
- Extend for the period that is needed up to a maximum of **30 days**.
- The extension must be requested prior to the expiration of the authorization.
- Extensions can be requested by phone or on the Provider Portal.

**Attention!**

Physical Therapy, Occupational Therapy, Speech Therapy, Massage Therapy, Chiropractic Care, and Acupuncture services are eligible for case duplication and date extensions. Are you requesting one of these services?

Date Extension

Continuing Care

Continue to Build a New Case

Requests for Spine Surgery, Joint Replacement, Arthroscopy, and Pain Management, please select "Continue to Build a New Case"

# Prior Authorization Process | Important Concepts

## Treating Multiple Conditions within the Same Authorization Period

- If you are treating multiple conditions within the same period, there is no need to request authorization for treatment for each condition.
- The authorization covers all conditions treated within the same period of time.
- If a member is receiving treatment from a different therapist within the same clinic with a new plan of care for a specialty condition (vestibular treatment, wound care, etc.), then a separate authorization may be indicated. Be sure to submit under the appropriate ICD10 code and state this request is for a new condition by a different therapist.

# Prior Authorization Outcomes, Special Considerations & Post-Decision Options

# Prior Authorization Outcomes

## Determination Outcomes:

- **Approved Requests:** Authorizations are valid for up to **90 calendar days** from the date of approval.
- **Partially Approved Requests:** In instances where multiple CPT codes are requested, some may be approved and some denied. In these instances, the determination letter will specify what has been approved as well as post decision options for denied codes, including denied Site of Care (if applicable).
- **Denied Requests:** Based on evidence-based guidelines, if a request is determined as inappropriate, then a notification with the rationale for the decision and post decision/ appeal rights will be issued.

## Notifications:

- Authorization letters will be faxed to the ordering provider.
- Web initiated cases will receive e-notifications when a user opts to receive.
- Members will receive a letter by mail.
- Approval information can be printed on demand from the EviCore portal: [www.EviCore.com](http://www.EviCore.com)

# Post-Decision Options | Commercial & Medicaid Members

## My case has been denied. What's next?

- Your determination letter is the best immediate source of information to assess what options exist on a case that has been denied.
- You may also call EviCore at **877-791-4104** to speak with an agent who can provide available option(s) and instruction on how to proceed.
- Alternatively, select “All Post Decisions” under the authorization lookup function on [EviCore.com](https://www.evicore.com) to see available options.

## Reconsiderations

- Reconsiderations must be requested within **60 calendar days** of the determination date.
- Reconsiderations can be requested in writing or verbally via a Clinical Consultation with an EviCore physician.

## Appeals

- EviCore will process first-level appeals.
- Appeal requests can be submitted in writing or verbally within **180 calendar days** of the initial determination.
- Please refer to the denial letter for instructions.

# Post-Decision Options | Medicare Members

## My case has been denied. What's next?

### Clinical Consultation

- Providers can request a Clinical Consultation with an EviCore physician to better understand the reason for denial.
- Once a denial decision has been made, however, the decision cannot be overturned via Clinical Consultation.

### Reconsideration

- Medicare cases **do not** include a reconsideration option.

### Appeals

- EviCore **will not** process first-level appeals for Medicare members.

# Special Circumstances

## Retrospective (Retro) Authorization Requests

- Must be submitted within **30 calendar days** from the date of services.
- Retro requests submitted beyond this timeframe will be administratively denied.
- Reviewed for clinical urgency and medical necessity.
- Retro requests are processed within 30 calendar days
- When authorized, the start date will be the submitted date of service.

## Urgent Prior Authorization Requests

- EviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the member.
- Can be initiated on provider portal or by phone.
- Urgent cases are typically reviewed within 24 to 72 hours.

# Special Circumstances

## Alternative Recommendations

- An alternative recommendation may be offered, based on EviCore's evidence-based clinical guidelines.
- The ordering provider can either accept the alternative recommendation or request a reconsideration for the original request.

## Authorization Update

- If updates are needed on an existing authorization, you can contact EviCore by phone at **877-791-4104**.
- While EviCore needs to know if changes are made to the approved request, any change could result in the need for a separate clinical review and require a new request (and the original approved request would need to be withdrawn).
- If the authorization is not updated, it may result in a claim denial.

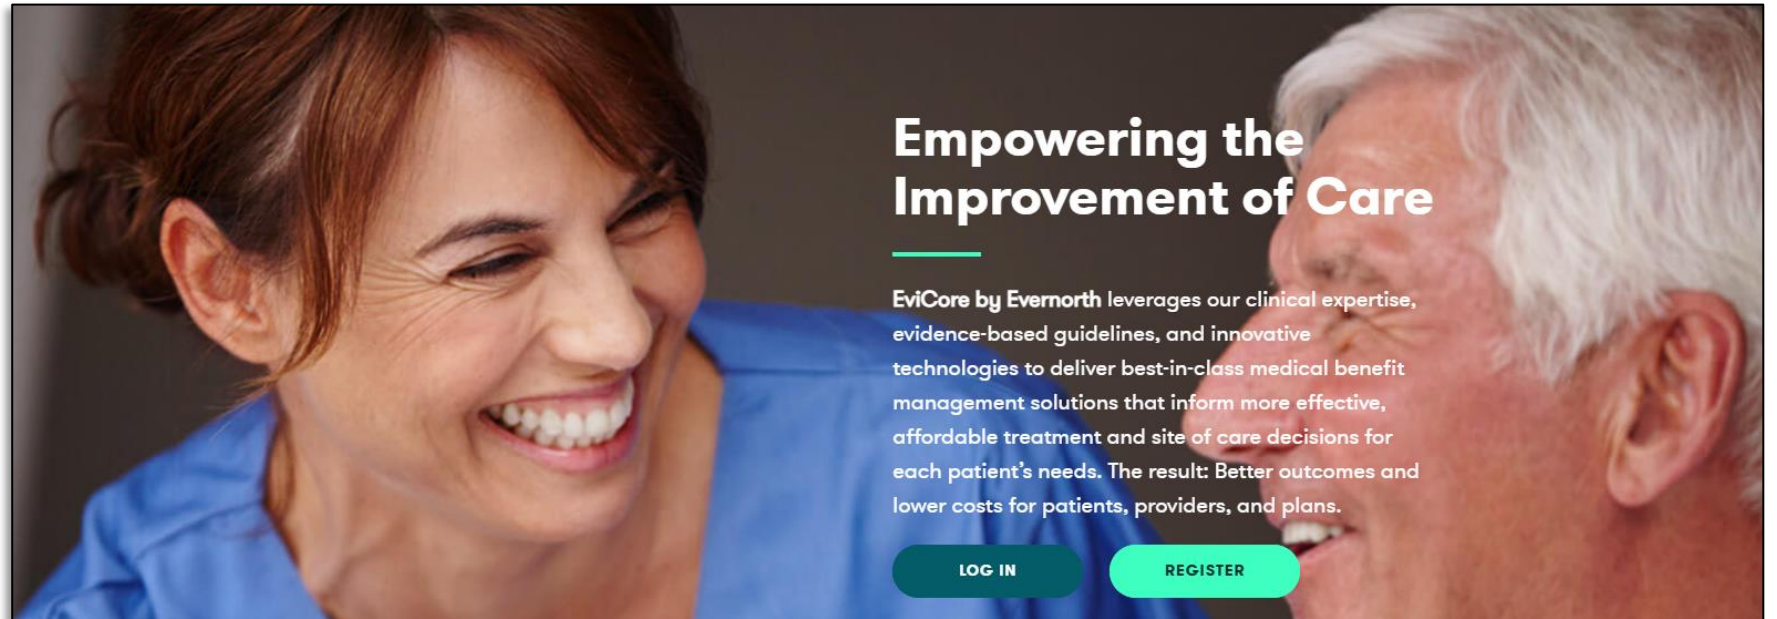

# Provider Portal Overview

# EviCore Provider Portal | Access and Compatibility

Most providers are already saving time submitting clinical review requests online vs. telephone.

- To access resources on the EviCore Provider Portal, visit [EviCore.com](https://www.evicore.com)
- Already a user? **Log in** with User ID & Password.
- Don't have an account? Click **Register Now**.

EviCore's website is compatible with **all web browsers**. If you experience issues, you may need to **disable pop-up blockers** to access the site.

# Creating an EviCore Provider Portal Account

The screenshot shows the EviCore registration form with the following sections and fields:

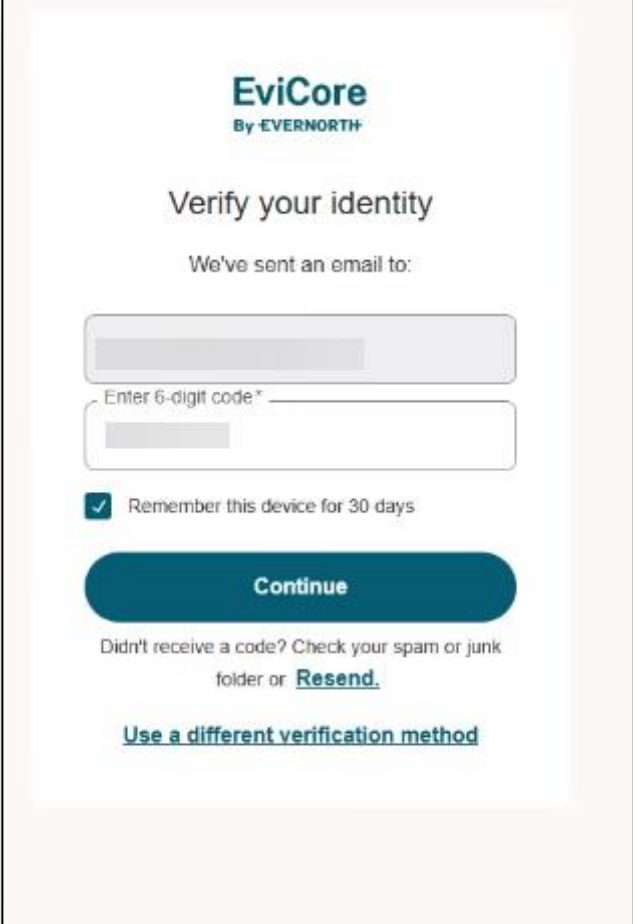

- EviCore By EVERNORTH** (Header)
- User Information** (Section header) with a **Next** button in the top right corner.
  - First Name**: Enter first name
  - Last Name**: Enter last name
  - User Name**: Create user name
- Contact Info** (Section header)
  - Email**: Enter email
  - Confirm Email**: Confirm email
  - Phone**: Phone number
  - Ext (optional)**: Extension
- Physician/Facility Information** (Section header)
  - Individual NPI**: Enter NPI
  - Tax ID**: Enter Tax ID

- Complete the User Information section in full and **Submit Registration**.
- You will immediately be sent an email with a link to verify your account and create a password. Once you have created a password, you will be redirected to the login page.

# Setting Up Multi-Factor Authentication (MFA)

To safeguard your patients' private health information (PHI), we have implemented a multi-factor authentication (MFA) process.

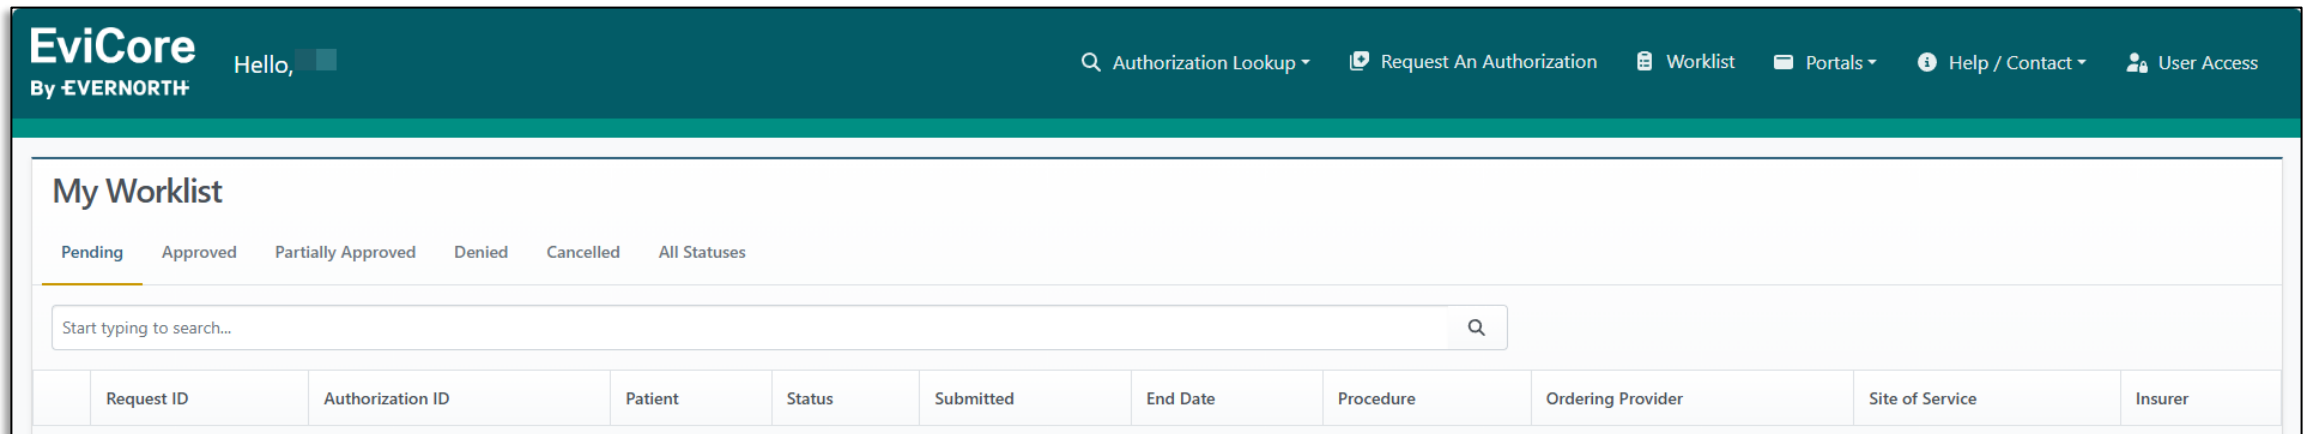

- After you log in, you will be prompted to register your device for MFA.
- Choose which authentication method you prefer: Email or SMS. Then, **enter your email address or mobile phone number.**
- Once you select **Send PIN**, a 6-digit pin will be generated and sent to your chosen device.
- After entering the provided PIN in the portal display, you will successfully be authenticated and logged in.

The screenshot shows a mobile application interface for EviCore, a subsidiary of Evernorth. At the top, the EviCore logo is displayed with 'By EVERNORTH' underneath. The main heading is 'Verify your identity'. Below this, it says 'We've sent an email to:' followed by a blurred email address. There are two input fields: the first is for the email address (blurred) and the second is for a 6-digit code, with the label 'Enter 6-digit code\*'. Below the code field is a checkbox labeled 'Remember this device for 30 days' which is checked. A large teal 'Continue' button is positioned below the checkbox. At the bottom, there is a link that says 'Didn't receive a code? Check your spam or junk folder or [Resend.](#)' and another link below it that says '[Use a different verification method](#)'.

# Portal Access

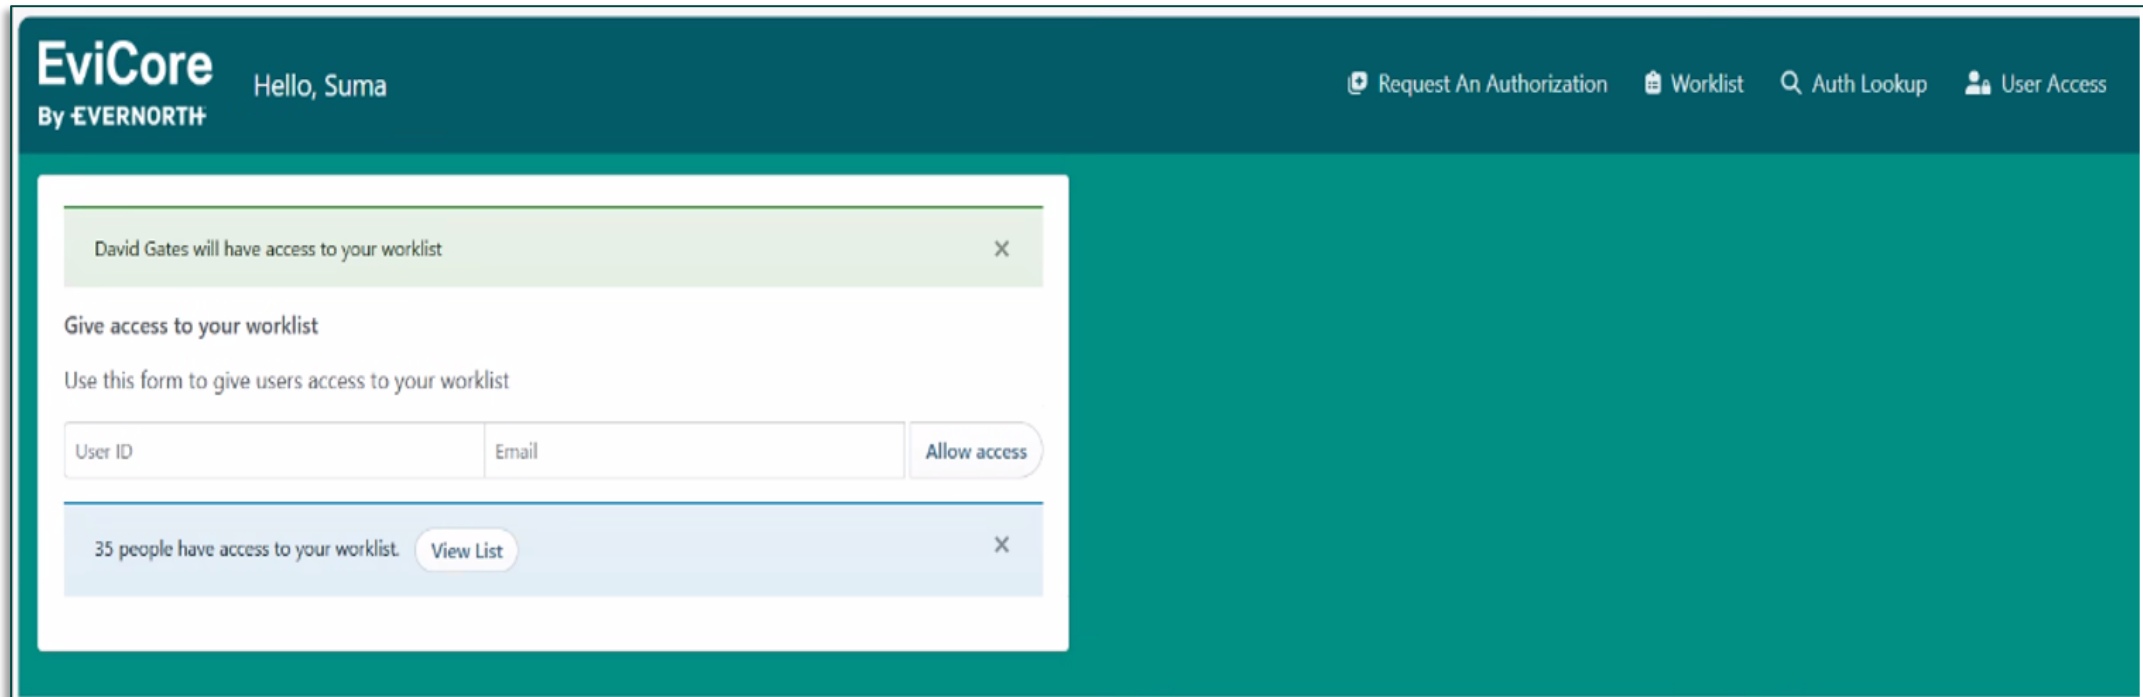

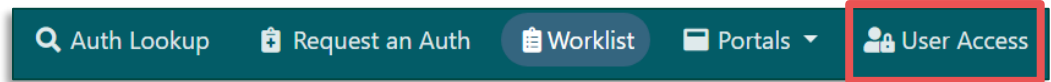

- Access EviCore’s provider portal at [www.EviCore.com](http://www.EviCore.com).
- If you do not already have a user account, click **Register Now** and complete the online registration form. Follow the instructions to create your password and set up multi-factor authentication (MFA).
- Login using your new or existing login credentials.
- You will now land on your Unified Worklist where you can conduct an **Authorization Lookup**, **Request an Authorization**, manage your cases via your **Worklist**, and share your worklist with other users via **User Access**.
- You can also go directly to the portal to build your request and/or manage your cases.

**Need more info on UPX?** Visit [www.eviCore.com/provider](http://www.eviCore.com/provider) → Video Resources for self-service training or click **Register Now** to join a session.

# Provider Shared Worklist

To allow others to view your worklist while you are out of the office, you can add them by selecting **User Access** and add their user ID and email address. They must have an EviCore account to be added.

**Need more info on UPX?** Visit [www.eviCore.com/provider](http://www.eviCore.com/provider) → Video Resources for self-service training or click **Register Now** to join a session.

If the case you are submitting is found NOT to meet one of the two conditions below, your case will be processed as a standard/routine, non Urgent request. If you have clinical information and this request meets the criteria for urgent, please indicate below.

In order for eviCore to process this case as clinically urgent you must upload clinical documentation relevant to this case. If you are unable to upload clinical documentation at this time contact eviCore to process this case as urgent.

Please indicate if any of the following criteria are true regarding urgency of this request :

A delay in care could seriously jeopardize the life or health of the patient or patient's ability to regain maximum function.

A delay in care would subject the member to severe pain that cannot be adequately managed without the care or treatment requested in the prior authorization.

None of the above

**Clinical Upload**

In order for eviCore to process this case as clinically urgent you must upload clinical documentation relevant to this case. If you are unable to upload clinical documentation at this time contact eviCore to process this case as urgent.
