

AETNA VASCULAR INTERVENTION PROVIDER ORIENTATION SESSION SCHEDULE

Aetna has partnered with eviCore healthcare to provide patients with access to high quality, medically appropriate care that is consistent with evidence-based guidelines. As part of these efforts, certain Vascular Intervention procedures will require prior authorization for Aetna Medicare and Commercial Fully-Insured members, effective for dates of service 9/1/23 and beyond.

Beginning in August 2023, eviCore healthcare will be leading online orientation sessions designed to assist provider staff with the program changes. These sessions will include information about the prior authorization process, accessing information from the eviCore website, and a question-and-answer period.

Registration

All online sessions require advance registration. Each online orientation session is free of charge and will last approximately one hour. All sessions are scheduled in WebEx to reflect Central Time.
