BCBSNM MA Prior Authorization Services

EviCore will begin accepting prior authorization requests for Proton Beam Therapy services on 10/1/2025 for dates of service 10/1/2025 and after.

Applicable Membership

- + Medicare Only

Prior authorization applies to the following services

- + Outpatient
- + Elective/Non-emergent

Prior authorization does NOT apply to services performed in:

- + Emergency Rooms
- + Observation Services
- + Inpatient Stays

Providers should verify patient eligibility and benefits prior to treatment.

Prior Authorization Services

IMPORTANT NOTE: Patients Currently in Treatment – Continuity of Care

If a patient is undergoing treatment before the start of the program, will the treatment need authorization?

- + BCBSNM MA will honor all radiation oncology courses of treatment that are in progress as of EviCore's management, effective 10/1/2025.
- + As such, the provider is not required to submit request for treatment that began prior to 10/1/2025 through EviCore. The start of treatment is defined as the first date of service whereby radiation therapy treatment was administered to the patient.
- + In addition, authorizations previously submitted through 9/30/2025 should **not** be resubmitted through EviCore.
- + Modifications to those existing authorizations, such as date extensions, are handled directly by the health plan. *Please contact the health plan to request any changes to an active authorization.*

Submitting Requests

Pre-service prior authorization workflow

Request is Approved

An **approval letter** with authorization information will be issued to both the provider and patient (mailed).

Request is Denied

A **denial letter with clinical rationale** for the decision and appeal rights will be issued to both the provider and patient.

Holistic Treatment Plan Review | Proton Beam Radiation Therapy

EviCore relies on information about the patient's unique presentation and physician's intended treatment plan to authorize all services.

- EviCore is only delegated to authorize Proton Beam Therapy. If alternative treatment is requested, your authorization will be expired, and you will be redirected to the health plan.
- Once in the EviCore portal, providers specify the cancer type or body part being treated rather than requesting individual CPT and HCPCS codes.
- The intended treatment plan for the diagnosis is compared to the evidence-based guidelines developed by our Medical Advisory Board.
- For Medicare Cases, LCD and NCDs are followed if there is one applicable to the treatment.
- Following review, the approved or denied treatment technique and number of fractions will be communicated to the provider and patient.

For questions about billing best practices or about the clinical guidelines utilized by EviCore, please visit the resource page on EviCore.com. Go to: EviCore.com → resources → clinical guidelines → Radiation Oncology → Search for “BCBS NM”

Necessary Information for Prior Authorization

To obtain prior authorization on the very first submission, the provider submitting the request will need to gather information within four categories:

Patient

- ✓ Health Plan ID
- ✓ Patient name
- ✓ Date of birth (DOB)

Referring (Ordering) Physician

- ✓ Physician name
- ✓ National provider identifier (NPI)
- ✓ Phone & fax number

Supporting Clinical

- ✓ Pertinent clinical information to substantiate medical necessity for the requested service
- ✓ CPT/HCPCS Code(s)
- ✓ Diagnosis Code(s)
- ✓ Previous test results

Rendering Facility

- ✓ Facility name
- ✓ Address
- ✓ National provider identifier (NPI)
- ✓ Tax identification number (TIN)
- ✓ Phone & fax number

Additional Documentation Needed

If during case build all required pieces of documentation are not received, or are insufficient for EviCore to reach a determination, the following will occur:

A hold letter will be faxed to the requesting provider requesting additional documentation.

The provider must submit the additional information to EviCore.

EviCore will review the additional documentation and reach a determination.

The hold letter will inform the provider about what clinical information is needed as well as the **date by which it is needed**.

Requested information must be received within the timeframe as specified in the hold letter, or EviCore will render a determination based on the original submission.

Determination notifications will be sent.

I've received a request for additional clinical information. What's next?

Before a denial decision is issued on Medicare cases, EviCore will notify providers telephonically and in writing. From there, additional clinical information must be submitted to EviCore in advance of the due date referenced.

Important to note: If the additional clinical information is faxed/uploaded, that clinical is what is used for the review and determination. The case is not held further for a Pre-Decision Clinical Consultation, even if the due date has not yet lapsed.

Once the determination is made, notifications will go out to the provider and patient, and status will be available on [EviCore.com](https://www.evicore.com)

There are three ways to supply the requested information:

1. Fax to 866-252-1117
2. Upload directly into the case via the provider portal at [EviCore.com](https://www.evicore.com)
3. Request a Pre-Decision Clinical Consultation
This consultation can be requested via the EviCore website (see slide 48 for instructions), and must occur prior to the due date referenced

Prior Authorization Outcomes, Special Considerations & Post-Decision Options

Prior Authorization Determination Outcomes

Determination Outcomes

- + Approved Requests: Authorizations are valid for 45-240 calendar days from the date of the determination.
- + Denied Requests: If a request is determined as inappropriate based on evidence-based guidelines, a notification with the rationale for the decision and post-decision/ appeal rights will be issued.

Notifications

- + Authorization letters will be faxed to the ordering physician.
- + Web-initiated cases will receive e-notifications if a user opted in to this method.
- + Members will receive a letter by mail.
- + Approval information can be printed on demand from the [EviCore portal](#).
