Program Overview

Prior Authorization Services

Applicable Membership

- ACA Exchange (Commercial)
- Jefferson Health Plans CHIP
- Jefferson Health Plans EverWell (Medicaid)
- Medicare

Prior authorization applies to the following services

- Outpatient
- Elective/Non-emergent

Prior authorization does NOT apply to services performed in

- Emergency Rooms
- Observation Services
- Inpatient Stays

It is the responsibility of the ordering provider to request prior authorization approval for services.

Submitting Requests

How to Request Prior Authorization

The EviCore Provider Portal is the easiest, most efficient way to request clinical reviews and check statuses.

- **Save time:** Quicker process than requests by phone or fax.
- **Available 24/7.**
- **Save your progress:** If you need to step away, you can save your progress and resume later.
- **Upload additional clinical information:** No need to fax supporting clinical documentation; it can be uploaded on the portal.
- **View and print determination information:** Check case status in real time.
- **Dashboard:** View all recently submitted cases.
- **E-notification:** Opt to receive email notifications when there is a change to case status.
- **Duplication feature:** If you are submitting more than one request, you can duplicate information to expedite submissions.

To access the EviCore Provider Portal, visit **EviCore.com/provider**

Phone: 888-444-6178
Monday – Friday
7AM – 7PM (local time)

Fax: 800-540-2406

Utilization Management | Prior Authorization

Necessary Information for Prior Authorization

To obtain prior authorization on the very first submission, the provider submitting the request will need to gather information within four categories:

Member

- Health Plan ID
- Member name
- Date of birth (DOB)

Rendering Facility

- Facility name
- Address
- National provider identifier (NPI)
- Tax identification number (TIN)
- Phone & fax number

Referring (Ordering) Provider

- Physician name
- National provider identifier (NPI)
- Phone & fax number

Supporting Clinical

- Pertinent clinical information to substantiate medical necessity for the requested service
- CPT/HCPCS Code(s)
- Diagnosis Code(s)
- Previous test results

Insufficient Clinical | Additional Documentation Needed

Additional Documentation to Support Medical Necessity

If during case build all required pieces of documentation are not received, or are insufficient for EviCore to reach a determination, the following will occur:

Prior Authorization Outcomes, Special Considerations & Post-Decision Options

Prior Authorization Outcomes

Determination Outcomes:

- **Approved Requests:** Authorizations are valid for **240-425 calendar days** from the date of approval.
- **Partially Approved Requests:** In instances where multiple CPT codes are requested, some may be approved and some denied. In these instances, the determination letter will specify what has been approved as well as post decision options for denied codes, including denied Site of Care (if applicable).
- **Denied Requests:** Based on evidence-based guidelines, if a request is determined as inappropriate, then a notification with the rationale for the decision and post decision/ appeal rights will be issued.

Notifications:

- Authorization letters will be faxed to the ordering provider.
- Web initiated cases will receive e-notifications when a user opts to receive.
- Members will receive a letter by mail.
- Approval information can be printed on demand from the EviCore portal: www.EviCore.com

Post-Decision Options | ACA, CHIP, and Medicaid Members

My case has been denied. What's next?

- Your determination letter is the best immediate source of information to assess what options exist on a case that has been denied.
- You may also call EviCore at **888-444-6178** to speak with an agent who can provide available option(s) and instruction on how to proceed.
- Alternatively, select “All Post Decisions” under the authorization lookup function on **EviCore.com** to see available options.

Reconsiderations

- Reconsiderations can be requested in writing or verbally via a Clinical Consultation with an EviCore physician.
- Please refer to the determination letter for instructions.

Appeals

- EviCore **will not** process first-level appeals.
- Please refer to the denial letter for instructions.

Post-Decision Options | Medicare Members

My case has been denied. What's next?

Clinical Consultation

- Providers can request a Clinical Consultation with an EviCore physician to better understand the reason for denial.
- Once a denial decision has been made, however, the decision cannot be overturned via Clinical Consultation.

Reconsideration

- Medicare cases **do not** include a reconsideration option.

Appeals

- EviCore **will not** process first-level appeals for Medicare members.

Special Circumstances

Retrospective (Retro) Authorization Requests

- Retro requests are not allowed for the Medical Oncology program.
- Please contact the health plan for direction if treatment has taken place and the patient is continuing treatment.

Urgent Prior Authorization Requests

- EviCore uses the NCQA/URAC definition of **urgent**: when a delay in decision-making may seriously jeopardize the life or health of the member.
- Can be initiated on provider portal or by phone.
- Urgent cases are typically reviewed within 24 to 72 hours.

Special Circumstances

Alternative Recommendations

- An alternative recommendation may be offered, based on EviCore's evidence-based clinical guidelines.
- The ordering provider can either accept the alternative recommendation or request a reconsideration for the original request.

Authorization Update

- If updates are needed on an existing authorization, you can contact EviCore by phone at **888-444-6178**.
- While EviCore needs to know if changes are made to the approved request, any change could result in the need for a separate clinical review and require a new request (and the original approved request would need to be withdrawn).
- If the authorization is not updated, it may result in a claim denial.

Provider Portal Overview

- EviCore By EVERNORTH** (Header)
- User Information** (Section Header)
 - First Name: Enter first name
 - Last Name: Enter last name
 - User Name: Create user name
- Contact Info** (Section Header)
 - Email: Enter email
 - Confirm Email: Confirm email
 - Phone: Phone number
 - Ext (optional): Extension
- Physician/Facility Information** (Section Header)
 - Individual NPI: Enter NPI
 - Tax ID: Enter Tax ID
- Next** (Button)

- Complete the User Information section in full and **Submit Registration**.
- You will immediately be sent an email with a link to verify your account and create a password. Once you have created a password, you will be redirected to the login page.

Setting Up Multi-Factor Authentication (MFA)

To safeguard your patients' private health information (PHI), we have implemented a multi-factor authentication (MFA) process.

- After you log in, you will be prompted to register your device for MFA.
- Choose which authentication method you prefer: Email or SMS. Then, **enter your email address or mobile phone number**.
- Once you select **Send PIN**, a 6-digit pin will be generated and sent to your chosen device.
- After entering the provided PIN in the portal display, you will successfully be authenticated and logged in.

A screenshot of the EviCore MFA verification interface. At the top is the EviCore logo with 'By EVERNORTH' underneath. The main heading is 'Verify your identity'. Below this, it says 'We've sent an email to:' followed by a blurred email address. There are two input fields: the first is for the email address and the second is for the '6-digit code'. Below the code field is a checkbox labeled 'Remember this device for 30 days' which is checked. A large teal 'Continue' button is centered below the checkbox. At the bottom, there is a link that says 'Didn't receive a code? Check your spam or junk folder or [Resend](#).' and another link below it that says 'Use a different verification method'.

Portal Access

- Access EviCore's provider portal at www.EviCore.com.
- If you do not already have a user account, click **Register Now** and complete the online registration form. Follow the instructions to create your password and set up multi-factor authentication (MFA).
- Login using your new or existing login credentials.
- You will now land on your Unified Worklist where you can conduct an **Authorization Lookup**, **Request an Authorization**, manage your cases via your **Worklist**, and share your worklist with other users via **User Access**.
- You can also go directly to the portal to build your request and/or manage your cases.

The screenshot displays the EviCore provider portal interface. At the top, a dark teal header bar contains the EviCore logo (By EVERNORTH), a greeting 'Hello, [user]', and navigation links: 'Authorization Lookup', 'Request An Authorization', 'Worklist', 'Portals', 'Help / Contact', and 'User Access'. Below the header, the 'My Worklist' section is visible, featuring tabs for 'Pending', 'Approved', 'Partially Approved', 'Denied', 'Cancelled', and 'All Statuses'. A search bar with the placeholder 'Start typing to search...' is present. Below the search bar is a table with the following columns: Request ID, Authorization ID, Patient, Status, Submitted, End Date, Procedure, Ordering Provider, Site of Service, and Insurer.

Need more info on UPX? Visit www.eviCore.com/provider → Video Resources for self-service training or click **Register Now** to join a session.

Provider Shared Worklist

To allow others to view your worklist while you are out of the office, you can add them by selecting **User Access** and add their user ID and email address. They must have an EviCore account to be added.

A screenshot of the EviCore web application interface. The top header is dark teal with the EviCore logo and 'By EVERNORTH' on the left, and 'Hello, Suma' on the right. A navigation bar below the header contains 'Request An Authorization', 'Worklist', 'Auth Lookup', and 'User Access'. The main content area is teal. A white modal box is centered, titled 'Give access to your worklist'. It contains a green notification bar at the top stating 'David Gates will have access to your worklist' with a close button. Below this, it says 'Use this form to give users access to your worklist'. There are two input fields: 'User ID' and 'Email', followed by an 'Allow access' button. At the bottom of the modal, a blue bar states '35 people have access to your worklist.' with a 'View List' button and a close button.

Need more info on UPX? Visit www.eviCore.com/provider → Video Resources for self-service training or click **Register Now** to join a session.

Proceed to Clinical Information

You are about to enter the clinical information collection phase of the authorization process.

After answering the clinical question(s) on each screen you will need to hit the "Submit" button. For all of the clinical questions you must hit "Submit" before exiting the system. You will be asked to attest to the clinical information that you have provided. Hit "Submit" and your request for a prior authorization will be submitted for review.

Your answers to previous questions will be displayed on the lower portion of the screen. If you made an error during the clinical data collection process you can click on the question. The system will ask that you answer the question again and subsequent questions. You can use the "Finish Later" button, for Standard/Routines cases only, to save information and return to this case at a later time. This will save all case information recorded up to but not including the current screen.

Failure to formally submit your request by clicking the "Submit" button after the attestation will cause the request for a prior authorization to expire with no additional correspondence.

Proceed to Clinical Information

The National Comprehensive Cancer Network® (NCCN®) believes that the best management for any patient with cancer is in a clinical trial and that participation in clinical trials is especially encouraged. In some situations, trial participation may not be included in the patient's benefit plan design.

The following list represents potential treatment clinical trial matches in active and open enrollment status for this patient based on a search of the National Cancer Institute's (NCI) clinical trial database using the information gathered in this prior authorization request.

Trials are sorted in order of proximity between the patient's ZIP code and the nearest participating provider. This search result is limited to a maximum of 50. Please visit the NCI website www.cancer.gov if you would like to expand your search. By default, the following search result is filtered to Phase 2 and 3 clinical trials. You may customize the search result to particular states and clinical trial phases using the filters below.

If you would like more information on any of the clinical trials displayed, select the clinical trial(s) of interest, using the checkbox on the left and click "SUBMIT" to have more information sent to you. You may also click on the corresponding Trial ID and a new browser window will open with more information on that trial.

If you do not wish to receive more information on any clinical trials, click "SUBMIT" to continue without selecting any of the checkboxes.

If your patient's tumor contains a genetic abnormality, the MATCH (NCT02465060) and TAPUR (NCT02693535) clinical trials offer investigational targeted drug therapies for a wide variety of cancers.

The screenshot shows a software dialog box with a blue header bar containing the word "Attention!". Below the header, the text "Will treatments be billed under the same TIN as the ordering provider?" is displayed. There are two buttons: "Yes" on the left and "No" on the right. A dark teal callout box is overlaid on the bottom half of the dialog, containing the text: "Indicate if treatments will be billed under same tax id number as ordering provider."

Provider Resources

EviCore Communication Relationship Management (ECRM)

For program-related questions or concerns, please submit inquiries via the **EviCore Communication Relationship Management (ECRM)** application. Common issues addressed through ECRM include:

- Questions regarding accreditation and/or credentialing
- Requests for an authorization to be sent to the health plan
- Complaints and grievances
- Eligibility issues (member, rendering facility, and/or ordering physician)
- Issues experienced during case creation
- Reports of system issues
- Support for EviCore's provider portal
 - You can also call a web support specialist at 800-646-0418 (option 2), or
 - Chat with web support on the [EviCore Provider Resource page](#)

ECRM is available **24/7**. Users can login or register [HERE](#).

Additional Information about ECRM can be found on the [Providers' Hub](#).

Provider Resource Pages

EviCore's Provider Experience team maintains provider resource pages that contain material to assist providers and their staff on a daily basis. The provider resource page will include, but is not limited to, the following educational material:

- Provider training presentations
- CPT code lists
- Quick reference guides (QRG)

To access these helpful resources, please visit:

<https://www.EviCore.com/resources>

(Choose specific health plan from the dropdown menu)

EviCore also maintains online resources not specific to health plans, such as guidelines and our required clinical information checklist.

To access these helpful resources, visit EviCore's [Providers' Hub](#).

Ongoing sessions for Web Portal Training

- Provides step-by-step guidance on submitting requests through both the EviCore CareCore National platform and EviCore MedSolutions platform.
- Includes portal registration, authorization lookup, and scheduling Peer-to-Peer consultations.
